**Dean Gallon Is Promising 4 Year Old**  
 Quite a number of potential race horses are being "jogged" on the smooth roads around Kensington. Earl Semple had the promising four year old stallion, Dean Gallon, out on Tuesday. To the casual observer he is a beautiful looking specimen of equine flesh. He looks as if he might be a "two minute" horse—with ordinary luck.  
 Mr. Semple has great confidence in him, having refused an offer of \$12,500 for him. His friends wish him every success and sincerely hope his faith will be justified.

 The Alberton Fire Brigade was called out about 10:30 A.M. on Saturday to a grass fire which was out of control behind the residence of Mr. Harvey Murphy on South Main Street. In this area there was a considerable amount of long dead grass on a number of adjoining lots. Recognizing this as a potential source of more fires, the one which began Saturday was permitted to spread while the firemen stood guard. Thus there has been removed from one section of town the danger of more fires this season.

*Do we use all our nickel in Canada?*

*"But when the threat of war is over, will we keep all our nickel at home?"*  
*"We can't do that either, son. If we did, this country could use only about 10 per cent of the nickel we produce. There's another reason too. We bring in a lot of things we need from other lands—things like cotton, oranges, china, tea and coffee. The nickel we export helps provide the money to pay for these things."*
