U.S. Will Take Raid To The UN

WASHINGTON (AP) — President Eisenhower said Monday night he is taking to the United Nations this morning the Israeli military penetration into Egypt.

At the same time, in a statement issued after an extraordinary night conference at the White House, Eisenhower said the question of whether or not to call a special session of Congress "will be decided in the light of the unfolding situation."

Eisenhower said "We shall honor our pledge" to assist the victim of any aggression in the Middle East. This pledge is contained in the U.S.-British-French declaration of May 25, 1956.

The president met at the White House for 90 minutes with State Secretary Dulles, Defence Secretary Charles E. Wilson, Allen W. Dulles, head of the central intelligence agency, and Admiral Arthur W. Radford, chairman of the chief of staff, as well as other officials.

WILL HONOR PLEDGE

Presidential press secretary James C. Hagerty issued this statement on Eisenhower's behalf to some 100 reporters at the White House:

"The president recalled that the United States under this and prior administrations has pledged itself to assist the victim of any aggression in the Middle East. "We shall honor our pledge. "The United States is in consultation with the British and French governments, parties with us to the Tripartite Declaration of 1950,

and the United States plans as contemplated by that declaration that the situation shall be taken to the United Nations Security Council tomorrow morning.

NEAR SUEZ

While the conference was in progress, Israeli forces were reported to have struck to within 18 1/2 miles of the Suez Canal.

Senator Walter George (Dem.-Georgia) said the situation may call for an immediate special session of Congress.

Eisenhower, who Sunday issued an extraordinary appeal to Israel and the Arabs to avoid warlike acts, was smiling as he stepped off his plane at the end of a day of campaigning that had taken him as far south as Miami.

Eisenhower reached the White House at 7:10 p.m. and Dulles arrived almost at the same time. Also arriving at the White House for the meeting was Allen Dulles, the secretary's brother and head of the central intelligence agency. This is the agency that co-ordinates all the intelligence information gathered by the armed forces and otherwise for the U.S. government.

Record NS Vote Forecast Today

HALIFAX (CP)—Nova Scotia voters are expected to elect a Conservative government today in the sixth provincial election in Canada this year.

Chief electoral officer Dugald Sutherland says about 400,000 are registered to vote, roughly 30,000 more than in the last election in 1953.

Earlier this year citizens of New Brunswick, Quebec, Saskatchewan, British Columbia and Newfoundland re-elected their governments with increased majorities.

REPORTER SHOT

LONDON (AP)—The foreign office was advised Monday that Noel Barber, a correspondent for the London Daily Mail, was shot in the head by a Russian sentry while covering the fighting in Budapest. Leslie Fry, British minister in the Hungarian capital, reported that the wound was not serious and that the reporter was being attended by a British doctor in the legation.

BEST OATS

Just before the turn of the cen-

tury, in 1899 to be exact, Dr. James W. Robertson, Commissioner of Agriculture and Dairying for Canada, set aside \$100 of his personal money to provide prizes to children who would send in the best 100 heads of oats or wheat from their home farms. The response was so great that the next year, 1900, Sir William Macdonald joined Dr. Robertson by offering \$10,000 for a three year Canada-wide competition, with the double object of stimulating the

RUSSIAN ACTION UNCERTAIN

VIENNA (AP)—The Hungarian Army high command announced Monday night that Russian troops have begun to withdraw from Budapest. The battle of Budapest appeared to be ending, but rebellion still blazed in the countryside. Budapest radio carried an announcement by the army command saying the defiant young rebels in the capital will surrender their arms by 9 a.m. today as the Russians carry out their evacuation. This followed earlier word from Premier Imre Nagy's government that the rebels had agreed to turn in their arms and the Russians would leave within 24 hours.

RUSSIAN LEAVING

But the high command announcement said Hungarian troops were already replacing Russian troops in the industrial section of southern Budapest and that the evacuation of that area would be completed by dawn. The high command added that replacement of Soviet troops by Hungarians and "unhindered withdrawal from Budapest" of the Russians were "conditions for additional evacuation of Russian forces. GET \$500 FROM IRVING OIL OFFICE

ST. STEPHEN (CP)—A thief or thieves escaped with approximately \$500, from the Irving Oil Company's business office here, branch manager Jack Lee reported. An iron safe was turned upside down, and the money reached by chiseling through layers of iron, concrete and steel with a hand tool or tools. Mr. Lee said he thought entrance was made by prying open a window. The company's tank-truck drivers, he said, had not brought their week's cash into the office to be placed into the safe, prior to the theft. Therefore the thief or thieves missed several hundred dollars.

PROGRESS BACKWARD

Conservative leader Stanfield said the province is making progress backward rather than forward, that it has lost its Maritime economic leadership to New Brunswick. Main plank in the Conservative platform is establishment of a \$10,000,000 industrial development corporation, half the capital to be raised from private and municipal sources. Public ownership of power utilities and a stepped-up search for new industries are chief points in the CCF platform.

Fears Grow That War May Be Near In Explosive Mid-East

JERUSALEM (AP)—Israeli armed forces struck deep into Egypt's Sinai Peninsula today and were unofficially reported only 18 1/2 miles from the Suez Canal and about 120 miles inside Egyptian territory. War fears rose around the world.

Egypt's army confirmed the invasion but said there had been no armed clash up to 11 p.m. Monday, (5 p.m. AST).

AIMED AT COMMANDOS

An Israeli foreign ministry spokesman said the army attack was designed to "eliminate Egyptian fedayeen (commando) bases in the Sinai Peninsula." The spokesman said 24 Israelis were killed or wounded by mines planted in the southern Negev within the last week. The Israeli Negev lies just across the border from the Sinai peninsula.

REMAIN IN EGYPT

The Israeli forces were remaining in the area, not withdrawing as they have done in reprisal raids. An Egyptian army communique said frontier forces reported the Israeli forces Monday night reached the road junction of El Kuntilia, four miles inside Egypt. The communique made no mention of deeper penetrations reported by Israeli sources.

SAY OUTPOSTS SHELLED

Israeli authorities said the attack was made necessary because of what they called continued Egyptian attacks on Israeli and on the Israeli nation's sea and land communications. The American chairman of the Egyptian-Israeli mixed armistice commission at Gaza, Lt. Col. Robert Bayard, said Egypt complained that Israeli artillery east of Gaza, shelled Egyptian outposts for 10 minutes earlier Monday. An Egyptian military spokesman at Gaza also charged Israeli planes twice violated the Gaza coastal strip. Bayard said a UN observer had been sent to the scene.

TO UNITED NATIONS

As fears rose that war might be near in the explosive Middle East, there were these developments around the world. 1. In Washington, State Secretary Dulles called on Britain and France to join the United States in taking the Israeli attack to the United Nations Security Council. 2. President Eisenhower summoned Dulles to an emergency conference. Senator Walter George (Dem. Ga.), chairman of the Senate foreign relations committee, said the Sinai attack may necessitate an immediate special session of U.S. Congress. 3. In London, Prime Minister Eden called an emergency meeting of cabinet ministers to discuss the crisis. 4. In New York, UN Secretary-General Dag Hammarskjold consulted urgently with Security Council members. 5. In Ottawa, the Canadian government announced it is reconsidering an order that would have allowed a sale of 24 Canadian-built Sabre jet fighters to Israel. 6. In Cairo, an Egyptian military spokesman confirmed that Israeli forces entered Egyptian territory but he said there had been no fighting in the Sinai area up to 11 p.m. (5 p.m. AST). 7. Israel went on a war footing. Reserves were called up.

ORDER NATIONALS OUT

Britain and the United States, alarmed at the possibility of war, ordered their nationals out of Jordan. Canadians were advised by the external affairs department in Ottawa to leave Israel, Jordan, Syria and Egypt. The U.S. began flying dependents of government employees out of Jordan, Israel and Syria. It also asked Americans to quiet Egypt. In Damascus, Syrian Defence Minister Abdul Rasid Raslan said Egypt, Jordan and Syria had taken all necessary measures to meet

Russians Will Stay In Hungary Zhukov Says

MOSCOW (AP)—Defence Minister Marshal Georgi Zhukov said Monday night Soviet troops intervened in Hungary's unrest "in the spirit of the Warsaw Pact" and could be withdrawn from that country only by common agreement among members of the pact. And Foreign Minister Dmitri Shepilov said Soviet troops would not be withdrawn from Budapest until the rebels lay down their arms. But Shepilov, in answer to other questions by reporters, added: "The fact of the matter is that Soviet troops, as has been announced, have already stopped fighting...if the rebels lay down their arms in the next few days, Soviet troops in the next few days will evacuate Budapest and return to their (Hungarian) bases." The two ministers talked separately with reporters at a Turkish National Day reception at the Turkish Embassy. DENIES TROOP MOVEMENT Zhukov denied any Soviet troops had crossed the border into Hungary in the last 24 hours to reinforce units already there.

Hundreds Give Big Welcome To Cardinal Wyszynski Monday

WARSAW, Poland (AP)—Hundreds of Roman Catholics gave a cheering and singing welcome to Stefan Cardinal Wyszynski Monday in his first public appearance since his release from three years of house arrest. The crowd finally, hushed after the 55-year-old primate of Poland stepped out on the balcony above the main entrance to his palace and told them: "I thank you for your prayers. Now, when we are sure that we have won, let us work for peace in our country because peace is the guarantee of our freedom." Time and again the freed archbishop appeared on the balcony in response to cheers from the throngs in the courtyard. Despite his three-year confinement in a rural monastery, he looked vigorous and healthy in his long black robes. He wore a red skull cap. On his breast hung a cross of silver and ebony. The cardinal returned to Warsaw Sunday night from the monastery where he had been confined since September 1953. His release followed talks between the cardinal and a delegation from the Polish government, including Leon Kliszko, deputy minister of justice and a close associate of Wladyslaw

Gomulka, chief of the Polish Communist party. (In Vatican City, L'Osservatore Romano hailed the cardinal's release and expressed hope that it might be the signal for repeal of Poland's anti-church laws.)

ROKOSOVSKY OUT

While the country's Catholics rejoiced over the cardinal's return, that Marshal Konstantin Rokossovsky, Poland's defence minister installed by Stalin, is finished. Radio Warsaw said Gen. Marlon Spychalski, the once-jailed Titoist, is running the Polish defence ministry. The broadcast said Rokossovsky has "gone on leave" and that Spychalski is "performing" Marshal Rokossovsky's duties. Spychalski was appointed a deputy defence minister after the Polish anti-Moscow upheaval which restored his old friend, Gomulka, as head of the Polish Communist party and ousted pro-Moscow Rokossovsky from the party leadership. Reports circulating in Vienna said Rokossovsky was under house arrest. Other reports said he had returned to Moscow. Apparently, however, he still retained his post as a deputy chief of the Warsaw Military Pact powers.

Ontario Couple Sentenced To Be Hanged Feb. 7

SUDBURY, Ont. (CP)—Eli and Christina Guay, parents of seven children and expecting their eighth, Monday night were convicted of murder in the beating death of a 79-year-old recluse. They were sentenced to be hanged Feb. 7. Eli, 37, and his 27-year-old wife heard the verdict of the Ontario Supreme Court jury little more than two hours after it deliberated. The Guays, from nearby Espanola, were charged in the death of William Snider of Spanish River. He was found dead in his old cabin last June. "NEVER WAS IN THERE" "I remained silent when Mr. Justice Gale asked him, before sentencing, whether he had anything to say. But his pregnant wife rose to speak on his behalf. She said: "If anybody is guilty, it's myself. I will pay the full penalty." Asked again whether he had anything to say, Eli declared: "I never was in there. I am not guilty."

Singapore Riots Simmer Down

SINGAPORE (Reuters)—Singapore simmered down Monday as police kept the city generally quiet after four days of rioting in which 14 persons were killed and about 130 injured. Police opened fire late Monday night at a Chinese school entering the Chung Cheng High School, one of the starting points of last week's unrest. An official statement described the incident as "minor." Police and troops in armored cars and helicopters continued to patrol the city.
