WE draw the attention of the Electors to the time of closing the Poll on Tuesday next. Under the Dominion Law the Poll closes at Five o'clock, in the afternoon. The Liberal-Conservatives should bear this in mind and vote early and see that their friends do the same. Elsewhere in this paper will be found full directions to Voters.

Vote Square for BRECKEN AND JENKINS.

CABBAGE PLANTS in abundance, for sale at Charles Heartz's. [ju 19 2i]

THE steamer *Worcester* left Halifax for Charlottetown at noon today.

SENATOR Campbell, of Wisconsin, brother Hon. William Campbell, is visiting his friends in this Province.

THE Ladies' Land League meets to-morrow evening, at 8 o'clock, in Full's Hall, Queen Street.

RALLY ELECTORS, RALLY, at Market Hall this evening, and, more particularly, at the polls to-morrow!

REAL DIGBIES.—Received this evening and selling very cheap, 200 boxes red Digby Herring.—WILLIAM DODD, Queen Square.

THE GRIT MOTTO.—"Canada for the Americans." Those who approve of this will vote for LAIRD AND DAVIES.

I. O. O. F.—Nomination of officers for the ensuing term will close at St. Lawrence Lodge to-night. A full attendance is requested.

MR. D. C. CHALMERS, Agent for the Bank of Nova Scotia in this city, and Mr. Fyche, arrived here on Saturday evening. They are staying at the Rankin.

MR. GEORGE MITCH, of French Fort, sold, a few days ago, to Messrs. Thorne & McGregory, an ox weighing over 1600 lbs. This animal was pronounced by judges to be one of the finest raised in the country for some time.

LARGE ARRIVALS OF IMMIGRANTS.—The steamers "Polynesian" and "Lake Manitoban" arrived at Point Levis, Wednesday last. The former had 1,215, and the latter 300 passengers, and immigrants, mostly bound for Manitoba.

NOTE DOWN the false "Free Traders," who follow a leader who says: "Free Trade is for us impossible." Vote down.

LAIRD AND DAVIES, YEO AND PERCY, MCINTYRE AND ROBERTSON.

IN 1878 when Sir John MacDonald appealed to the country on the issue of the National Policy but three of his supporters were returned by acclamation against three Grits. In 1882, Sir John appeals to the country for an indorsement of that policy, and twenty of his supporters have been returned by acclamation, against one independent.

QUERY FOR MR. A. B. WARBURTON.—If the Grit voters are so numerous in Queen's County as Mr. Warburton wishes the people to believe, how did it become necessary to have Davies and Laird's nomination papers signed by people who have no votes and are not electors?

WE rejoice to learn from farmers of different localities throughout Queen's County, who inform us from their own personal knowledge, that in almost every polling division a majority will mark their Ballots for the Government Candidates BRECKEN AND JENKINS.

F. BRECKEN, Cr. To amount obtained last year for the good of the Province. \$312,000. D. LAIRD, Dr. To amount drawn from the public coffers by self. \$55,000. Lovers of their country will vote for Brecken.

THOSE whose homes are here—those whose sons are to make their homes in this land—should earnestly desire that the industries of the country should be fostered and protected. All who wish that their native homes should perpetuate their memories, will, doubtless, mark their ballots to-morrow for Brecken and Jenkins.

THIS is what the *New Era* of this city says about the Land League agitation.—The fact is, the agitation of the last few years has demoralized some of the Irish to an extent that many of their most respectable leaders never contemplated, and now that the work is done, they are appalled at what has been accomplished. They have sowed the wind and they are reaping the whirlwind.

MR. JAMES EGAN showed us, a few days ago, a key check which was lost out of his pocket in the Hillsborough, over twenty-two years ago—and was recently recovered by some party who were digging mussel mud near McNally's Island. The check which is of nickel silver, remains the same as when lost, but the keys, on being taken from the water crumbled to dust. It was at the time of the ice-boating accident in which Mr. James Chandler lost his life that the keys fell into the River out of Mr. Egan's pocket.

SIR JOHN MACDONALD is represented as a sort of magician who only needs to use his wand deftly to bewuddle the intellects and debauch the morals of the electors. It is not a complimentary opinion to hold certainly; but it is the *Globe's*. "Every man has his price," though not exactly Sir Robert Walpole's phrase—and he was a sound Liberal—appears to be the Grit maxim. As a matter of fact, they have a right to speak with some authority, so far as the venal section of the community is concerned, for they have bought and sold more men than any party since the reign of George III.

THE *Moncton Times* says: there is one paper in Canada just as disreputable as the *Moncton Transcript*, and that is the *Summerside Journal*. That paper of yesterday copies the wrong figures purporting to be the expenditure, which were given in the *Transcript* of last week, but our exposure of which was so complete that the *Transcript* was compelled to correct them next day. The editor of the *Journal* must have seen our exposure and the correction we wrung from the *Transcript*, but as there is no Liberal-Conservative newspaper published in Summerside or vicinity and as polling will be in a day or two it gave circulation to these grossly false figures knowing that they cannot be generally corrected till too late. These are the tactics by which the Grits hope to win. It will be a dark day for Canada when they are again entrusted with power.

VOTERS

He ye to the polls on Tuesday; Much depends on early voting; For the enemy is active And will use their best exertion,— This by way of admonition, Now we view the situation.

Black, indeed, we find the history Of the non-progressive party, Led by Honorable A. Mackenzie, And supported from the Island By James Yeo and S. F. Perry, McIntyre and Daniel Davies, David Laird and Peter Sinclair, Careless they of our well being, For their uselessness did gain them The appropriate name of *Dummies*. But, lean David, ever watchful, For his person I advantage, Whether 'tis a stationery order, Totting up one thousand dollars, Or a seat within the Cabinet With seven thousand dollars salary, Grasped the coveted position, And soon after was made Governor Of the Northwest Territories; Left the "free and independent" Without even saying "Ta, Ta, I perhaps again may need you, For the present, *shake my flipper*."

It is certainly amusing, Now on bended knees he asks you, With display of "Testimonials" Given him by Northwest Indians, Asks you to again elect him, That he may again deceive you As he did the Belfast people, When he said "I'll stop the Railway!"

The electors will remember Of the many great deficits Rolled up yearly by Sir Richard, How the credit of the country Was, by maladministration, Ruined, and its coffers empty; How Sir Richard, cap in hand, went On his famous trip to London, Begging for a loan of money, To replace what he had squandered; How the shield, on one side *broken*, Would, reversed by him show *silver*, And the tortuous course indulged in Brought us to the verge of ruin.

Canada was then a market For the shoddy of the Yankees, Crushing out our manufactures, Driving skill from out the country, Building up the "Great Republic," At the cost of us Canadians.

But the '78 election Hurlled the "flies on wheel" from power, And replaced our worthy chieftain, Known as Sir John A. Macdonald, Back to office—crowned with honor.

Canada has since been prosperous, Surpluses are in the Treasury, The North-West is being peopled At a rate unprecedented, Manufactures are started By the aid of a Protection, Which prevents our Yankee cousins, Making this "a slaughter market."

Sir John asks you to determine That additional industries May be opened in this country; That investors with their money May build up our vast Dominion, Scattering wealth among our people, Giving all who wish employment At a good remuneration.

The appropriation lately To construct Cape Traverse Railway And the East Point Branch assure us Of the fairness of our treatment; So ye voters of this Province, If you wish consideration From Sir John's administration, Send not up avowed opponents, Who would manifest their weakness, But elect pronounced supporters, Who will gain additional favors And ensure a *Cabinet Office*.

Act with wisdom and sound prudence, Act with wise determination, And to-morrow a grand victory Will reward united effort. Vote for Brecken and for Jenkins, Vote for Hackett and for Rogers, Vote for Austin C. Macdonald, And Mutart his worthy colleague; For the Island is expecting Every man to do his duty.

QUEEN'S COUNTY.

The people don't want David Laird— To elect him they're quite unprepared; He's been living Nor' West, From the Government chest, And all public "paps" he has shared.

Louis H. is a patriot bold, At least by the Grits we are told, Yet we never did see Him refuse a large fee— He works when he's sure of the *Gold*.

PRINCE COUNTY.

Prince County has tested James Yeo, And will his assistance forego; His uselessness we Have not failed to see, He's a small "chip in porridge," we know.

So Perry's engaged in the cause, And giving his share of applause To those who abuse, And insult the French race; But Perry, he must Stinislans (Stand-his-loss).

KING'S COUNTY.

McIntyre's a political quack, Who strives to make white out of black; But if ever he tries To pull wool o'er our eyes, We'll haul the insult quickly back.

And Robertson, Member P. P., Runs along with the other M. D., We, a wager would stake, That the dose will not take— Too much of a "mixture," d'ye see.

NOTICE.

THE Charlottetown Gas Light Company have imported a fresh supply of Bray's Patent Burners, especially made to consume only three feet of Gas per hour with the tap turned full on. These Burners are intended for use in Halls, Bedrooms, Kitchens, and other places where a light from a small consumption of Gas only is required.

By regulating the tap, the Gas consumed can be reduced to any desired quantity less than three feet per hour. These Burners are so scientifically made that they will give a light equal to about ten candles at a cost of three quarters of one cent per hour.
