HALIFAX, Sept. 4.

Howard Symonds, of the W. S. Symonds & Co.'s foundry, died suddenly this morning.

Civic elections are exciting unusual interest, and a clean sweep of the retiring aldermen may be expected. Mayor Tobin will probably offer for re-election, and will be opposed by Joseph Seeton, a prominent merchant.

Hon. Dr. Tupper will remain in town until the 11th. His son Charles, a rising young barrister, is to be married to a daughter of Hon. James Macdonald, Minister of Justice, on the 9th.

The finding of gold on the Cobequid mountains has created quite an excitement.

Captain John Mann, of the bark Anglesea, and James Griffin, of the barque Mary A. Marshall, have been drowned at sea.

It is said that H. M. S. Tourmaline is here at the disposal of the Marquis of Lorne.

CINCINNATI, Sept. 4.

Mr. Jos. W. Hunt, President of the Toledo, Delphos and Burlington Railways, while attempting to cross a side track where the engine was shifting cars at Delphos, yesterday, was caught between the bumpers and crushed to insensibility. He then fell to the ground and several cars ran over him, causing instant death. The deceased was quite prominent in railway circles.

TRENTON, N. J., Sept. 4.

This morning a man named John Toman jumped into the canal at the prison lock, in this city, with his son aged nine in his arms. The man was drowned and the boy rescued. Toman's wife was found in the cellar of her house sewed up in a bag and badly cut about the throat and other injuries which indicated that she had been choked. She died in hour afterward. Toman was released from the State Prison only two weeks ago.

SPRINGFIELD, Mass., Sept. 4.

Lizzie Sheppard, a mulatto, aged twenty-five, was arrested to-day, charged with murdering the two and a half year old son of J. W. Smith, in whose family she worked. Arsenic was found in the stomach of the child. The woman had prophesied the child's death, and the only explanation is that she took this means of gaining a reputation among the blacks here as a Voodoo prophetess.

CINCINNATI, O., Sept. 4.

The body of Willie Anderson, suspected of the murder of three women at Wynesville, was found this afternoon in an occupied water station at Plainville, where he suicided by shooting.

THE ELECTIONS IN CALIFORNIA.

SAN FRANCISCO, Sept. 3, midnight.

About 6000 votes have been canvassed in the city. If they can be considered indicative of the way matters stand in a few precincts, the Republican prospects for carrying the city are excellent, although Kaloch is running ahead of his ticket, but appears to get his outside vote mostly from Democrats and H. B's. Reports from the interior are too meagre to afford a basis for a conclusion as to the result. In comparing the returns with the vote on the constitution the outlook is favorable to the success of the Republicans.

HISSING THE QUEEN.

LONDON, Sept. 4.

It is stated in Dublin that the Lord Lieut. of Ireland has requested the police authorities of Limerick to make special reports of the circumstances under which Charles Stewart Parnell, Member of Commons, at a recent Banquet suffered the hissing which greeted the toast of "The Queen" to pass unnoticed, though he is a Magistrate and Member of Parliament.

MISCELLANEOUS

Captain Paul Boyton is to be married. Hereafter he proposes to float with the tied.

During the occupancy of the Ontario Government House by the Vice-Regal Party, Lieutenant Governor Macdonald and family will board at an hotel in Toronto. This will be doing matters very handsomely indeed.

It is stated that a new project for the construction of the system of canals connecting the Caspian with the Black Sea, is now being considered by the Russian Government. Russian advices also affirm that the Government has commanded the Khan of Khiva to furnish 5,000 workmen for the works connected with directing the Oxus River into its ancient channel in the Caspian Sea.

Archibald Rogers, a life prisoner in the New Brunswick Penitentiary for the murder of Linus Seely, was formerly a sailor, and he devotes his spare time to the construction of miniature ships. Three specimens of his handiwork have been on exhibition for some time. They were presented by him to the Managers of the Masonic fair, soon to take place. A petition is now in circulation, asking for Rogers' pardon, and it is receiving many signatures.

The following standard resolution is submitted at the farmers meetings in England, and in nine cases out of ten carried: "That in the opinion of this meeting all agricultural and other foreign productions when imported into Great Britain should be made to bear a fair share of the taxation of the country. On the other hand, the workingmen are demanding protection, or at least reciprocity of tariffs, and altogether the prospects of Cobden Club are far from bright.

The following record shows the marked improvement in the speed of trotting horses within the last sixty years: In 1820 the best mile time was 3:00; in 1820, 2:30; in 1840, the best record, by "Dutchman," 2:28; in 1850 "Lady Suffolk" made a mile in 2:26; in 1860 "Flora Temple" made a record of 2:19; in 1870 "Dexter" trotted a mile in 2:17; in 1876 "Goldsmith Maid" completed a mile in 2:13; in 1878 "Rarus" (against time) made a mile in 2:13; on the 9th ult. "Edwin Forrest" made a mile in the unparalleled time of 2:11.

A lecture delivered at the Berlin University some three months ago by Prof. Dubois-Reymond, bears the ominous title, "The End of our World," and says that every movement upon our planet, with the exception of the ebb and flood, which are caused by the attraction of the moon, is occasioned by solar heat. As, however, the sun loses every year a portion of his caloric, science has lately come to the conclusion that he will not exist as an emitter of warmth longer than for seventeen million years to come. During that space of time our earth will get colder and colder, in proportion as the solar heat shall diminish. The ice will advance from the poles to the equator; the earth's populations will gradually recede before the advancing glaciers; the sun will become less and less luminous, until he will present the appearance of a dark-red ball; and finally it will annihilate all vitality on our planet.

THE LATE BOAT RACE.—A cartoon, the work of Mr. E. Clare, was exhibited in the window of Mr. M. McLeod's store, Charlotte street, yesterday, and attracted great attention. The subject is taken from the late race at Halifax and represents Ross as weeping over his "dead record," which "died Sept 1st, at Halifax." Sheriff Harding, dressed in full canonicals, is reading the "burial service" while two gentlemen stand by with their handkerchiefs closely pressed to their eyes. The lining of the pockets of one of them is turned inside out and marked "Barney B." while at the other's feet is a box labeled "Dr. DeVeber—St John Medicine Chest." The "record" is in a "shell" draped with black cloth. In one corner of the of the back-ground is represented a balloon soaring heavenward, with on it the inscription, "St. John—\$30,000" while on the other is the following epitaph, surrounded by a black border; "In memory of Pompey who died Sept 1st, 1879, leaving many friends to mourn his loss." The idea is excellently carried out, and the artist is to be congratulated upon the success which has attended his effort. Photographs of the cartoon are being made and will be offered for sale in a few days.—*News.*
