Alaskans voted on acceptance of statehood, plus state and congressional officers. Nineteen-year-olds and over were eligible to vote.

Hurricane Brings Storm Warning To P. E. Island

HALIFAX (CP)—Prince Edward Island, Nova Scotia and southern New Brunswick were warned Thursday night to prepare for high winds beginning this afternoon (Friday). A hurricane warning issued by the weather office here said hurricane Daisy is moving steadily toward Yarmouth in southwestern Nova Scotia. The Yarmouth area is expected to be in the centre of the storm late this afternoon. Strong gales of 50 miles an hour are forecast to sweep across the Maritimes with gusts as high as 65 miles an hour. Sea winds are expected to reach 75 miles in gusts from the Nova Scotia coast to 300 miles in the Atlantic. Bay of Fundy and Northumberland Strait waters are also reported in the path of the hurricane and high tides are expected.

Fishing Vessels Scurry To Port, Apple Growers Worry

HALIFAX (CP)—Fishing craft along the Atlantic seaboard scurried to port Thursday and anxious Nova Scotia fruit growers awaited helplessly with the rest of the Maritimes for the expected arrival today of hurricane Daisy. The weather office here said in an 11 p.m. ADT advisory that Daisy, packing winds with gust to 75 miles an hour was expected off the southwestern tip of Nova Scotia late this afternoon. If the storm's course remains the same, it will roll up the province's south coast tonight and reach Newfoundland Saturday. A weather report said the hurricane would "weaken all the way."

De Gaulle Starts Round Of 30 Meetings With Algerians

ALGIERS (Reuters)—Premier de Gaulle turned salesman Thursday in a bid to have his proposed new constitution accepted by the leaders of Algeria's diverse population. He started a round of 30 meetings with religious, professional and labor union leaders of all ethnic groups. He promised a major policy broadcast today. De Gaulle plans to return to France after a 13,000-mile tour of France's African possessions to try to rally support for the constitution. The document would join France and its colonies in a community of federal states but with France retaining important powers, including defence and foreign relations. African territories will join

Hees Seeks Chignecto Canal Data

OTTAWA (CP)—Transport Minister Hees told the Commons Thursday night he has asked the public works department for a preliminary engineering estimate on the cost of constructing the Chignecto canal between New Brunswick and Nova Scotia. Then a further economic study would be made and he would report to his colleagues on what should be done. Previous studies had indicated "doubt" whether benefits would outweigh the "very heavy costs."

Britain Sees Market Here As Fabulous

HALIFAX (CP)—Britain believes it has a "fabulous" market in Canada "and we mean to sell as hard as we can," the United Kingdom trade commissioner said here Wednesday. Kenneth McGregor told a service club Canadians have a "great reputation for being the keenest buyers in the world."

Escape In Plane Crash

MINNEAPOLIS (AP)—An airliner that failed on takeoff carried 58 passengers on a terror-filled slide through a farm field Thursday but held together long enough for them to get out alive. Within minutes after they crawled to safety the plane was a blazing ruin.

BOY KILLED

FREDERICTON (CP)—Douglas DeLong, 10, was killed Thursday when he fell from his bicycle under the wheels of a truck.

Nfld. Gov't Forecasts More Revenue, Spending

By IAN MACDONALD Canadian Press Staff Writer ST. JOHN'S, Nfld. (CP)—More spending and more revenues were predicted in the 1958-59 Newfoundland budget tabled in the legislature Thursday. It contained no tax changes. Finance Minister Spencer, reporting a 1957-58 deficit of \$2,297,000, forecast a whopping gross surplus by next March 31 of \$14,317,000. Expenditures would be \$59,32,000 compared with revenues of \$74,140,000.

Ottawa Announces 50 Per Cent Hike In Grants To Universities

OTTAWA (CP)—The federal government Thursday increased by half its grants to Canadian universities, boosting the total to \$25,600,000 this year. The grants are to be made on the basis of \$1.50 a head of population, up from the present scale of \$1 on which the original estimate of \$17,100,000 for the year was made.

91 ELIGIBLE

Ninety-one universities and institutions of higher learning are eligible to receive the grants, but only 84—all but seven in Quebec province—will collect. The Quebec government has prohibited universities in that province from accepting the federal grants, claiming they are an invasion of provincial rights in education.

DON'T CALL ME BEFORE 2058

GLASGOW, Scotland (AP)—Like to take a long, cool sleep and wake up a hundred years from now? It could happen—and soon, Dr. A. S. Parkes, an expert on deep freezing, told the British Association for the Advancement of Science Thursday.

HEADS SAINT JOHN POLICE

SAINT JOHN, N.B. (CP)—J. Wesley VanWart 54, was unanimously chosen chief of the Saint John Police Department at a special meeting of the Common Council Thursday. He had been acting chief since Aug. 16, when the body of Chief J. J. Oakes was found in the Oakes garage, locked in from the inside. There was a bullet wound in the head and a police revolver lay beside the body.

Sees Changes In Farming Industry

QUELLEPH, Ont. (CP)—The agricultural industry of the future will be more mechanized, more specialized, more commercialized and more highly capitalized, says Dr. W. M. Drummond, Canadian economist. He told delegates to the agricultural engineers conference here that agriculture would be more intensive, more scientific, more competitive and more characterized by business risks than at present.

PRODUCTION COST UP

"The demand for non-food items, including farm produce goods, has been increasing much faster than the demand for food products and prices received for them have kept on rising. The demand for non-agricultural goods has increased, farm production and living costs and thereby reduced the benefits derived by farmers from the general expansion."

PM Plans World Tour And Far North Visit

OTTAWA (CP)—John Diefenbaker this fall and winter will pack a world tour and a visit to Canada's far north country into the busy travel schedule he has followed since becoming prime minister.

ITINERARY INCOMPLETE

Details of Mr. Diefenbaker's itinerary have not yet been completed beyond the dates he will be in the United Kingdom. He will be away from Canada for five weeks, returning sometime in December.

Two-Year Term In Highway Deaths

HAMPTON, N.B. (CP)—Manford Curtis Anderson, 28-year-old New Brunswick resident charged with criminal negligence in the deaths of two young children at Sussex Corner, N.B. May 13 was sentenced Thursday to two years in the Maritime penitentiary at Dorchester, N.B. and prohibited from driving a car for five years. The jury deliberated for an hour at the conclusion of the New Brunswick Supreme Court trial. The charge was laid after Deborah Ann Smith, 6, and her brother, Stephen David, 2, were struck by a car while playing in their driveway. The car, passing on the highway, swerved off the road.

Peiping Radio Says Invasion Planned, Urges Surrender

WASHINGTON (AP)—The United States denounced Red Chinese "aggressive expansionism" Thursday and warned Peiping again not to try to conquer the islands of Quemoy and Matsu, off the Chinese Nationalist base of Formosa. The state department took the unusual step of issuing a statement in reaction to a Peiping Radio broadcast. The broadcast quoted the Red Chinese commander in the Quemoy area as saying his forces were determined to liberate Taiwan (Formosa) and that a landing on Quemoy was imminent.

IGNORE NAVY

The claim ignored the fact that Red China's sea forces are weak and the U.S. 7th fleet can control the strait. Meanwhile Gen. Wang Shun-ning, chief of the Nationalist general staff, declared that the Red mainland would be bombed from Formosa "when it is necessary."

See Iceland's Attitude In Fisheries Dispute

REYKJAVIK, Iceland (Reuters)—Iceland's determination to enforce its new 12-mile fishing limit appeared to be hardening Thursday night as Fisheries Minister Josefsson announced that no proposals have been received from a Paris conference seeking a solution to the dispute. Josefsson, a Communist member of Iceland's coalition government, said orders forbidding Icelandic trawlers from fishing in main breeding grounds inside the 12-mile limit will be published today.

U.S. Court Puts Off Ruling On Little Rock School Issue

WASHINGTON (AP)—The U.S. Supreme Court held an emergency session on the Little Rock, Ark., school integration crisis Thursday and then put off a ruling for at least two weeks. After hearing arguments the court called for an hour's recess, ran it on an extra half hour, then returned to the bench to announce a call for more arguments Sept. 11.

NO MOONSHOT: USSR

AMSTERDAM (Reuters)—Russia has not yet tried to launch a moon rocket, a Soviet scientist said Thursday. Professor Leonid Sedov of the Moscow Academy of Sciences said: "I can state definitely that there have been no attempts to launch a rocket to the moon from our country as yet."
