## NEWS BY TELEGRAPH.

NEW YORK, Sept. 18.

Reports from Memphis this morning  
state that the situation there is becoming  
more frightful hourly; 96 deaths and 205  
new cases reported yesterday, and physi-  
cians and nurses are rapidly diminishing  
from pure exhaustion; 306 new cases and  
81 deaths at New Orleans yesterday, and  
at Vicksburg, 22 deaths and 60 new cases.  
Mortality at other points in Mississippi not  
so great.

LONDON, Sept. 18.

It is reported that a violent eruption of  
Mount Hecla occurred August 22.

A correspondent at Berlin hears from the  
highest authority that Von Beust, the  
Austrian ambassador at London, has re-  
signed, and that Count ——— succeeds  
him in November.

VIENNA, Sept. 18.

The following report is official: Burning  
and bombardment of Brezka from River  
Save, not having sufficed to silence the in-  
surgent guns there, the Austrians on Tues-  
day attacked the town by land on both  
sides and captured it after a desperate re-  
sistance, which lasted till 8 o'clock in the  
evening. The losses are not yet known.

In the movements prior to the capture of  
Brezka, the Austrians captured Krezpic  
and Dubrava to the westward of Breska,  
after prolonged and stubborn fighting.

LONDON, Sept. 18.

A Belgrade despatch says friendly rela-  
tions exist between the Albanian leaders  
and the Servian frontier commanders.

A despatch to the *Pall Mall Gazette* from  
Therapia says the Russian General Skobe-  
loff has publicly declared that Russia will  
keep an army of 100,000 men in Bulgaria  
and 45,000 men in Roumelia, notwith-  
standing the Treaty of Berlin.

BERLIN, Sept. 18.

The *North German Gazette* intimates that  
Germany will probably take no further  
steps at present for joint remonstrance  
against the Porte's tardy execution of the  
Treaty of Berlin, as circumstances have  
changed by the evacuation of Batoum, and  
by the Porte otherwise exerting itself more  
actively to fulfil the Treaty.

BOMBAY, Sept. 18.

The native envoy sent to Cabul to pave  
the way for General Chamberlain's mission  
has been well received. He handed the  
Ameer letters for the Viceroy. The envoy,  
believed to be the bearer of letters from  
the Ameer, is hourly expected at the fron-  
tier. Chamberlain is at Thestaur, await-  
ing the expected communication.

LONDON, Sept. 18.

In a speech at York, to-day, James Low-  
ther, Chief Secretary of Ireland, said that  
Europe will scarcely view patiently the re-  
opening of the Eastern question by the in-  
ordinate ambition of Greece.

LONDON, Sept. 18.

Subscriptions have been opened in Paris  
for the yellow fever sufferers, at the news-  
paper offices, the U. S. legation and con-  
sulate, and at the Exposition.

Mr. Elbridge L. Hill, a well-known rail-  
road man of Boston, committed suicide in  
the Parker House in that city on Monday  
night. No cause is assigned for the act.

The grand jury in the notorious Cobb-  
Bishop poisoning case at Norwich, Conn.,  
after three days' hearing of the facts, found  
on Monday true bills against both Wesley  
Bishop and Mrs. Cobb, for murder in the  
first degree. The final trial will take place  
at the November term of the Superior  
Court. Particulars of this case were pub-  
lished some time ago in the "Telegraph."

Dean Stanley, of Westminster, arrived  
in Boston on Monday by the Cunard steam-  
ship *Siberia*.

A Chicago special says the frosts of the  
last three nights have done no damage to  
the corn crop of the west and northwest.

Gambetta, yesterday, addressed an audi-  
ence of 10,000 persons in a town in the de-  
partment of Drome in justification of the  
Republican policy. He was enthusiastically  
received.

The American rifle team of 1878, in the  
absence of foreign teams, will shoot a  
"walk over" match at Creedmore on Tues-  
day and Wednesday next.

## An Astonishing Fact.

A large proportion of the American peo-  
ple are to-day dying from the effects of  
Dyspepsia or disordered liver. The result  
of these diseases upon the masses of in-  
telligent and valuable people is most alarm-  
ing, making life actually a burden instead  
of a pleasant existence of enjoyment and  
usefulness as it ought to be. There is no  
good reason for this, if you will only throw  
aside prejudice and skepticism, take the  
advice of druggists and your friends, and try  
one bottle of Green's August Flower. Your  
speedy relief is certain. Millions of bottles  
of this medicine have been given away to  
try its virtues, with satisfactory results in  
every case. You can buy a sample bottle  
for 19 cents to try. Three doses will re-  
lieve the worst case. Positively sold by all  
druggists on the Western Continent.

Of Longfellow's five children, Onslow,  
the eldest, is married and in business in  
Boston; Ernest is a painter, studying in  
Europe; Alice, the eldest daughter, is a  
writer; Edith is now Mrs. Richard H.  
Dana, 3rd; and Anna is literary in her in-  
clinations.

## Mr. Goldwin Smith on the Poli- tical Leaders.

The following letter is taken from a  
Toronto contemporary:—

"Sir, - I perceive that Mr. Brown has  
been imputing to me, through his organ,  
some sinister and dishonest motive for  
avowing my conviction that, in our present  
circumstances, our best chance of obtaining  
a Government on a broad basis and a re-  
pite from the dangerous excesses of party  
strife, is the restoration to power of Sir  
John McDonald.

"Imputations of sinister and dishonest  
motives I will leave to find their own level,  
which will not be higher than their source.  
But I will confess that, to my mind, an ad-  
ditional reason for desiring the restoration  
of Sir John McDonald is that he alone, as  
matters now stand, can save the country  
and the public service from being domi-  
nated, for years to come, by the narrow and  
vindictive mind of a man who never, in the  
whole course of his long public life, has  
been generous or even just to an opponent.

"Yours faithfully,  
"GOLDWIN SMITH."

## What to Teach Girls.

Teach them self reliance.  
Teach them to be bread.  
Teach them to make shirts.  
Teach them not to paint or powder.  
Teach them to wear thick, warm shoes.  
Teach them how to make their own  
dresses.

Teach them how to wear calico dresses,  
and do it like a queen.

Teach them accomplishments—music,  
painting, drawing—if you have money  
enough of your own to do it with.

Teach them the essentials of life—truth,  
honesty, uprightness—and, at a suitable  
time, let them marry.

A farmer whose cows were sick was ad-  
vised to dose them plentifully with whiskey.  
He did so, and was rewarded with a choice  
variety of corned beef.

Only a small percentage of men love  
their glass, but every mother's daughter  
dotes on hers.

Those we shall Miss—Our daughters till  
they are married.

There's a bright side to every woman's  
character; the only trouble is they don't  
exhibit it very often—unless she wants a  
new bonnet or a pair of shoes with three  
cent pieces for heels.
