From the New-Brunswick. GRANT OF LANDS TO HER MAJESTY.

We published not long since, an article
from a London morning paper, stating that
the Government Emigration Office in this
Province had proposed to the Executive to
grant one million of acres of our vacant
lands, to be apportioned by Her Majesty,
at the close of the war, among deserving
British soldiers and Militia-men, and the
widows and orphans of those who might fall
in the service, on condition of actual settle-
ment. We now learn, that this important
proposition was referred to the Executive
Council, in March last, but up to the pres-
ent time, it has remained under considera-
tion, without anything being done in the
matter. It seems however, that H. M.
Government has viewed this proposal as one
well calculated to be of essential benefit to
the public service, by facilitating the enlist-
ment of foreign troops; and Lord Panmure
has addressed a letter to the Colonial
Minister on the subject. After setting forth
the advantages of being able to hold out to
officers and men, the promise of settling
them hereafter on lands in a British Colony,
His Lordship particularly alludes to a tract
of country in Canada, between the Ottawa
River and Georgian Bay on Lake Huron;—
and says:—
"One million of acres would suffice to enable
Her Majesty's Government to offer ample
sanctuary to such emigrants, according to
some such scale as the following, viz:—
50 acres to each private; 100 acres to each
non-commissioned officer; 200 to each officer;
500 to a few superior officers.

From the loyal and patriotic sentiments ex-
pressed by the inhabitants of Canada generally,
in reference to the present war, and from the
best information he can obtain, Lord Panmure
has every reason to hope that a ready spirit
of co-operation may be expected from the Canadian
Legislature in any matter falling within its au-
thority. The additional surrender of a tract
of country of about one million acres, or of
an equivalent in separate allotments, for the
purpose of enabling Her Majesty's Government to
offer the highly coveted boon of land, in the
British Colonies, to the officers and men of the
Foreign Legion, would be an important induc-
ement to the men to enlist, while his Lordship
hopes, it would furnish the means of ultimately
supplying the Colonies with a class of German
emigrants of a very valuable character. He
would suggest to Sir Geo. Grey, that the Gov-
ernment should be instructed to make
an application to the Provincial Legislatures, ac-
cording to the subject."

Upon this representation from Lord Panmure,
the Colonial Minister addressed the following
dispatch to the Governor General of Canada:

DOWNS STREET, April 13, 1855.
Sir,—In connection with my despatch No. 16
of this date, namely the military defence of
Canada, I wish to consult you on the following
subject:—

You are aware that Her Majesty's Govern-
ment are endeavoring to enlist soldiers in some
foreign countries to serve in the present war,
and that an Act of Parliament has been passed
to confer the necessary power. It would afford
a considerable inducement to many to join the
standard, if, in addition to present pay, they
could be offered a location on Crown Lands,
as in the Colonies. It would also be an induc-
ement of peculiar value because attractive
chiefly to that class which is most desirable
to enlist, men of steady habits and honorable
character.

There is perhaps no colony where men of this
class would more willingly find a home than
Canada, and many of the best military possess-
ers of this means of satisfying such a demand.
But Her Majesty's Government have, as you
are aware, no power to make an offer of this
kind.

It is, therefore, proposed to the Canadian
Legislature and Government, on whose sym-
pathy with them in the present struggle the
people of the United Kingdom have such strong
grounds to rely, to take into consideration the
means of assisting Her Majesty's Government
in this project.

It is an additional reason to induce me to
make this suggestion, that experience has
shown that settlers of this class form often a
very valuable accession to the population of a
new country, not only for the purposes of indus-
try, but for those also of defence.

These despatches were submitted to the Cana-
dian Legislature by the Governor General on
the 10th ult., and we can only express our re-
gret, that although the patriotic proposal first
emanated from New Brunswick, it should, from
the want of action in the Executive, have been
passed over in favor of Canada, which Pro-
vince, we have no doubt, will gladly meet the
wishes of Her Majesty's Government, and while
serving the best interests of the Empire, will
greatly add to its own advancement.

STANDARD WEIGHT OF GRAINS IN CANA- DA.—The following table shows the weight of a bushel of the different grains, &c., as fixed by a re- cent enactment of the Canadian Parliament:—

Wheat,	60 pounds
Indian Corn,	50 pounds
Rye,	60 pounds
Peas,	60 pounds
Barley,	48 pounds
Oats,	48 pounds
Beans,	60 pounds
Clover Seed,	60 pounds
Timothy Seed,	48 pounds
Buckwheat,	48 pounds

CRAMPTON AT QUEBEC.—Mr. Crampton,
H. M. Minister at Washington, has re-
turned to Quebec, on a visit to the
Governor General. There are numer-
ous conjectures, in the Canadian papers, as
to the object of Mr. Crampton's visit, as
Cabinet Councils were frequently held, and
there was much activity among the Mem-
bers of the Government. Nothing, how-
ever, had transpired, but an impression was
gaining ground that these unusual proceed-
ings have reference to a proposed Union of
the Colonies, at no very distant day.—

INVASION OF CANADA.

The Boston Herald professes to have re-
ceived intelligence of astounding disclosures
concerning a contemplated revolution in
and invasion of the Canadas, which has
been some time past agitated, as well in the
United States, as in the neighboring prov-
inces of the British kingdom. It says
many of the officers of the volunteers, who
served in the U. S. army, in Mexico, are
disciplined and arming a large body of men
for this purpose. They are employed by a
committee of the Canadas Association. The
following paragraph is curious and the
reader may believe as much of it and the
above statement, as seems proper. That
any number of American officers are en-
gaged in such a scheme we do not believe.
A large portion of the funds collected
during the repeal agitations in this coun-
try, which, owing to the failure of the
Irish in their contemplated insurrection,
was never sent out to Ireland, is now in the
hands of the committee, and, together with
confederate funds, are being made ready by
those who first projected the movement,
and those who have since joined it, consti-
tute the means employed in carrying out
this plan of operations. The most promi-
nent of the leaders in this undertaking are
a number of men who are frequently made
obliged to flee their country to escape the
political persecution of the British Crown.
