

To the Free and Independent Electors of the Third District of Prince County.

GENTLEMEN.—Having accepted the office of "The Commissioner of Public Lands," at the earnest request of the members of the Liberal Party in the House of Assembly, and of many other friends unconnected with the Legislature, my seat as one of your Representatives has consequently become vacant. This step on my part involves a new Election, and I am desirous to take the earliest opportunity to solicit your suffrages as a Candidate for the representation of your district.

I trust I am sufficiently well known to you all to render it unnecessary for me to go into any lengthened explanation as to the motives by which I have been influenced in accepting the office which His Excellency has been pleased to confer upon me. I am sure, however, that you will give me credit for sincerity when I assure you, that no pecuniary considerations have induced me to enter upon the arduous duties assigned to me. This office, instead of being an advantage to me, will be a serious drawback to my own private pursuits, which render me independent of official employment. But I have felt that as the Land Purchase Bill originated in the House of Assembly—as the management of our Public Lands was, almost daily, during Session, the subject of discussion in that Branch—it behoved some member to make a vigorous effort, and, if necessary, a sacrifice, to carry out its provisions. The object with which that Bill was passed is a noble and philanthropic one. That object is to stimulate the industry of our tenant population, and to give them a fair chance of becoming independent freholders—a condition which would greatly enhance their prosperity and contentment. The British Government have expressed their willingness to aid the local authorities in the performance of this good work, and the Legislature, in its recent Session, passed a Bill authorizing a loan of money, under the Imperial guarantee, for the purchase of Township Lands. When the means will be thus placed at the disposal of the Government of this Colony, to make the Land Purchase Bill one of the most useful measures ever put in operation, it becomes their imperative duty to give effect to the intentions with which it was framed. Having been selected to fill so important an office as that of "The Commissioner of Public Lands"—in which selection I have most reluctantly concurred—I shall spare no labour or exertion to render myself worthy of the confidence which has been placed in me; and it now remains for you to say, whether you approve of the choice which the Government have made. Should I be honoured with a renewal of your confidence, you may rely that you will always find me, as heretofore, a zealous advocate of your local and general interests.

I have the honor to remain, Gentlemen, Your obedient servant, W. W. LORD.

Extensive Sale of REAL ESTATE, &c.

TO BE SOLD at PUBLIC AUCTION, on the premises in Summerside Village, Beque, Prince Edward Island, by Wm. DODD, on WEDNESDAY, the 17th day of June next, the whole of the Subscriber's REAL ESTATE, HOUSES, &c., in this Island, consisting in some FIFTY MILLAGE LOTS, or more, in said Village, including 12 Water Lots, secured with a good breastwork of considerable expense. Opposite some of these Lots is the best location in the Village for a Wharf. On part of the Village Lots, near the Government Wharf, are two DWELLING HOUSES, one Store and Warehouse, and one Carriage Factory, which will be sold with the Lots on which they stand. Immediately adjoining the Village is a FARM of about 80 acres, 50 of which are in a good state of cultivation, and the balance well covered with a splendid growth of wood. There are also a large Barn, a small Farm-house, Out-houses and a large Spring of superior water on the premises. This Farm being situate on the North Side of Beque Bay, and generally descending South to said Village, renders its location pleasant; and as it commands a full view of the Straits, with New Brunswick in the distance, makes it a very desirable site for residences; consequently it will be sold in 5 acre Lots, or in the whole, as may best suit purchasers—the whole of this Farm, however, will be shortly required to supply the growth of the Village, in Village and fancy building Lots. This property in point of beauty, pleasure, convenience and profit, is second to none in the length and breadth of the Island. A more healthy place cannot be found on the globe—old people have often been known to leave the Island to go to the United States to die. General might be said of the many advantages for fishing, shipping, general business, &c., of Summerside, and of its proximity to Shediac—the terminus of the Railroad. This Village has grown within the last 3 or 4 years from nothing into quite a town. Also—At the same time and place will be sold 300 acres of LAND on Lot 8; 100 acres on Lot 3; 100 acres on Lot 15, as also an interest in other Lands at Fifteen Pct.

Also—The Freehold of two FARMS on Lot 25, (John Picket's and Archibald Waugh's), paying an annual rent of £9 14s. currency. The whole of this property will be sold in Lots, Farms and portions to suit purchasers, and on liberal terms. Good title will be given. For further particulars, apply to Messrs. BEER & SON, Charlottetown, or to P. BAKER, Esq., Beque, with whom plans of said Village Property can be seen. J. WEATHERBE. This sale will commence at 11 a. m., and will (unless all is sold on the 17th) continue on the 18th. WILLIAM DODD, Auctioneer.

N. B.—Twenty per cent of the purchase money on the day of sale. Two-thirds of the whole amount may remain on the property one or two years. A longer credit may be given to large purchasers. [Westmorland Times, St. John N. B. Courier, and Halifax Acadian Recorder, 2 months.]

House and three valuable Building Lots for Sale at Summerside.

THE subscriber will sell by private sale the following property, (as the terms of the former sale were not complied with), consisting of three good BUILDING LOTS, fronting on Broadway or Water-street. On the centre Lot there is erected a good DWELLING HOUSE, 23 by 23 feet. 13 feet post, nearly finished; also, a Kitchen attached, 20 by 13 feet. This property is situate within a few chains of the public wharf. As a Business Stand it is unsurpassed by any that may be offered for sale for some time to come. It is pleasantly situated, and commands a splendid prospect of the Harbor of Beque, the Straits of Northumberland, and a portion of the Province of New Brunswick in the distance. Much might be said of this property in regard to business facilities, being within four or five hours sail of Shediac—the terminus of the Railway which will be in operation soon after the opening of the navigation—and connected with the latter port by means of regular steam and sailing packets, carrying tri-weekly American and Colonial mails; also, with Charlottetown by mail and stage conveyance. (In summer daily), makes it one of the best Business Stands now offered to the public in Prince County. Part of the purchase money will be required down, the remainder in summer. Good titles of each Lot will be given. Further information may be obtained by applying to the Hon. P. WALKER, Charlottetown, with whom a plan of the property may be seen, or to the subscriber on the premises, Summerside, April 20, 1857. P. M. POWER.

No such word as Fail. A resistless Remedy. THE first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidence of disease, and neutralize the fiery elements which feed and exacerbate the malady. RHEUMATISM, SCROFULA, ERYSIPELAS. These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, and restorative to pain and inflammation. KING'S EVIL, FEVER SORES, STIFF JOINTS. In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopoeia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful. DISCHARGING ULNERS. A most remarkable and happy change is produced in the appearance of malignant ulcers, after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer radically cured. A WORD TO MOTHERS. The young are the most frequent sufferers from external injuries and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children. SIGNIFICANT FACTS. This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scrofulic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes. ULCERS, SORES, AND TUMORS. The effect of this unrivalled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cure which its healing properties afterwards complete are safe as well as permanent. WOUNDS, BRUISES, BURNS, AND SCALDS. In cases of the fracture of the bone, injuries caused by steam explosions, Bruises, Burns, Scalds, Rheumatism, Stiffness of the Joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in person into all the leading Hospitals in Europe, and no private household should be without it. Both the Ointment and Pills should be used in the following cases:—Bad legs, Chieffo foot, Fistulas, Sore throats; Bad Breasts, Chilblains, Gout, Skin disease; Burns, Chapped hands, Glandular Swellings, Scurvy; Bunions, Corns (Soft), Lumbago, Sore-heads; Bite of Mos-cetoes and Contracted and Rheumatism, Ulcers; Sand Flies, Stiff Joints, Scalds, Wounds; Coco-bay, Elephantiasis, Sore Nipples, Yaws. Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar,) London, and 80, Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 3d, 3s 3d, and 5s each Pot. There is a considerable saving by taking the larger size. N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, and restorative to pain and inflammation. KING'S EVIL, FEVER SORES, STIFF JOINTS. In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopoeia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful. DISCHARGING ULNERS. A most remarkable and happy change is produced in the appearance of malignant ulcers, after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer radically cured. A WORD TO MOTHERS. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children. SIGNIFICANT FACTS.
