A despatch from Marne Station, Ill., says that the Clegan murderers were surrounded in a grove near that town, on the 14th, and in their efforts to dislodge them from their hiding place, a man named Frank Hallock was fatally shot. A severe storm passed over Illinois on the 15th. In various parts of the state several buildings, large and small, were unroofed, and two churches in Olney were badly injured. Near Browning, Mo., a train was blown from the track. The conductor was badly hurt, the baggageman slightly wounded, and six passengers injured.

A secret meeting of telegraph operators belonging to the brotherhood, was held in New York on the 15th. It is understood that a schedule of the concessions they demand has been prepared and will be presented to the Western Union Telegraph Co. to-morrow morning. If a favorable reply is not received within a fixed time a general strike will be ordered.

The Rochester, N. Y., "Democrat and Chronicle" observer of the sun said on the 15th:—To the five groups of sun spots, which have exhibited intense action during the past week, two more have just been added by the sun's rotation. The sun storm which is just coming into view covers a great area, showing rapid changes. Violent thunder storms and tornadoes may be expected this week in the Northern States and Canada.

M. Fontane, secretary of the Suez Canal Company, confirms the remarks made by M. deLesseps that the latter was indifferent as to whether England accepted the agreement relative to the second Suez Canal. He said no English canal was possible because M. deLesseps had obtained complete concession, to interfere with which would be robbery. M. deLesseps, he said, was determined to carry out the programme with or without English help. If such help was refused, British shipowners would suffer, for the toll would be higher.

Reports from Sonora, Mexico, are to the effect that the Apaches are raiding in the districts of Montezuma and San Paripa, committing murders and stealing cattle. A special from Opusura states that a band of twenty savages attacked Hacienda Paripa, six miles south of Opusura, killing three men. Intelligence was brought that Col. Bandola started in pursuit with thirty Mexican troops, and found the bodies of

three men. It is positively known that twelve men were murdered by Apaches, in the neighborhood of Opusura, since Crook took their families from Sierra Madra.

The shooting in the first stage of the match for the Queen's prize, the great match of the Wimbledon meeting, was continued on the 14th. The weather was fair, but the wind was fitful. F. G., Ottawa; Trooper Langstroth, 8th Cavalry, New Brunswick; Staff Sergt. Mitchell, 10th Royals, Toronto; Capt. J. T. Hart, St. John, N. B., Rifles, and Sergeant Moore, 33rd Batt. Donald Currie & Co.'s steamer Taymouth Castle was boarded at Tamatave, June 26, by a French officer, who stated that the French had taken Tamatave. The passengers were forbidden to go ashore and the cargo was allowed to be landed only on the payment of duty. A sentry was placed on board the steamer. The cargo and passengers were then taken to Mauritius. The British man-of-war Dryad was acting as consul. Captain Hay was allowed to see the captain of the Dryad once. The French wished to have all consular despatches sent on board Admiral Pierre's ship but the English objected, and Captain Hay received them directly from the Dryad. The latter vessel escorted the Taymouth Castle out of the harbor. The London "Standard's" despatch from Tamatave, dated June 21, confirms the report of the arrest of an English missionary by the French. Three other English residents were placed under temporary arrest. Communication with the British men-of-war was forbidden. The French refugees from the capital, who it had been feared, had been murdered, reached Tamatave in safety having been well treated in the interior.
