Five Injured By Runaway Truck

MONTREAL (CP) — Five persons were injured Friday when a runaway 10-ton truck, its air brakes failing, smashed into a street car and sent it toppling on its side. Ten passengers were in the car when it was struck. The impact tore the upper part of the car from the under-carriage, ripped a big hole in the side and smashed or cracked most of the windows. The front of the unloaded truck was badly damaged.

CAUTIONS AGAINST IMPORTATION

Island Yorkshires Again Top All Canadian Records

Record after record continues to be broken by Island Yorkshires. Mr. Harold Clay Senior Livestock Fieldman yesterday at the Prince Edward Island Swine Breeders' Association meeting termed his report "as the most optimistic" he has ever had the privilege to make. Mr. Clay said that not only did Island swine breeder produce hogs of the greatest commercial value in Canada they had the largest percentage of advanced registry stock and topped all the provinces in the sale of breeding stock. In spite of the fact that Mr. Clay was able to report a new high in percentage of grade A hogs shipped from the Island this year, (58.8) during the month of March, he had a word of caution to give Island breeders.

125 Ontario Farmers To Visit This Province

A group of 125 Ontario farmers are expected to make a two day tour of Prince Edward Island on or about the last week in June. This was reported by Mr. Harold Clay, senior livestock fieldman with the Federal Department of Agriculture in addressing the P. E. I. Swine Breeders' Association yesterday. He presented a challenge to Island breeders when he said, "there is no reason why, with a little more caution in our weights, we can't raise our average to 75 per cent." Mr. Clay reported that three quarters of a million hogs were shipped from Canada in to the United States last year. This fact, in spite of the American retail prices being eight cents less than Canadian prices is evidence that the U.S. consumer wants Canadian bacon and it should be made certain that the quality of the products is not lowered, otherwise Canada will lose this splendid market. "I shudder to think what would happen to our prices if we were to have another 750,000 hogs to market here," he said.

Labor Columnist Loses His Sight

NEW YORK (AP) — Labor columnist Victor Riesel, who was assaulted by an acid-throwing thug last April 5, has lost the sight of both eyes. Riesel's assailant has never been identified. The newspaper man blamed the assault on his exposure of racketeers in organized labor. Since the sulphuric acid seared his eyes and face, some of the city's top eye doctors have tried to save Riesel's sight. However, Robert M. Hall, president of the syndicate which handles Riesel's newspaper column, announced late Friday that the sight was gone in both eyes.

Housing Starts In January Higher

OTTAWA (CP) — Housing starts and completions were higher in January than a year ago and substantially greater numbers of houses were under construction at the month's end than a year earlier. The bureau of statistics reported Friday that statistics rose to 4,099 from 3,953 and completions to 9,822 from 9,037. Houses under construction increased to 72,903 from 63,525.

THREE CANADIAN CAPTAINS

ASHTABULA, Ohio (AP) — Three Canadian fishing captains who pleaded guilty to fishing illegally on the Ohio side of Lake Erie were fined and released Friday. One of the captains, Cecil Martin of the fishing boat South Side, out of Port Berwell, Ont., also pleaded guilty to trying to evade arrest by running for Canada. One, two or three shots from a game warden's .38-calibre revolver was fired at the boat as it tried to escape. The patrol boat of the game warden was within shouting distance of the South Side and the vessel halted after the shot or shots. No testimony was offered in court on the shooting incident and the out-of-court version of witnesses differed. No one was hurt. REGRETTED INCIDENT Judge Herb Paulino said he...

Pleas Are Made At Paris For Fresh Vigor In NATO

PARIS (CP) — External Affairs Minister Pearson Friday urged North Atlantic Treaty Organization partners to rethink the basic principles alliance. He also expressed warm welcome of a United States suggestion for a "ginger group" of high-powered personalities to put new vigor into the pact. Earlier State Secretary Dulles, in a speech to his 14 fellow foreign ministers, proposed creation of a committee of two or three Atlantic pact ministers to work on practical ways for strengthening NATO in its political and economic fields. Dulles and Pearson spoke at the opening day meeting of the Atlantic council which is urgently considering ways to pep up NATO and meet the switch in Soviet tactics. VISIT MISS COUNTRIES It was understood Dulles suggested that members of the committee he proposed should be empowered to visit all NATO countries if necessary to probe deeply into all aspects of NATO. Pearson, in a half-hour speech on non-military co-operation under NATO, reiterated some ideas he outlined previously in speeches in Canada and Britain. He warned that Russia's new strategy of competitive coexistence leaves the Atlantic pact "exposed to new dangers. He said the relaxation of ten-

Report Potato Market Firmer

Stronger demand for P. E. I. potatoes was noted yesterday evening, and sales were reported as high as \$2.75 Toronto, per 75 lb. bag. Prices being paid locally were \$1.85 to \$1.90 for 75 lbs. bulk, delivered. This represents an advance of 10 to 15 cents per bag over the prevailing prices of Wednesday.

Ladies Exchange Barbed Remarks

OTTAWA (CP) — Two prominent women, of opposing political camps, engaged in a brief verbal clashing with utter politeness. It all started with Mayor Charlotte Whitton being late for a luncheon. Mrs. Cecile O'Regan, former president of the Ontario Liberal Federation, introduced head table guests at Thursday's federation of French Canadian women luncheon and coming to Miss Whitton, a staunch Conservative, said: "and the late mayor of Ottawa." A murmur of surprise spread through the 500 Ontario and Quebec women at the luncheon. Miss Whitton had been held up by a board of control meeting. Her face was expressionless. But when it came her turn to speak—bouncing from the English to the French language and back—she said acidly: "Mesdames, Mrs. O'Regan has referred to the late mayor. As you know in English late means dead. "I should like everyone—including Mrs. O'Regan—to know that the mayor lives. She lived yesterday, lives today and will live tomorrow. "But there may be others who can be described as late."

Forecast Warm Weather For Here

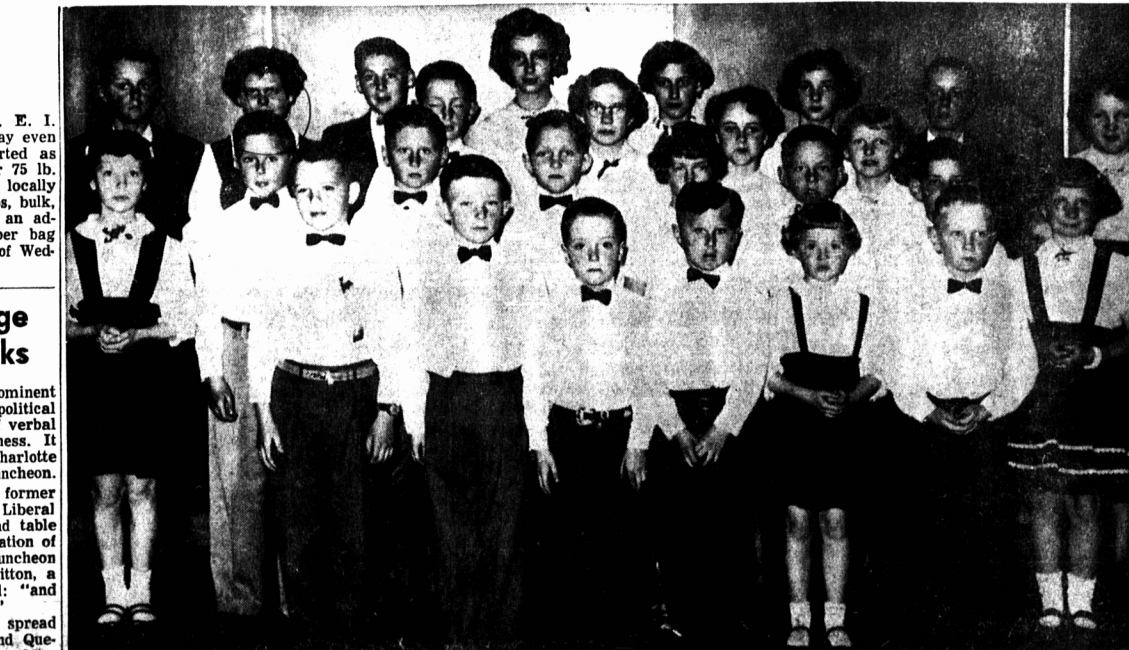

WASHINGTON, D. C. (CP) — Weather forecasters here see Canada bracketed by normal and above-normal temperatures during the next 30 days with a belt of below-normal temperatures in the prairies. The Maritime provinces and Newfoundland are in for a round of above - normal temperatures to the south, above-normal in the north. Southern Ontario will bask in a band of normal spring temperatures stretching up the St. Lawrence River. Northern Quebec is to have below-normal temperatures.

Tenders Called For Park Highway Section

OTTAWA May 4 (Special) — Tenders are called today by the public works department for the application of a seal coat to the stretch of highway from North Rustico to Cavendish in Prince Edward Island National Park. Distance is 6.9 miles. Since the roadway is in a national park and forms part of the Trans-Canada Highway, the seal coat will be paid for entirely by the Federal Government, half by the works department and the balance by the department of National Resources.

Fined For Fishing In U.S.

ASHTABULA, Ohio (AP) — Three Canadian fishing captains who pleaded guilty to fishing illegally on the Ohio side of Lake Erie were fined and released Friday. Big Frozen Food Plant Reportedly Negotiating

It is reported that negotiations have been all but completed for the setting into operation a three-quarter million dollar frozen food plant at Sherwood. This information was learned unofficially and has not been confirmed from Government sources. The company intending to start operations here is the Heeneey Frozen Food Products, with headquarters at Portage LaPrairie, Manitoba. They are producers of a well known brand seen in food markets. It is reported that the company wants a guarantee of a sufficient water supply before beginning operations. It has been stated that the frozen food plant will require an amount of water equivalent to that used by the City of Charlottetown. The Heeneey Company are processors of all types of frozen fruits and vegetables and their products and it is anticipated that they would handle all of the products which they now process in their other plants. While it is difficult to predict what employment such a plant would provide, it is believed that at least 75 people would be required during the peak season. In addition to this the plant would require Island farmers to grow large quantities of peas, beans, carrots, etc. as well as the larger and smaller fruits. It is hoped by the negotiating parties that the plant will be able to handle the processing of this year's crop.

Full Representation Of P.E.I. Liberal Women

OTTAWA (Special) — Senator Elsie Inman of Montague was singled out for special mention by Prime Minister St. Laurent at the annual banquet of the National Federation of Liberal Women held here Wednesday night. While Mr. St. Laurent voiced praise for executives of the Federation and other women commoners and Senators, his first word was for the Prince Edward Island representative. In this connection, the Prime Minister said: "Last summer it was by privilege to recommend the appointment of Mrs. Inman as a representative of her Province of Prince Edward Island in the Senate. I am confident that Mrs. Inman will make a real contribution to the deliberations of our Upper Chamber as the several other honorable ladies are doing". They spent some time in the galleries of the House of Commons during the early afternoon session period and also attended a session of the Senate. Thursday evening on the eve of their return to Prince Edward Island, the delegation were guests of Senator Inman at a dinner in the Parliamentary restaurant. At the dinner also was Mrs. E. M. Bagnall of Saint John, a sister of Senator Inman. During her stay in Ottawa, Mrs. Bagnall has been the hostess of the delegation and Mrs. W. R. Inman at their home on Renfrew Avenue. The delegation was entertained at luncheon on Wednesday by Mrs. Barbour, wife of Senator George Barbour and was received by the hon. Mrs. Barbour, Mrs. J. P. McIntyre, wife of Senator McIntyre and Mrs. Grant, wife of Senator T. V. Grant. Other members of the delegation taking active part in the Federation meetings were: Mrs. L. H. Fook, a vice-president of the Federation for P.E.I. and also president of the Montague Women's Liberal Club; Mrs. Russell Roper, president of the Charlottetown Women's Liberal Club, and Mrs. A. P. Mulligan representing the Liberal Women of Prince. Senator Inman in addition to her senatorial capacity was a delegate for the Montague Women's Liberal Club. Resolutions from the Island delegation were not brought to the floor of the Federation meeting because they had been submitted too late for the cut-off date. One of their dealt with the key question of Island-mainland transportation. Business meetings at the Federation were interspersed with Social gatherings at which however, party matters were frequently discussed. On Tuesday the delegation were guests at luncheon of Senator Inman and Mrs. J. Watson MacNaught and were dinner guests of J. Watson MacNaught, M. P. for Prince and Mrs. MacNaught at the parliamentary restaurant. They spent some time in the galleries of the House of Commons during the early afternoon session period and also attended a session of the Senate. Thursday evening on the eve of their return to Prince Edward Island, the delegation were guests of Senator Inman at a dinner in the Parliamentary restaurant. At the dinner also was Mrs. E. M. Bagnall of Saint John, a sister of Senator Inman. During her stay in Ottawa, Mrs. Bagnall has been the hostess of the delegation and Mrs. W. R. Inman at their home on Renfrew Avenue. The delegation was entertained at luncheon on Wednesday by Mrs. Barbour, wife of Senator George Barbour and was received by the hon. Mrs. Barbour, Mrs. J. P. McIntyre, wife of Senator McIntyre and Mrs. Grant, wife of Senator T. V. Grant. Other members of the delegation taking active part in the Federation meetings were: Mrs. L. H. Fook, a vice-president of the Federation for P.E.I. and also president of the Montague Women's Liberal Club; Mrs. Russell Roper, president of the Charlottetown Women's Liberal Club, and Mrs. A. P. Mulligan representing the Liberal Women of Prince.

Discusses Post Graduate Courses For Island Nurses

Miss E.A. Electa MacLennan, Director of the School of Nursing, Dalhousie University, has been in the province for the past two days for the purpose of discussing with hospital superintendents the post graduate studies provided by her school. She has interviewed Dr. O.H. Curtis, Deputy Minister of Health, and visited the Prince Edward Island Hospital, Sanatorium, Prince County Hospital and the Health Centre in Summerside. To-day she will visit the Charlottetown Hospital and office of the provincial Nurses' Association. Miss MacLennan said she wished many more Island nurses would avail themselves of the opportunity for post graduate study at Dalhousie available through Federal Provincial Health Bursaries. The School of Nursing offers courses to prepared nurses for public health nursing and for teaching and supervision in schools of nursing. Throughout the year short courses in specialized subjects also are given for public health nurses and hospital personnel.
