HURRAH FOR DIAMOND DYES.
AIR: HURRAH FOR CANADA.
Hurrah! hurrah for Diamond Dyes,
So honest, fast and pure;
Hurrah for dyes the ladies prize!
Grand colors that endure.
No other make with them compare,
Not even with so much care.
They work with wonders everywhere,
They never fail to please.
Hurrah! hurrah! for Diamond Dyes,
A million voices sing;
The "Diamond" brand, so say the wise,
To housewives pleases bring.
Long may these "Diamonds" live to
glorify.

A WELL MAN.
No more Robust Individual to be found in
the Village.
RICHMOND, Nov. 36.—Dr. A. G. McCormick,
whose letter respecting his cure from
Bright's disease by the use of Dodd's Kid-
ney Pills has recently been published, is
now attending his patients and is ap-
parently as robust a man as can be found in
the village. During the four months that he
was confined to the house suffering from
the last stages of Bright's disease, his
death was several times reported, and no
hopes were entertained of his ultimate re-
covery. His present robust appearance is
therefore all the more surprising to those
who were familiar with his condition. It is a
safe prophecy that every sufferer from
Bright's disease in this section will
benefit from the remedial qualities of
Dodd's Kidney Pills.

MANNERS.
In England "manners is extra," as the
old dame school advertisement used to run.
Here manners are not taught in the schools
at all, nor are the teachers for the most
part capable of teaching them. Manners
cannot be put in books; they must be ac-
quired at home or at school from cultured
foster-parents, whose own manners are good,
and who are, moreover, somewhat pleasure-
loving. The best of the best manners are
usually inherited. Yet there are remark-
able exceptions, where very perfect gentle-
manly comes at least of very humble man-
ners, and where the best of the best man-
ners may have been. Good surround-
ings in the formative years are the most
important factor in the making of the best
manners, as well as of the best speech. At
school, and in the home, the best of the
best, and the best of the best, are in
many cases intolerable, not because they
are bad, but because they know nothing of
good manners.—Montreal Witness.

"MAKE MEN LAZY."
Such is the caption of an advertisement
that appears in one of the local papers,
and which suggests the propriety of a few
thoughts upon the subject. It may be laid
down as a rule that most people indulge in
raising poultry, not for the pleasure it
gives, but for the profit that is realized
from the same, which must come from
young chicks or eggs, and since the chicks
must come from the eggs, the real profit
may be traced to egg production, so the
advice given in these words is of vital con-
sequence to the poultry raiser. "The
advertisement referred to recommends
Sheridan's Condition Powder to make
eggs hatch late, and so do we," says Mr. A.
F. Hunter, poultry editor of Farm-Poultry.
A hen to lay prolifically must be in perfect
health, must be in condition, and here is
based the true theory of the value of
Sheridan's Condition Powder—it promotes
the general good health of the fowl, gently
quickening digestion, and stimulating all
the various organs of the body as well as
the ovaries, to perform their functions.
At it is a safe prophesy that the use of
Sheridan's Condition Powder is very valuable
for laying hens and young pullets. By its
use now they will get to laying earlier when
the price for eggs is very high. L. S. John-
son & Co., Boston, Mass., the only agents
of Sheridan's Condition Powder, will send for
25 cents 25 cent packs, five packs for
\$1.00, or for \$1.20 one large two pound
can of Powder, postpaid; six cans \$5.00,
express prepaid. Sample copy of the best
poultry magazine free.

COD LIVER OIL has long been known to
the Medical Profession as perhaps the best
single remedy for CONSUMPTION and
other Wasting Diseases—but most sick or
ailing people have an unconquerable aver-
sion to it, in its crude state.
The Hypophosphites of Lime and Soda
are only second to Cod Liver Oil in their
curative effects in the above complaints.
In PUTTNER'S EMULSION the Oil, while
retaining all its medicinal virtues, is com-
pletely disguised both from eye and palate,
so as to be agreeable to the most delicate
stomach, while its curative effect is en-
hanced one hundred per cent. by its
scientific association with the salts of
Phosphorus.
