

IN MEMORIAM

MRS. JAMES BURNS

The death of Mrs. James Burns of Malpeque, P.E.I., occurred at the home of her daughter Mrs. Alexander Spence, Springhill, N.S., on March 19th in her eightieth year.

Mrs. Burns had been in failing health since early in the fall and in December was taken to Springhill in order that she might receive constant nursing care.

Ruth, Mrs. Frank Bagnall, Hunter River.

Stella, Mrs. Reginald Kress, Hartford, Conn., U.S.A.

Mary, Mrs. Jean Bourque, Avon, Conn., U.S.A.

Louise, Mrs. Alexander Spence, Springhill, N.S.; and Helen, Mrs. Robert Craig, Malpeque.

The sons are: W. H. Burns, Malpeque; J. Harold Burns, Hartford, Conn.; and James Stephen Burns, Hunter River; also twenty-seven grandchildren and nine great grandchildren.

Her eldest son, George Orin Burns, died in January, 1943, and her husband predeceased her March 19th, 1930.

Several of her children were able to be present with her at the time of her death, and later to attend the funeral which took place from the Keir Memorial Presbyterian Church on March 21st, but others by reason of distance and unfavorable travelling were unfortunately unable to attend.

A simple and quiet funeral service, in keeping with the life of the departed, took place with her pastor Mr. MacGowan reading portions of the Scripture and the sermon was delivered by Rev. James Cross of the United Church. Old familiar hymns dear to her heart were sung by a mixed choir and the congregation, and were as follows: "Peace, Perfect Peace," "Jesus Saviour Pilot Me," and "The Shepherd Psalm."

The pallbearers were sons-in-law Frank Bagnall and Alexander Spence, grandsons Harold L. Palmer, nephews James and Clarence Hickey, and a neighbour, Vernon MacGowan.

The floral tributes were beautiful, silent testimony to the life of the one gone on.

All that was mortal of a dearly beloved mother, and a kind friend and neighbour was laid to rest beside her husband, there to await the resurrection morn.

There's an open gate at the end of the road, Through which each must go alone;

And there is a light we cannot see Our Father claims His own.

Beyond the gate our loved one Finds happiness and rest, And there is comfort in the thought That a loving God knows best.

Card Of Thanks

The sons and daughters of the late Mrs. James Burns wish to thank all those who were so kind and thoughtful to their mother during her illness, and those who were so kind to them during their bereavement, and to all who sent flowers, cards, and messages of sympathy.

EMINENT Scientists have discovered that the lack of unsaturated fatty acids in human nutrition is one of the main causes of skin diseases, such as Eczemas, Boils, Leg Ulcers and Psoriasis. The modern diet, in which these essential substances are often completely lacking, have brought about a deficiency in a great number of individuals.

Remarkable Swiss Discovery

A Swiss chemist, Dr. W. Schmitz, succeeded after 10 years of research work in extracting from pure vegetable oils an unsaturated fatty acid in a concentration of 99%, and therefore named F "99". Thanks to this hitherto unattained purity, F "99" is so readily absorbed into the blood stream, that it has a decisive biological activity in the treatment of skin diseases.

WHERE DOES THE MONEY GO ?

At times most of us have looked at purse, wallet or bank-book, and wondered: "Where does the money go?"

You may have wondered, too, where does our money go—the money we receive for gasoline, fuel oil, lubricants and other products we sell. Well, last year each dollar we received went this way:

CRUDE OIL and the other raw materials we bought took half of each dollar.

OPERATING AND ADMINISTRATIVE expenses took more than 25 cents. This was the cost of searching for and producing crude oil, and of manufacturing and marketing the hundreds of products we supplied for thousands of uses. Throughout the year high quality products were made available where and when you needed them.

TRANSPORTATION of products from our refineries to marketing points took the next big bite of the dollar. Products moved over wide areas to serve every community in Canada.

TAXES to provincial and federal governments took 7.64 cents. And this did not include gasoline tax, which—depending on where you live—took from 22 to 33 cents out of every dollar you spent for standard grade gasoline.

TO REPLACE worn out equipment and to make sure that we can supply your needs in the future took 3.59 cents.

DIVIDENDS paid to shareholders for use of plants and equipment amounted to 3.45 cents.
