CORRESPONDENCE.
We do not hold ourselves responsible for the
opinions or statements of our correspondents.
The Pork Industry.
HOW IT BENEFITS THE ISLAND UNDER THE
NATIONAL POLICY.
To the Editor of the Examiner.

Sir,—Sugar refineries, cotton factories,
etc., have, and are still, spending their
ammunition in endeavoring to prove to a
stubborn race of people the advantages that
are, and will be, received from a Protection
Policy. While these large industries have
been thundering away, the Pig, always a
bashful animal, has remained in the back-
ground, people considering, no doubt, that
he was not worthy of the honor of forming
one link in the grand chain of industries
which ask for protection in order that they
may grow and become strong, and so give
employment to the young men of our coun-
try, as well as providing the Canadian
people with everything which they may
require, manufactured by Canadian hands,
grown and cultivated in Canadian lands.
Prince Edward Island has been for this
last number of years engaged largely in
raising pork, and it has not been the least
profitable portion of the farm products.
The name which our pork has gained for
itself throughout the length and breadth
of our Dominion is well known, and any
intelligent man who has at all interested
himself on this question must surely be
aware of the fact that the N. P. is the
sole cause for the inquiries which have
been made by Montreal, Quebec, and other
Upper Province Cities, and we do wonder,
particularly at farmers, who will ask for
Free Trade and who will further express
themselves with a great deal of feeling, as
I have often heard them. "What a market
we would have for our pork if we had
Free Trade with the United States."
Take away the present protection on it and
I hold that it would pay the farmers much
better were they never to see the much-loved
animal on their farms. Nine out of every
ten will tell you that even at the prices which
they are receiving at present, that it does
not pay to feed. Then, I would ask, if it
does not pay now, is it reasonable to sup-
pose that it would pay, were they to
receive, on an average, two cents per
pound less for their pork than the present
protective tariff allows them? A few
figures would not be out of place here.
The duty on American pork, in barrels, is
\$2 20, on hams and lard two cents per
pound. To give you some idea of the bene-
fit of this to our Island, I will tell you that
it gives us the Upper Provinces for a
market, as well as keeping the pork raised
there in their own markets, and so further
benefiting it by making Halifax and St.
John better and brisker ports to ship to
than in former years they ever were. There
is no one but what will admit that this, of
itself, is an important point, for without
good markets to ship to, there is very little
use of raising a surplus of pork or anything
else. Again, Prince Edward Island ships
to other parts of Canada and other foreign
ports, now, about fifteen thousand barrels,
and about one million pounds of hams,
lard and bacon. These figures, multiplied
at \$2 25 per barrel, and two cents per
pound for ham, lard and bacon, show
a handsome return to Prince Ed-
ward Island, over and above what they
would or could possibly receive without the
present protection, of fifty-three thousand
seven hundred and fifty dollars. A point
then might be touched upon which is often
used by the Opposition, viz: They say,
that this will have the effect of filling the
pockets of the traders, and the farmers will
receive no benefit from it. I always con-
sidered this a weak argument, and issuing
from small minds, for in this, as well as in
everything else, it will be regulated by com-
petition, and the more it is fostered by a
Government, the keener will that be, and
as a natural consequence the farmers will
receive larger prices.

There yet remains much to be said on
this subject, and possibly I will take it up
again.
Yours, etc.,
A. L.

SAYS the Toronto Mail:—"The loyal ad-
herence of Liberal-Conservatives to their chief
and of moderate men of all shades to a Gov-
ernment which has risked everything to fulfill
its pledges, demands also that organization
should be instant, perfect, and energetic. Sir
John Macdonald was able to command the
confidence of the country when he had but
promises to make and a policy to propound.
He will not be less successful in commanding
even a fuller measure of confidence now that
the promises have been fulfilled and the policy
is in successful operation.

"As the gale moderated"—says a writer in
the June Century, describing in a delightful
vein the voyage in a sailing ship "Around Cape
Horn"—"we spread all sail, and flew at the
rate of fifteen miles an hour for a steady
twenty-four hours, reeling off three hundred
and sixty miles from dawn to dawn. 'The
girls at home have got hold of the tow-ropes
this time, and no mistake,' observed the boss
hitching up his main backstays, as he called
his suspenders."

THE National Policy is daily winning over
to its support large numbers of adherents,
among them men of high intelligence, wide
observation, and large business capacity. This
Policy, inaugurated by Sir John A. Macdon-
ald and his colleagues, has already lifted
Canada out of the slough of despond, into
which she had fallen while under the unhappy
and miserable rule of Mackenzie, Cartwright
& Co.
The value of goods entered for consump-
tion in the Dominion for the month of March
is \$7,722,119 and the duty collected \$1,531,
705.
"ALL RIGHT," is the general exclamation of
all who have used Minard's Lotion, for it
always proves to be just what it is represent-
ed.
ap 13

Ladies' Land League.
The Charlottetown Branch of the Ladies'
Land League held their regular meeting on
Tuesday, May 23rd, in Full's Hall. The
President, Mrs. E. W. Smith, occupied the
chair. There was a good attendance, and
several new members were added to the
roll.
Mrs. M. A. Burke gave an account of the
policy of George III. towards his American
colonies, and showed that his law of
force was a gigantic failure. She clearly
pointed out how history repeats itself. As
Dublin Castle plays a very important part
in Irish affairs, the description which Mrs.
Burke gave of it was very interesting, and
was well received by the audience. A
very significant feature is a statue of
"Justice," which surmounts one of the
gates, with its face to the Castle, and its
back to the Nation. When the statue
was first placed there it held scales in
its hands, but these have since disap-
peared.
Miss Mary Kichham, of Souris, read an
article from the Pilot, on the "Assassin
Escape." It showed that Ireland had done
her duty with true nobility of soul, when
she denounced, without any hesitation, the
assassination, which is the bitterest blow
that has been struck at Ireland's hopes.
The world is judging between the countries,
and Ireland need not fear the verdict.
The last week has made more international
opinion in her favor than the agitations of
the last twenty years.
Mrs. Smith, who is about leaving the
Island, resigned her position as President,
and Mrs. M. A. Burke was appointed in
her place.
A vote of thanks was tendered to Mrs.
Smith, to which she feelingly replied.
It was decided that our next meeting be
held on June 20th, after which the meeting
adjourned.
MARY F. COX,
Secretary.

The Markets.
OATS.
The most recent advices received from
Great Britain report the oat market dull,
and having a downward tendency. Nine-
teen shillings and six pence per quarter,
of 304 lbs., is the highest offered for cargoes
delivered in France, and nineteen shillings
for cargoes delivered in Great Britain. The
oat market in the Provinces remains the
same as last reported; but it is expected
that the demand will not continue, as a
number of small vessels are proceeding to Hal-
ifax and other Nova Scotia ports.
POTATOES.
The market for potatoes in Boston and
other cities of the United States, has been
very active, and prices have, in con-
sequence, begun to rise. Last week in
Boston the quotations for potatoes ranged
from 75 to 90 cents per bushel, but this
week they have advanced to \$1.00, and a
good demand is reported at that price.
EGGS.
The market in Boston for eggs is much
the same as last reported. It is steady,
and Canadian stock is quoted at 19 cents.
FLOUR.
The Montreal Gazette in its report of the
22nd inst., states that "the flour market
at that date gave fresh evidence of weak-
ness. Superior was selling at \$6 30 per
barrel, and Spring Extra at \$6 02 1/2." The
following are the quotations:—
Superior Extra.....\$8 25 @ \$6 30
Extra Superfine..... 6 10 @ 6 15
Fancy..... 0 00 @ 0 00
Spring Extra..... 6 02 1/2 @ 6 05
Superfine..... 5 50 @ 5 60
Canada Strong Bakers..... 6 50 @ 6 75
American Strong Bakers..... 7 50 @ 8 00
Fine..... 5 00 @ 0 00
PORK.
The Montreal "Gazette" says the local
provision market closes strong for the week,
at the advanced rates quoted by us yester-
day. Canada short cut mess pork being
firm at \$23 to \$23.50. Lard is firm and quick
sale at 14 1/2 to 15c in pails, at 15 1/2 in tubs
and 14c to 14 1/2 in tierces. Several hundred
pieces of uncovered smoked hams have
been placed at 14c to 13 1/2c. A lot of
choice breakfast bacon was sold to-day at
13 1/2c, and we quote 13 1/2c to 14c. Smoked
shoulders are steady at 11c to 11 1/2c. The
quotations are:
Mess Pork, Western, brl. \$22 00 to \$22 50
do do Can. short cut 23 00 to 23 50
Hams, do, per brl..... 21 00 to 22 00
Hams, city cured, per lb. 0 13 to 0 14
Hams, can v'ed, per lb. 0 15 to 0 16
Lard, in pails, per lb..... 0 14 1/2 to 0 15
Bacon, [per lb..... 0 13 1/2 to 0 14
Dressed hogs, per 100 lbs. 10 00 to 10 25

In replying to the paragraph referring to the
towns of Cartwright, Crystal City and
Stephen, copied into our columns from the St.
John Sun, Messrs. Manville & Beech write to
the St. John News as follows: "We
are used to such slanders as these. In
Toronto this game was tried last winter,
which ended in complete discomfiture of our
enemies. Every fact we have stated in the
press or otherwise respecting these towns we
are prepared to substantiate. Crystal City
is not a paper town. It appears in all Gov-
ernment maps. It has a population already
of two hundred. Cartwright has several
buildings. All statements we made respect-
ing Stephen are correct. The Pembina Moun-
tain branch of the Canada Pacific Railway is
graded through Stephen. There is a Regis-
try Office at Crystal City. The name of the
Registrar is John Knox. Mr. Knox is also
the Registrar for Cartwright, which is in the
same county as Crystal City, namely Rock
Lake, the two places being about seventeen
miles apart."

FROM HAMILTON.—A gentleman writes: "I
have suffered for over four years with night
losses and general weakness caused by abuse. I
had tried all the advertised medicines, and a
number of eminent doctors, and found no
relief or benefit. I have used twelve boxes
of Mack's Magnetic Medicine, and an entire
restored. See advertisement in another col-
umn. Sold in Charlottetown by Apothecaries
Hall Company. [ma 20 2w wky 2i
