be held to raise funds to send the Montague Fire Brigade curling team to Saskatoon later this month to take part in the Dominion finals. This idea of raising the necessary funds with a large pantry sale was suggested by Alan Nelson, a long time member of the brigade.

The team skipped by E. G. "Duke" MacDonald, with Dave Clarkson, mate, Arnold MacLure, second stone and Ralph Annear as lead won the Maritime championship at Moncton late last month.

Considerable discussion took place on the matter and most expressed the opinion that it was not right to go begging for assistance even though donations as high as \$25.00 had been mentioned by sports minded citizens.

A lottery was mentioned however most frowned on the idea saying they would rather do something that would give all value for their money. In the pantry sale people would be getting something for their money and this idea appealed to the majority. It was decided however that the committee in charge of the sale would not turn down any donations of money.

The date for the mammoth sale will be this Saturday March 12 in a place to be named today. It is the intentions of the committee with Alan Nelson, as chairman, to have a phone where

CITY AREA FUNERALS

PROWSE FUNERAL — The funeral for George T. Prowse took place on Monday morning from the Hennessey Funeral Home to St. Dunstan's Basilica where Requiem High Mass was celebrated by Rt. Rev. Men's Committee Plans Meeting

The Christian Business Men's Committee dinner slated for 6 p.m. Thursday evening at the Charlottetown Hotel will have J. Elliott Stedelbauer of Toronto, chairman of Christian Business Men's Committee International as the first of its kind since the recent formation of a Christian Business Men's Committee in Charlottetown, and is open to any business men of the Charlottetown area who would like to attend.

Wilbur Willis, president of the local committee, will be the chairman for this meeting, to which the clergymen of the area have also been invited.

The Christian Business Men's Committee is an international organization having almost 600 committees, representing many thousands of men throughout the world. The organization is made up of Christian business men from all walks of life who have banded themselves together, not to discuss business or professions, but solely and simply to explore ways and means by which they may influence other business men to accept the Lord Jesus Christ as personal saviour, as well as to witness effectively to all others whom they may reach.

The members of CBMC are men of various denominations, who have no motive of forming another church, but rather work to supplement the ministry of existing churches. The CBMC members believe that the Christian business man has a responsibility to his associates equally as obligatory and urgent as

that of the clergy to their congregations.

Mr. Stedelbauer will bring a challenging message of how a Christian business man should live and will tell of some of his many experiences in the field of business. He has been in the business of retail selling for more than 30 years and achieved the position of 7th highest General Motors salesman in Canada.

He is an elder and member of the board of managers of the Peoples Church, Toronto, chairman of the board of Crusade Evangelism of Canada, council member of Word of Life, Inc., of New York and member of the Board of Christian Business Men's College and is on many other boards and committees of various Christian movements.

He is a world traveller, having visited all continents except Africa.

It is hoped by the local CBMC that many business men of the Charlottetown area will avail themselves of this wonderful opportunity to hear this man speak.

ICE PLANT IS PLANNED

SOURIS — At a recent meeting of the Eastern Kings Arena Association it was decided to go ahead and install an artificial ice plant in the Souris arena.

There will be a general canvass in April in the 21 school districts of Souris Regional High School. It is also planned to carry out a canvass of the business establishments of Souris and surrounding districts prior to the general canvass.

It's hoped to raise about \$9000 through Centennial grants due to the fact that there are approximately 4500 people in the

When you've just got engaged, and you want to make plans, Eastern & Chartered Trust will help.

Even if you don't have an account with us.

Making plans together is half the fun of getting engaged isn't it? That's why it's a pity so many engaged couples are still trying to do their financial planning separately. It isn't that they want to be apart. It's just that they're still operating with separate savings accounts. That's where we can help. If you're engaged, we can show you how to set up joint accounts to handle all your needs. Now, and for the future.

Example: We'll show you how a joint savings account with it's 4% interest and free checking privileges can help you with your immediate needs. Like saving for the wedding. Or for all those things you'll need for the house. Or for your first rent payment. Then we can show you how you can jointly plan for the future with our Accumulating Savings Certificates that pay 42% profit if held to maturity.

HALIFAX (CP) — The weather office says except for northern New Brunswick, skies were clear across the Maritimes late Monday. Most temperatures were close to the freezing point.

Cloud north of the St. Lawrence River Valley will move across the district today. With the advance of this cloud, scattered snowflurries will develop. Skies will clear this evening, and Wednesday should be sunny, but a little colder.

Regional forecasts:

Nova Scotia, Prince Edward Island: Sunny becoming cloudy with scattered snowflurries in the afternoon; clearing in the evening; colder; winds light; low-high at Halifax 26 and 36, Yarmouth 27 and 38, Kentville, New Glasgow and Goshen 23 and 35, Sydney 26 and 35, Charlottetown 25 and 35; outlook for Wednesday: Sunny and a little colder.

High tide today at Charlottetown 12:05 p.m. At Rustico at 7:14 a.m. and 7:21 p.m. Summer-tide eighteen minutes later than Charlottetown. Sun rises today at 6:37 a.m. and sets at 6:11 p.m.

SRHS district. The grants would include \$4500 from the provincial government and \$4500 from the federal government.

The installation of the artificial ice plant is estimated to cost between \$30,000 and \$35,000.

Georgetown Plant Maintains Activity

GEORGETOWN — Since the 13th of Jan. 1966, when the ice conditions in the Gulf of St. Lawrence necessitated the transfer of their vessels to an ice free port, Gulf Garden Foods Limited have been able to maintain limited production with fish trucked from Shelburne, N.S.

The four trawlers, Gulf Guard, Gulf Gallant, Gulf Gulf and Howe Bay have been fishing off Brown's Bank and using Shelburne as their base.

In charge of the operation at Shelburne are: Captain Rolf Thorsen and Wilfred Gionet, the shore engineer, along with Dennis Clory from Georgetown who operated the mobile crane that was transferred from Georgetown for unloading the aluminum fish boxes.

Approximately 900,000 pounds of cod, haddock, pollock with a limited amount of flounder or halibut has been shipped to Georgetown since this operation commenced at Shelburne.

This arrangement is only possible because Gulf Garden Foods Limited uses aluminum boxes aboard their trawlers so that fish which have been gutted, washed and iced down into boxes aboard the trawlers can be quickly unloaded and transported to Georgetown by truck in a very expeditious manner. All fish are received in Georgetown in excellent condition.

At Georgetown the boxes are steam cleaned, filled with ice from the company's own ice making plant and returned by truck to Shelburne. Since the trucking operations began on Jan. 20th, 18 production days at Georgetown have been achieved.

Shipments of frozen products continues to Boston and shipments are now being made to Montreal.

Four railway box cars loaded

with new processing line equipment have arrived at Georgetown and another shipment is expected shortly.

It is expected that work on the installation of the new processing lines at Gulf Gardens will commence within a week and will take approximately two weeks to install. The new processing lines will replace the present temporary equipment with which the plant has had to operate with since Sept.

The Canadian Broadcasting Corporation have recently filmed the loading and unloading operations of the Gulf Garden's trawlers fishing out of Shelburne. Yesterday the CBC had a cameraman taking pictures in Georgetown of the unloading of the fish laden trucks and their re-loading with iced aluminum boxes at the Georgetown plant. Those pictures taken in Shelburne and Georgetown will be shown on a future Fishermen's Log programme.

PLAN REUNION
TORONTO (CP) — The 48th Highlanders of Canada will hold a 19th regimental reunion here Aug. 19 to mark its 75th anniversary. Lt. Col. M. E. George, a former commanding officer of the unit, announced Monday.

BLADDER IRRITATION MAY DISTURB SLEEP

After 21 twice as many women as men are made miserable by common urinary irritation caused by a germ, Escherichia Coli. To quickly combat the secondary aches, muscular pains and disturbed sleep caused by Kidney and Bladder Irritations, try taking 2 little OXYSTEX tablets with a glass of water 3 times daily for a few days. OXYSTEX is a cleaning urinary antiseptic, also an analgesic pain reliever for Rheumatism, Sciatica, Pains, Stomachache, Backache, and muscular pains. Get OXYSTEX from druggists. Feel better fast.
