TWO PURSUERS KILLED BY FLEEING BANDIT IN ONTARIO

Increase in Civil Service Size Causes Concern

Scientific Topics Are Discussed At Medical Association Meetings

HALIFAX, June 21—(CP)—Eight hundred doctors from across Canada crowded into Halifax today to attend the first scientific sessions of the Canadian Medical Association's 81st annual meeting.

Coming Events

- **Mail your Films to Garnham Photo Studio, Charlottetown.
- **Reserve Thursday, June 22nd for W. I. Festival at South Milton School.
- **See Morell Players in Forest Hill Hall, Friday, June 23rd. Curtain 8.30.
- **Dance and Ice Cream in Kelly's Cross School, Friday, June 23rd. McNeill's Orchestra. Lottery drawn.
- **Dance at Gordon Lodge every Friday night. Dancing from 9 till 1. Music by Western Ramblers.
- **Show, Morell, every Tuesday, Friday, Saturday. Show starts 9.00 o'clock.
- **Dance in Emerald Hall, Friday, June 23rd, in aid of Softball Team.
- **Ice Cream, Dance, Iona Hall, Friday, June 23rd.
- **Regular Dance, East Royalty Rink Hall, Friday, June 23rd.
- **Special Meeting, Abegweit R. B. P. Kingston, Friday, June 23rd. Degrees.
- **Reserve Wednesday, June 28th, for Irishtown W. I. Ice Cream Social at Ellis Profit's.
- **Ice Cream Social in Fredericton Hall, Thursday, June 22nd, in aid of Fredericton Church.
- **Dance, Grand View Hall, Thursday, June 22nd. Cliff Lilly's Orchestra.
- **Dance in Mt. Stewart Canadian Legion Hall, Thursday night. Music by George Chappell and his Merry Islanders.
- **Free Photo to every customer Burke's Studio, 142 1/2 Great George Street, Charlottetown. Mail your films.
- **Corran Ban Hall, Friday, June 23rd, Lot 65 Players will present their play "The Colonel's Maid." Dance after.
- **Ice Cream Social, French River Hall, Thursday, June 22nd. Sponsored by Girls Soft-Ball Team.
- **Show "Holy Matrimony" at New Glasgow tonight at 8.45. Door prize.
- **The Annual Meeting Churchhill Congregation takes place June 26th, in the Church, 8 P. M.
- **Community Films, Hampton Hall, Friday, June 23rd. Everybody welcome.
- **The Annual District Convention for Fredericton, Springton, Hazel Grove, Greenvale, Lincoln Lot 22, Braselbare, Rose Valley, Darlington, Glen Valley, Millvale, Pleasant Valley, Hunter River, North Granville, South Granville, Brookfield, North Wiltshire, Emyvale, will be in Lot 66 Hall, June 28th. Afternoon Session starts 2 P. M. Evening 8 P. M. Free for everyone at evening Session. Ice Cream, entertainment and films will be shown. Mrs. James Griffin, Secretary Emyvale W. I.

Senate Group Gives Views After Probe

OTTAWA, June 21—(CP)—The Senate's finance committee today expressed concern at the growth of the Civil Service and advocated a new step to check further expansion.

Child Psychiatry

A discussion of treatment in child psychiatry was conducted during the morning session by Dr. F. A. Dunsworth, Halifax; Dr. W. A. Hawk, Toronto; Dr. E. J. Rosen, Toronto; and Mr. J. Crook, social worker at the Dalhousie Clinic in Halifax.

The sessions were highlighted by the delivery of the Osier Memorial oration by Dr. George W. Thorn, Boston, on the subject: "Corlissone and Ach—Their Current Application to Medical Problems."

The great advance in the use of the two drugs might be expected within the next few years, he said. They heralded "a new era of medicine" although they might not be taken.

Airmen Tell Of Mysterious Object

HAMILTON FIELD, Calif., June 21—(AP)—Three airmen told today of sighting a mysterious flying object over their base, travelling "at a great rate of speed" and spraying a blue-green flame.

The first report on the flying object said the men described it as "disk-shaped." At a press conference they said they couldn't discern its shape.

In "flying saucer" reports which were common some months ago, the air force said an analysis indicated that the reports arose from misinterpretation of conventional objects, mass hysteria or were due to hoaxes.

Cpl. Garland Pryor, 20, told reporters that he was the first to see the "interloper" in the sky.

Pryor was in the field control tower. He called it to the attention of Staff Sgt. Ellis Lorimer, 25, who said he then saw the craft make three separate passes across the field.

The observers said they heard no sound. Lorimer said the exhaust or "tail" of the craft "resembled the flame of a blow torch."

The men agreed that the craft came first from the direction of the nearby Pacific Ocean, and on the last pass over the field, disappeared toward the sea.

**Junior Farmers Debate, Holy Name Hall, St. Peter's, June 22nd. Cherry Valley Group versus St. Margaret's Group. Everybody welcome!

Canal Scheme Delegation Host To Parliamentarians

OTTAWA, June 21—(Special)—Prime Minister St. Laurent, his cabinet and members of all parties of the House of Commons were guests this afternoon at a reception tendered by delegates from the four Atlantic Provinces now in Ottawa to press for construction of the Chignecto Canal.

Formal demand for Federal action on this historic project will be made tomorrow afternoon when the delegates from Prince Edward Island, Nova Scotia, New Brunswick and Newfoundland will wait on the Prime Minister with their brief.

Prince Edward Island delegates Horace B. Willis of Charlottetown and Leslie Simmons of Summerside failed to make plane connections with the other delegates, but arrived later in the evening.

The Island Province, however, was represented at the reception by N.R. Rattenbury, a member of the Saint John delegation whose father, the late N. R. Rattenbury of Charlottetown, was one of the most enthusiastic sponsors of the Chignecto Canal project more than 20 years ago.

Advantages To P. E. I. Mr. Rattenbury suggested that Prince Edward Island would be one of the greatest if not the

greatest beneficiary of the Chignecto Canal project. With the canal completed, Charlottetown, he said, would be one of the principal ports of call of new steamer routes which would be a further link between the Maritimes and Central Canada. Benefit to the Island's export traffic of the canal would be immense.

In addition, delegates said, Prince Edward Island's imports from the United States and Central Canada would be greatly lowered in price with the proposed canal in operation.

The Island was represented at the reception by J. Watson MacNaught, Liberal member for Prince and W. Chester S. McLure, Progressive Conservative member for Queen's.

Delegates on their arrival today were armed with a telegram from Premier J. Walter Jones which reads: "The Government of Prince Edward Island approves the construction of the Chignecto Canal and hopes that the representations which you are making to the Federal Government will meet with success."

"We realize that the canal cannot help but be a powerful stimulant to the business economy of all four Atlantic Provinces."

Believe Man Trapped In Swamp Area

LANGTON, Ont., June 21—(CP)—Two men were slain in a flurry of bullets today by a bank bandit who abandoned his \$23,000 loot after killing his pursuers.

The killer is believed trapped tonight in a small patch of bushy swampland by squads of armed Provincial Police and volunteers.

Directed by two circling aircraft and walkie-talkies, the police threw a cordon around the swamp some 10 miles southwest of this community. Langton is 30 miles east of St. Thomas.

The killer, described as about 28, dark, of medium height, and wearing a pith helmet and dark glasses, killed Arthur de Lierman, 31, and William Goddyn, 24, as they pursued him following the robbery of the Langton branch of the Imperial Bank of Canada.

Earlier police said they believed two men staged the hold-up.

Loot Recovered

Most of the bank loot, estimated by police at \$23,000, was recovered in a suitcase in the killer's abandoned escape car.

De Lierman, a real estate insurance salesman, who ran a tobacco farm near Courtland, and Goddyn, a sharecropper on the farm, were customers in the bank at the time of the robbery.

Armed with an old service rifle they followed the bandit at breakneck speed over 10 miles of sandy back road before the escape car plunged off the road and into a ditch.

As they approached it they were met by a fusillade of nine millimeter slugs.

Both were dead when police arrived. The windshield of de Lierman's car was riddled by 12 bullet holes. There were 10 others in the hood.

Heads Into Swamp

The bandit then apparently headed south into the nearby swamp, abandoning his car, the holdup loot, and a revolver.

Police said the bandit's car was stolen in Windsor a short time before the holdup.

Within the space of a few hours, 25 squad cars were on the scene and more than 30 heavily-armed Provincial Police had surrounded the swamp.

Posses Organized

Two aircraft were summoned, and police organized posses of neighboring residents, armed with shotguns, for the search to follow. The area surrounded is on the farm of Lewis Noy, 11, about six miles north of Lake Erie.

The bandit, brandishing two guns held the six-man bank staff and a number of customers at bay while he forced senior members to open the safe. He ran, dropping a number of bundles of bills, to his waiting car.

At first police estimated the loot at between \$3,000 and \$15,000. After finding the abandoned car they revised the figure to \$23,000.

Police at first believed the robbery was committed by two men. They later revised this to one.

The same bank was robbed of \$34,000 on Sept. 12, 1945 by three armed and masked men who scooped money from the teller's cage and forced manager James Brawley to open the vault. They ran out to a waiting car, driven by an accomplice.

Bloodhounds on Trail

The mass search for the bandit was organized within an hour of the double killing. All concession and country roads for miles were sealed by patrols. Clothing was found in the abandoned car

Five Big U. S. Railroads Face Strike On Sunday

CHICAGO, June 21—(AP)—A. F. L. switchmen today called a strike for Sunday against five big western and midwestern lines in the United States. The carriers said a country-wide tie-up is threatened for July 15 by a walkout of two other unions.

The Chicago, Rock Island and Pacific, one of the five lines named in the switchmen's strike call, said it will shut down completely Sunday if the men go out.

The Rock Island operates an 8,000-mile rail system between Chicago and the west coast. It also serves the southwest.

The Switchmen's Union of North America (A. F. L.) also called a strike for 6 A. M. local time Sunday against the Great Northern, Chicago Great Western, Denver and Rio Grande Western and the Western Pacific Lines.

The carriers said the Switchmen's Union and the big Trainmen and Conductors' Unions have notified them that they are rejecting wage-and-hour recommendations made June 15 by a Presidential fact-finding board.

The Switchmen's Union can strike legally at any time, having complied with all peace machinery of the Railway Labor Act.

The trainmen and conductors are restrained from striking before July 15 by a 30-day "cooling off" requirement of the Railway Labor Act.

There is a chance that some other roads named in the switchmen's strike call will not attempt to operate.

Daniel P. Loomis, chairman of the Association of Western Railroads, said before the Rock Island announcement that he understands "some of the railroads' plan to shut down."

Dutch Painting A Gift To Canada

THE HAGUE, June 21—(Reuters)—The First Chamber of the Dutch Parliament has approved presentation to the Canadian people of a painting, "The Two Watermills," by the 17th century Dutch master, Meindert Hobbema.

The gift is in gratitude for Canada's wartime hospitality to the Dutch Royal Family and her part in the liberation of Holland.

The Second Chamber approved the gift April 28.

SMALLER APPLE CROP

VICTORIA, B. C., June 21—(CP)—A 23.34-per-cent decrease in B. C. apple crop is predicted this year by the Department of Agriculture. The crop last year amounted to 8,632,576 boxes and this year it is expected to be 6,618,020 boxes. The drop is in the main growing area, the Okanagan Valley where winter frosts played havoc with all types of orchards.

Potato Marketing Scheme Approved By Farmers Meeting

The Queen's County Federation of Agriculture unanimously adopted the proposed Potato Marketing Board scheme at a meeting in Hunter River Hall yesterday which was so largely attended that many were seated on the stage while others were forced to remain outdoors. President Earl Ings presided.

Three men were nominated for producer membership on the Board. They were Messrs. Earl Ings, Mount Herbert, Keith Boswell, Victoria, and D. A. MacDonald, Glenfinnan. One of these men will be selected by the Government for the Board.

The producer board will consist of five members, three prominent farmers, one from each county, along with one private dealer and one co-operative dealer.

These men, it is proposed, will work with a Marketing Board set up by the Government for the marketing of potatoes. The Government Board consists of Mr. J. O. C. Campbell, Mr. H. J. MacDonald, Dairy Superintendent, and Mr. J. Lincoln Dewar.

Operations of the Marketing Boards in New Brunswick and Nova Scotia were outlined by Mr. Crandell, president of the New Brunswick Potato Board Council, and Mr. C. T. FitzRandolph of Nova Scotia. Mr. D. A. MacDonald, Glenfinnan, spoke on the marketing of eggs, poultry and other products.

Killing Plant

The meeting heavily favoured the establishing of a custom killing and cooling plant in Charlottetown for all classes of livestock. They recommended investigation of the plan and if it appeared feasible urged the Federation to organize a plant.

In the preamble of the resolution it was noted that improvement of marketing facilities for Newfoundland is necessary. It stated that refrigerated boat service capable of carrying a weekly supply of 600 to 1000 quarters of dressed beef, plus a large quantity of eggs, butter, cheese and canned goods is necessary for transportation from Charlottetown to St. John's.

Manufacturers Have Less Goods On Hand

OTTAWA, June 21—(CP)—Canada's manufacturers had about two per cent less goods on their shelves at the end of April than they had at the same time a year ago, the Bureau of Statistics reported today.

The inventories index, calculated on the basis that the 1947 level equals 100, stood at 128.0 in April, compared with 130.2 in April, 1949. The April level was about one per cent above March.

Germany today drink a pint every six days where they used to have one every four. To remedy the situation the Government wants to cut the tax by almost half. The Government reasons that if people drink more beer they will drink less milk, allowing more butter to be made and foreign currency now being spent on fat imports to be saved.

Blame Boy Friend For Shooting At Wedding

PORT COULONGE, Que., June 21—(CP)—Quebec Provincial Police said tonight that they were "pretty certain" that a former "jealous" boy friend of the bride's was the mystery man who fired off a rifle at a wedding reception, wounding one of the guests.

Although they had questioned several suspects, the police made no move to press charges. Officers held a long hospital interview with the wounded guest, 27-year-old Mrs. Reginald Pare of Port Coulonge.

They disclosed however that the bride, 19-year-old Irene Gervais, had exclaimed when the rifle shot was fired last night: "He's shooting at me. I think I know who he is."

Police said they had ascertained that the shot had been fired by a man, identified only as wearing a brown suit. He apparently had been waiting in the dark at the edge of an open-air dance platform erected for the guests. Just as the party was launched a square dance he let go with the shot that hit Mrs. Pare in the left arm.

Parents Believe Missing Child Was Kidnapped

QUEBEC, June 21—(CP)—Mr. and Mrs. Lorenzo Renaud, parents of three-year-old Nicole who disappeared near a family friend's home at Chateau Bigot June 3, said today they believe their child was "kidnapped" possibly as a result of mistaken identity.

The parents visited Quebec solicitor-General Antoine Rivard yesterday and asked him to press police investigation.

Mr. and Mrs. Renaud said they cannot believe that the little girl lost herself or that she was "devooured by bears."

Mr. Rivard said he had ordered the police investigation to continue but that police "had no new information."

Mrs. Renaud related that one of her daughters, Liliane, went to visit at the home of Adrian Bilodeau June 3 and took little Nicole with her.

Liliane, according to her mother, said Nicole was playing with Nicole Bilodeau, the child of Adrian Bilodeau, when Mr. Bilodeau's sister invited Liliane into a restaurant. "When we came out three minutes later, both little girls were gone," Liliane said.

Two police officers, Capt. Henri Chartrand, joint Deputy Director of the Provincial Police, and Lieutenant Martin Healy, said today they adhered to the theory that the little girl was eaten by bears. But an expert from the Quebec Zoological Gardens said he did not believe a bear ate the girl.

Germans Seek To Boost Beer Drinking

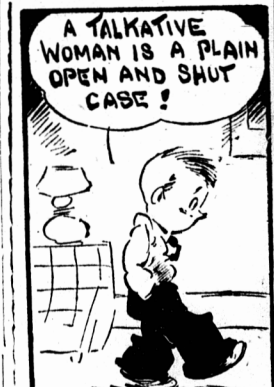

BONN, Germany, June 21—(Reuters)—To stimulate beer-drinking, the Government today proposed a cut in the tax on a pint of suds.

Germany today drink a pint every six days where they used to have one every four. To remedy the situation the Government wants to cut the tax by almost half. The Government reasons that if people drink more beer they will drink less milk, allowing more butter to be made and foreign currency now being spent on fat imports to be saved.

LEEDS, Yorkshire, Eng., June 21 (AP)—The Earl of Harewood, a nephew of the King, realized £257,010 from a two-day auction of real estate, held to raise money to pay taxes.
