

accounts for what we have heard of the defective discipline maintained in the College.

A Charlottetown Hotel Company has applied for incorporation. We are glad to learn the new Hotel is to be built on something more substantial than an airy foundation.

The hon. Mr. Haviland has introduced a bill permitting the officers of the law to take in execution gold and silver coins, Treasury Warrants, Debentures, Notes and Bank Notes. It seems that in the present state of the law a debtor can have his pockets and his drawers full of cash and valuable securities, and yet laugh at the Constable and his creditor. We for our part do not see why such valuable property is not quite as liable to seizure as tables, grain, stock, hay and straw. The poor honest man who has a little of such property about him can be stripped of the whole of it by his creditors, but the rich scoundrel who manages to elude the vigilance of the Sheriff may walk off with thousands of pounds of Treasury Warrants and bank notes, or if he is caught and clapped in jail, he can, while he lives like a prince, keep his creditors an indefinite time out of their money. Our plan would be to make everything that a man owns except the bare necessities liable to seizure, and abolish that hateful relic of barbarism—imprisonment for debt. Mr. Haviland's Bill also exempts from seizure the necessary wearing apparel and bedding of the debtor and his family, and his last cow. This is only what common sense and common humanity require. Some privileges that have hitherto been accorded to Attorneys are abolished and some reform in the practice of the Courts of Law made.

On Sunday evening last the Rev. Dr. Ritchie, who is about leaving the Island, preached a farewell sermon before a large body of people, in the Wesleyan Church, Charlottetown. The Dr. selected for his text those appropriate words in Phil. 1: 27. We have seldom, it ever, had the pleasure of listening to a more able discourse. At the close of his sermon he addressed the young of the congregation, warning them to avoid Sabbath desecration, which he said, led to all other kinds of sin and crime. He carries with him, we believe, the good will of the large body of Christians over whom he has presided for the past three years.

The "Eastern Chronicle" says Oats are now selling for 50 and 55 cents, and P. E. Island potatoes for 60 cents a bushel.

The House of Assembly was prorogued on Wednesday.

We learn that the railroad between Pictou and Truro, which is now completed, will be open for public traffic in a few days. This will enable persons traveling to leave Charlottetown in the morning and arrive in Halifax the same evening.

As we have to lay in a new supply of paper and other material, and as it requires a large sum of money to do this, we must make a call on all delinquent subscribers, as well as those indebted to us otherwise.

The Temperance Hall in Fredericton was burnt to the ground on the night of the 3rd instant, with all its contents.

On Sunday last the Rev. George Sutherland preached his farewell sermon in the Prince Street Free Church. The Rev. gentleman leaves the Island in a few days.

The fishing schooner "Summerside," which was disposed of at public auction, on Tuesday last, was purchased by Charles Green and R. T. Holman, Esqrs., for the sum of £1100.

Active preparations are being made in Charlottetown to erect new buildings on many of the sites of the burnt district.

Horse races are advertised to come off in St. John N. B., on the 24th May, to which horses from this Island will be admitted.

The Steamer "Commerce" arrived in Charlottetown on Sunday last, from Boston.

SUPREME COURT.—The Easter Term of the Court, for Queen's County, commenced on Tuesday last—the Lordships the Chief Justice and Mr. Justice Peters presiding. The record contained seven summary and thirteen appeal cases, all of which have been disposed of.—Ed.

We very much regret to learn that the long and very severe winter has caused considerable distress in the country districts; and what is worse, a great many of our industrious farmers, especially amongst those in King's County, will find it utterly impossible to procure seed for the now coming planting season.—Ed.

The Screw Steamer "Gulnare," Captain McLeod, arrived at this port on Saturday morning, the 11th inst., from Glasgow, via St. John's, Newfoundland, which latter port she reached after an excellent passage of eleven days. The "Gulnare" is owned by a company consisting of some of our most enterprising and active citizens. She was built at the order and under the inspection of Capt. McLeod, by Charles Connell & Co., who hold the first rank among British Shipbuilders. She is what is termed "composite," i.e., consisting of a teak planking upon an iron framework, and what may be deemed the best certificate of merit, is the fact that she has elapsed for 14 years, A. I. at Lloyds.—Pat.

I have been afflicted with a very troublesome humour in my face for six years and have tried many perscriptions to little or no avail; but having heard of J. B. Fitch's Golden Ointment I was induced to try a box, by the use of which I am cured; and believe it my duty to recommend it to the public.

At Lower Bedouque, on Sunday evening the 28th ult., of inflammation of the lungs, Mr. Richard Price, aged 60 years and six months. At New Lairg, Co. Pictou, N. S., on the 20th ult., of consumption, George W. McLeod, formerly a student of Prince of Wales College, Charlottetown.

I Was Once Totally Blind! BUT NOW I SEE!

TO WHOM IT MAY CONCERN:

SOME fifteen years previous to the date of this Certificate, I was sorely afflicted with a diseased condition of both eyes, which resulted in the formation of Cataract in either eye, thus producing total blindness, in which condition I have been for nearly or quite 13 years.

During all this time I was deprived of the pleasure of beholding the beauties of nature, on the fact of not being able to distinguish one object from another, of whatever size or color.

But my friends having heard of the superior skill of Dr. J. HOMER, formerly of Boston, Mass., but now located in Summerside, P. E. I., advised me to consult him in reference to the possibility of restoring my sight. After a minute examination he readily assured me and my friends that he would warrant a restoration of the sight by an operation.

After due consideration, my friends advised me to have the operation performed, which I consented to.

On the 21st of March, 1867, he put me under the influence of Chloroform, and operated upon one eye with perfect success; and in three weeks time he operated upon the other eye with equal success, not having any unfavorable symptoms in either during the time.

Before the operation, I could not distinguish a Barn from a Ship; in fact, I could not see any object. But to-day I can designate all the different colors; recognise the features of an inch in diameter, at a distance of two or three feet. And I am happy to say that my eyes are constantly improving in strength and power of vision.

No one but myself is able to feel the deep gratitude I owe to Dr. Homer for his extreme kindness during my stay under his treatment.

The pleasure of once more being able to recognize my friends, and the beauties of nature, stimulate me to offer a most earnest prayer to the one Great Physician, to whom we are all indebted for our present existence.

In testimony of the foregoing, I hereby subscribe my name, at Summerside, P. E. I., the eleventh day of May, A.D. 1867.
