Voting In The U.S. Today After Bitter Campaign

By C. R. BLACKBURN
Canadian Press Staff Writer
NEW YORK (CP)—Campaigning for votes in today's critical congressional election reached its bitter end Monday night—and bitter is the right word.

Last-minute appeals by both Republican and Democratic party leaders brought a wave of charges and counter-charges described by veterans as unprecedented in an off-year campaign.

Haida Home From Second Tour Of Duty In Korea

HALIFAX, (CP)—The destroyer Haida, only Canadian warship to navigate the globe twice, came home from her second tour of Korean duty Monday.

Three hundred wives, relatives and friends lined the rain soaked pier and watched the ship emerge from the fog with flags flying and whistle blowing. Children swarmed over the deck shortly after she tied up at the naval jetty.

Lt.-Cmdr. Mark W. Mayo of Renford, N. B. and Ottawa said the trip was "pretty much routine". The Haida arrived in Korea after the armistice had been signed and did not engage the enemy.

During the first trip to Korea, waters Haida became known as the "train buster champion" because of the heavy pounding she gave Red trains carrying supplies along the coast.

Haida became famous for her sweeps off the coast of northern France and her attacks on German shipping.

Ground Observer Corps Exercise Slated Tomorrow

HALIFAX, (CP)—Nearly 15,000 ground observer corps volunteers will man 750 posts in Nova Scotia, New Brunswick, Prince Edward Island and the Gaspé peninsula Wednesday for the second full dress exercise this year.

Every time they see or hear a plane they will phone their report to filter stations at Truro, N. S., or Moncton, N. B. Dubbed exercise "Jack Frost," the workout will be similar to July's exercise Checkpoint, when observers made 4,000 calls.

Forty flights of aircraft from the naval air station at Shearwater near Dartmouth, N.S., will take part. If weather is bad the eight-hour exercise will be postponed a week.

ALGIERS, (Reuters)—Terrorists shattered a long period of calm in Algeria Monday with dozens of fierce, lightning-like thrusts that left at least 12 persons dead in a two-hour span.

The carefully planned series of forays was concentrated on police stations south of Constantine and Algiers. The raids took place between midnight and 2 a.m.

At Paris, arrangements were hurried through to fly three battalions of French parachutists to Algeria. The ministry of the interior also announced plane flights for three companies of tough security police—about 600 men in all—for North Africa.

Two night watchmen were among those slain as the terrorists pounced in at least 40 attacks. The rest were mainly soldiers and police. An undisclosed number of arrests were made.

Telephone lines were severed, the Algiers - Constantine railway line was damaged and buildings were burned down.

Island Horses Dominate Standard Bred Classes At Amherst Winter Fair

AMHERST, N. S. (Special)—Prince Edward Island horses dominated the showing of standard bred horses at the Maritime Winter Fair Monday. An island horse also topped a "half Arab" class and placed fourth in a hunter competition.

R. S. Humphrey of Kensington and George A. Callbeck of Summerside were the main winners among the standard bred classes.

Humphrey took the class for mare with foal at foot with Paglia Frisco and J. C. Clegg. Paglia Frisco is out of Monah, the great standard bred show mare that won so many times at Amherst for Mr. Humphrey before age caught up with her.

Mr. Humphrey used three of the above horses to place second in the get of sire class.

Mr. Callbeck topped the get of sire class and his winners were the get of Abner T. Clegg.

Mr. Callbeck also topped the class for yearling colts or fillies. He won with Airy Ann out of Guy.

Swedish Car Co. Causes Sensation

STOCKHOLM, (AP)—A Swedish car company caused a sensation in the insurance world here Monday by announcing that buyers of Volvo cars will receive free insurance coverage for five years.

The announcement said the company will pay—within certain limits—for all damage in excess of 200 kronor (\$40).

If a Volvo owner wrecks his car completely, the company will give him a new one for \$40, the announcement said.

Canadians Begin Leaving Korea

OTTAWA (CP)—Withdrawal of the major portion of the 25th Canadian Infantry Brigade from Korea has started, the army said Monday.

The 2nd Battalion, the Black Watch, now is at sea and is expected to arrive at Seattle, Wash., on or about Nov. 16.

During the weekend, the 4th Battalion, Canadian Guards, held a farewell parade before Maj.-Gen. Horatius Murray, commander of the 1st Commonwealth Division.

The Guards, commanded by Lt.-Col. Val Leduc of Quebec City, are expected to reach Canada in December. They have served in Korea for seven months.

Canada will continue to maintain in Korea a battalion of infantry—the 2nd Battalion, Queen's Own Rifles—a field ambulance and the necessary administrative troops.

Queen Mother Wins Children's Hearts At Day Care Centre In East Harlem

By LLOYD McDONALD
Canadian Press Staff Writer
NEW YORK (CP)—A royal grandmother won the hearts of 100 children in a multi-racial day care centre in East Harlem Monday.

Queen Mother Elizabeth comforted two of the children who had been sent into walls by the popping of photographers' flash bulbs.

In the centre's dining hall she stopped at a three-year-old howled lustily, and tried to placate him by offering to feed him his macaroni and cheese. But the tot refused, and persisted in his crying until an attendant picked him up in her arms.

"What a shame," said the Queen, "for baby."

The Queen Mother had better luck in an adjoining nursery where a four-year-old girl broke into tears at the flashes. The Queen reached out and shielded the little girl's eyes with her hand, and got a big smile in return.

The centre is part of a low-rent Harlem housing project where whites, Negroes and Puerto Ricans live. The children are left at the centre during the day by mothers who work.

As she left the centre several of the older children called out "Hi, Queen," and got a smile in return.

The other main stop of a sight-seeing tour was made earlier at the Cloisters in Port Tryon park, a museum built in the style of a monastery overlooking the Hudson river near the northwest corner of Manhattan Island.

The Queen inspected a collection of priceless tapestries and lingered for several minutes in a high-walled garden stocked with herbs found in medieval monasteries.

After a private dinner with F. B. A. Rundall, British consul-general in New York, the Queen was scheduled to attend a formal ball given by the associated Commonwealth societies.

Some 2,000 guests were invited, including detachments of the Canadian Legion and the Newfoundland War Veterans who were in parade among various Commonwealth veterans' groups in an honour guard for the Queen Mother's arrival.

Tuesday she goes to nearby Hyde Park, N.Y. for a reunion with Mrs. Franklin D. Roosevelt, widow of the late president, and on the way back to New York will visit a home for the aged at Ossining, N.Y., site of Sing Sing prison.

Saint John Town Manager Fired

SAINT JOHN, N.B. (CP)—Saint John's executive director, E. D. Walsh, was released from his position Monday, after the city's new common council had been in office less than four hours.

Following a meeting behind closed doors, the council released a statement announcing it had resolved to dispense with Mr. Walsh's services immediately.

Mayor G. B. Peat, who released the text of the resolution, said it had been carried unanimously. He made no further comment.

There was no word as to whether or not a successor to Mr. Walsh in the position of executive director is contemplated. His contract, granted by the former common council in 1952, does not expire until next May, but it was decided to pay off the remaining amount to give him an immediate release.

RUSSIAN-BUILT BOMBERS ARE BLAMED

By SPENCER MOOSA
TAIPEH, Formosa (AP)—The Nationalist Chinese Tachen islands—believed marked for Red invasion—were pounded Monday by nine Russian-built bombers.

The Tachens, northern anchor of Nationalist bases 200 miles north of Formosa, never have been bombed before although Red jets have been making frequent reconnaissance flights over them recently.
