

IMITATION IS THE SINCEREST FORM OF FLATTERY.

The best proof that

MINARD'S LINIMENT

has extraordinary merits, and is in good repute with the public, is that IT IS EXTENSIVELY IMITATED. The imitations resemble the genuine article in appearance only. They lack the general excellence of Genuine.

This notice is necessary, as injurious and dangerous imitations, called WHITE LINIMENT, &c., liable to produce chronic inflammation of the skin, are often substituted for MINARD'S LINIMENT by Dealers, because they pay a larger profit.

They all Sell on the Merits and Advertising of MINARD'S.

One in particular claiming to be made by a former proprietor of MINARD'S LINIMENT, which simply is a lie.

THE ONLY HELP.

A Victim of Bright's Disease For Many Years—Cured by Dodd's Kidney Pills.

Nepawa, June 4.—Mrs. T. H. McKee, formerly of Listowel, came here as a last resort. Had suffered ten years with Bright's Disease. Reported to be past help and dying, her reappearance on the street in apparent good health was a pleasant surprise. The explanation given was that her little boy had insisted that she should use Dodd's Kidney Pills and promised that they would cure her. She says:—"From the first few doses I began to feel better, and after taking four and a half boxes, I say it with my heartfelt gratitude, I am perfectly cured." Dodd's Kidney Pills is the only medicine in the world that has ever cured a case of Bright's Disease at such a stage.

A wise woman never takes the world into her confidence about her troubles on her family affairs.

Minard's Liniment Lumberman's Friend.

When you are tempted to complain on your lot in life visit a hospital full of crippled children.

Imagination is that faculty which enables us to believe that the things we want and can't have are a great deal better off without.

When It Hurts to Cough.

The cough that hurts, the cough that gets tight in the chest, is daily getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption. Such coughs yield only to the wonderful efficiency of Dr. Chase's Syrup of Limes and Turpentine which loosens the tightness and cures cough and cold together. 25 cents a bottle. Family size 60 cents, sold everywhere.

One of the hardest things to forgive in this world is the success of your equal.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All cures return the money if it fails to cure. Dr. E. W. Grove's signature is on each box.

To more than one young couple matrimonial ties become a very knotty problem.

Minard's Liniment is used by Physicians

Lots of women dress shabbily in the morning because no one will be around to see.

Keep Minard's Liniment in the House.

What Is Dr. Chase's Nerve Food?

In appearance Dr. Chase's Nerve Food is an oval; chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong (and healthy) 50 cents a box.

Ask for Minard's and take no other.

To Hotel and Boarding House Keepers

If all those who are desirous of accommodating summer tourists and others during the coming season will send their address to THE EXAMINER office we will be happy to compile a list and forward to the different agencies which make a business of furnishing such information to the travelling public. Particulars regarding rates, distance from Charlottetown, surroundings of hotel, mails, nearness to railway and bathing, etc., should be mentioned when writing us.

DAIRY INDUSTRY IN DANGER.

UNCLEANLINESS THE CAUSE—BETTER SANITARY CONDITIONS NECESSARY.

(The Farming World.)

As the warm weather approaches the unsanitary conditions around cheese factories and creameries begin to show themselves. One of the persistent and most frequent sources of such conditions is the whey tank and its surroundings. If neglected and allowed to get out of gear and to become filthy through uncleanness it becomes a breeding ground for all kinds of injurious germ life and a menace not only to the quality of the dairy products turned out, but also to the health of the people living in the locality. If the whey tank shows neglect and carelessness on the part of those responsible for it being kept in good shape, it is able to conclude that the sanitary conditions of the factory itself are not of the very best. The whey tank then may be taken as a sort of barometer, which shows the extent to which cleanliness is observed by the maker in all his work.

That urgent and effective measures are needed along this line is only too true. Only the other day Mr. R. M. Ballantyne, Stratford, Ont., one of the largest cheese exporters in western Ontario, and who has recently returned from a visit to Great Britain, stated that there is a tremendous prejudice there against cheese from the district west of Toronto. On this matter he is credited in one of our local exchanges with the following statement:

"The chippy or dry cheese and onion-flavored cheese have been so numerous that the name of the cheese coming from this district simply stinks in the nostrils. And the reason for this is, that the makers are not particular enough as to their surroundings. The ill flavored cheese comes from dirty factories and dirty farmers. You have been in some of the factories where the maker is wearing an unclean apron, the factory itself has a dirty appearance, and no heed is paid to cleanliness in taking and preparing the milk. All this has had a bad effect on the cheese and from this part of the province, and the factorymen can never hope to make cheese that will be satisfactory to the English dealer until they learn the lesson of cleanliness. Dirty surroundings are responsible for it all."

The above is a pretty strong indictment, and coming as it does, from one whose interests are identical with those of the dairy industry of the western part of this province, should serve to stir up makers and others to do better work. Conditions as to cleanliness and filthy surroundings can be brought under complete control if proper and persistent methods are adopted, and there is no excuse whatever for such a state of affairs as is reported to exist

Silver Spring Brewery,

SHERBROOKE, P. Q.

S. C. NUTTER, Prop.

The Ale and Porter of the above Brewery are vastly superior to the goods produced by any other Brewery in the Dominion, and in order to give everyone a chance to sample them, we beg to quote the following low prices for cash:

Per hhd.	16.50
Per half do.	8.25
Per 1/2 do.	4.25
Per doz quarts.	1.50
Per doz pints.	.85

Delivered in any part of the city, steamers or trains.

A. MACDONALD,
Sole Agent for P. E. I.

Quality and Price

Are two of the most important points to consider in buying anything. We make them our speciality in stationery. Quality—the best in time and texture; prices as low as can be sold. See our stock and prices—that's our best argument.

MITCHELL'S BOOKSTORE

Queen Street
Opp. Prowse's.....

in the above quotation. If the doors, whey tanks, drainage, etc., are out of repair and not in a condition to be kept clean and sweet, the maker should insist upon then being put in good condition at once. If the factory and surroundings are in good shape, and filthy and dirty surroundings are due to the maker's neglect, then he should be made to remedy matters at once or, to use an up-to-date phrase, "quit the job." There is no room for half-way measures or for dilly-dallying with this matter. A virulent disease requires urgent and strong remedies. A dangerous disease seems to have found its way into the dairy industry of one-half of this province and strong and effective remedies are needed, and the sooner they are applied the better. It is hardly necessary for us to state what these remedies are. Every maker and every patron knows or should know what they are. They may be summed up in the one word—cleanliness; cleanliness applied by the patron in caring for the mild and cleanliness applied by the maker in keeping himself, his factory and its surroundings in the best sanitary condition. With this remedy properly applied there is good reason to believe that Western Ontario will soon acquire its former good name and reputation for fine-favored cheese.

HEART DISEASE

is a symptom of Kidney Disease. A well-known doctor has said, "I never yet made a post-mortem examination in a case of death from Heart Disease without finding the kidneys were at fault." The Kidney medicine which was first on the market, most successful for Heart Disease and all Kidney Troubles, and most widely imitated is
