Encouraging Campaign Totals For Red Cross

While the latest reports of the 1952 Red Cross campaign all across Canada show that the total is now 5 per cent ahead of the same time last year with 85 per cent of the objective of $5,222,000 in hand it is encouraging to know that though Prince Edward Island has the lowest percentage of any Province they are almost 15 pr cent higher than they were at this same time last year. "... the willingness to find a way"

A man who started a new business a few years ago recently wrote to pay tribute to the bank's part in helping to make it a success:

"We were fortunate in having, as our banker, a man who could combine with experience the willingness to find a way that called not for experience alone but for imagination as well."

The chartered banks are forever alert to the fresh problems, the changing needs of their customers. At all times, in all *your* banking problems, you can depend on your local bank to bring experience and imagination to the task of helping you to "find a way".

The Hon. Ray Lawson, Oakville, Ontario, was elected president of the Canadian General Council of the Boy Scouts Association, on the nomination of Canada's Chief Scout, the Hon. Vincent Massey, at the annual meeting in Ottawa recently.

Canada's Boy Scout membership reached a new high record of 134,215 at the end of March, 1952, an increase of 5,455 since December 31, 1951 when there were 128,760 members. At the end of 1945, census figures showed a total of 94,677 Scouts in Canada.

"B.-P.'s Copse" at Charterhouse School, County of Surrey, England, has a special significance for Scouts—for here as a schoolboy Lord Baden-Powell practiced Scouting. The wood was out of bounds—so he learned to "freeze" when a master passed by; and he snared rabbits, skinned and cooked them over smokeless fires to avoid notice.

From April 23 to 28 last, thirty schoolmasters camped in "B.-P.'s Copse" to learn about Scouting.

When from 6,000 to 7,000 Brownies, Wolf Cubs, Girl Guides and Boy Scouts hold their 14th annual parade in Hamilton, Ontario, on May 17th they will be reviewed by the Governor-General, the Hon. Vincent Massey, who is also Chief Scout for Canada.

Accomplishments Of Nfld. Gov't Listed By Premier

ST. JOHN'S, Nfld., May 19 — (CP) — Premier Smallwood said his government will have accomplished more in its first four years of office to improve Newfoundland's public services than any previous administration.

Replying to Opposition criticism of the budget, the Liberal Premier said $23,500,000 had been spent on school buildings, new roads and hospitals. Eight new hospitals had been built and two others completed.

Other accomplishments:

On industrial expansion alone, the government has spent, loaned and invested $17,000,000.

New schools completed by the end of the present financial year will total 124, and 247 have been renovated. School attendance rose 8,000 in three years. Current account spending on education was up 56 per cent.

In the health field, up 53 per cent, the infant death rate was improved 17 per cent, the maternal by 50 per cent, and tuberculosis by 36 per cent.

Some 470 miles of new roads and 200 miles of snowmobile trails were built.

Mr. Smallwood said Progressive Conservative Leader Jeter J. Cashin's budgt criticisms were as accurate as his own forecasts had been when he was finance minister.

"Major Cashin has brought down three budgets altogether," he said. The first, in 1929, predicted a deficit, and he ended the year with a surplus. The next had predicted a surplus and he ended with a deficit of $3,250.000. The third predicted a deficit of $500,000. He ended with a $4,000,000 deficit.

"Then he crossed the floor and he spent the rest of his life criticizing whatever government that happened to be in power."

Reviewing the tax policy. Mr. Smallwood said Newfoundland would receive $34,850.000 through taxation, the Federal government contributing $22,000.000.
