

# Charlottetown Priest Has Unusual Parish

HMCS BONAVENTURE—A Roman Catholic priest in the Royal Canadian Navy, with a rather unusual "parish" and a novel way of visiting it, is Chaplain (RC) Louis A. Dougan, of Charlottetown P.E.I.

Father Dougan has been serving in the aircraft carrier HMCS Bonaventure since the ship was commissioned in January, 1957. He is a familiar figure throughout the carrier, where he tries to visit each mess - there are approximately 30 - every day to pass on a cherry word to the men living in them. For those who wish it, he is always ready to offer his help or guidance.

At the present time the Bonaventure is on an operational cruise to Mediterranean and United Kingdom waters. In company with her are the destroyer escorts St. Laurent and Ottawa, of the Third Canadian Escort Squadron, and Haida and Huron, of the First Canadian Escort Squadron.

BY HELICOPTER  
On a recent Sunday, after saying Holy Mass in the Bonaventure's chapel, Father Dougan transferred by helicopter from the carrier to say Mass in two of the destroyers.

To do this, he had to be lowered by winch from the aircraft to the decks of the two ships. Following his services, he was picked up by helicopter in the same manner, by a special harness which fits around the body and under the arms. The distance he was lowered and raised in this fashion varied from 25 to 30 ft. Father Dougan, who is now in his fifth year - he was ordained to the priesthood in St. Dunstan's Basilica, Charlottetown, on May 21, 1932 - makes little of these helicopter exploits. He points out that he is simply carrying out his duties in the only possible and practical way.

HIGH RESPECT  
However, to everyone else serving in the Canadian ships, particularly those who have been lowered or raised by helicopter - Father Dougan's method of ministering to the spiritual welfare of the men at sea is regarded with more than casual respect. Some indication of this can be seen from a recent "investiture" which was held in the Bonaventure following his air borne ministry, which a group of naval fliers presented him with a special set of "wings."

It was an amusing, unofficial ceremony but it was inspired by the same type of feeling which resulted in an earlier presentation that was made to Chaplain Dougan in another aircraft carrier. MOUNTED PLAQUE  
That was the occasion when he left HMCS Magnificent in January, 1957, shortly after she arrived at Suez carrying the special Canadian force which was sent there at that period of unrest in that part of the world.

Before he left the ship - to fly to Ireland to take up his appointment in the Bonaventure - he was presented with a mounted plaque bearing the ship's crest. It bore the simple inscription: "Presented to Father Louis A. Dougan, by the Officers and Men of HMCS Magnificent - In recognition of his outstanding cheerfulness and energy, which have been a constant inspiration to all on board, August 2, 1955 - January 12, 1957."

KINGSTON, Jamaica (Reuters) — Norman Manley, chief minister of Jamaica, has called a meeting of The West Indies governments for early next year to discuss the federation's constitution in the wake of an opposition resolution this week calling for a new constitution.

## Public Must Be Made Aware Of Retarded Children Cause

Stressing that there is considerable work still to be done in regard to helping retarded children, Plus Smith, chairman of the board of directors of the Charlottetown day training class of retarded children, addressed the Women's Auxiliary of the Canadian Legion, Thursday evening at the legion home.

Mr. Smith said that the most important role is to bring the message of the cause of retarded children before the public. He emphasized that if the public could only be brought to know and understand this problem, "They will rise up and demand that this most forgotten group be given an equal chance to learn what rights and assistance is justly theirs."

In cooperation with Retarded Children Week a special radio program will be aired over CFCY Sunday at 10.15 p.m.

John "Red" Foster will narrate "The Lady on Our Street", a romantic true story of a retarded child and his mother and the struggle they had for existence in the City of Toronto some years ago.

PROVIDE FACILITIES  
He went to say that the government would not act in regard to this problem until it was clearly demonstrated to them by the citizen, that they believe in this cause and that it is their wish that their government provide the facilities which are "solely needed to bring this large group of our citizens the care and custody to which they are entitled."

TO HONOR LAWYER  
HAMILTON (CP)—The bar association of Haldimand County will meet in Hamilton today to honor its oldest member, Harrison Arrell, QC, on the 60th anniversary of his admission to the bar at Osgoode Hall, Toronto, Nov. 22, 1898, Nov. 84, Mr. Arrell is still practising law and acting as Crown attorney for Haldimand. He has held the latter post for 43 years, since 1915—a record for the province.

UNSUNG HEROES  
When mountaineers reach the top of some lofty summit that has never been climbed before like Mt. Everest, all the world applauds the feat. The men who conquer the peak become famous and receive many kinds of awards and honors. They have earned this recognition, but they would be the first to admit that they did not deserve it alone.

It takes many other men, working together, to master the loftiest peaks. Other men, just as brave and determined, help to explore the routes and establish the camps. Dozens of native porters carry the heavy loads and suffer the hardships and hardships. Only two men may have reached the summit, but hundreds of other men helped. They are the unsung heroes. Here is a symbol of human progress—we climb the greater heights of achievement only by working together.

And so the Bible Society with its exciting record of achievements, is indebted to its great founders and leaders, but its continuance depends on Christians like you and me... in all walks of life.

The Society, more than ever urgently needs our prayers, work and money. On the Island we also help when we make a purchase at The Bible House, the profits of which are used to extend the work of giving The Word to every man in his own tongue.

At this time at The Bible House is featured in addition to Bibles, books, religious novelties, program material and greeting cards—all giving meaningful emphasis to the approaching Christmas season.
