Norwegian Red Cross has awarded its Order of Merit to all members of the Norwegian Field Hospital serving in Korea.

WHEN PAIN STRIKES
At the first twinge of rheumatic pain—take Templeton's T-R-C's. Over a million T-R-C's used every month, for speedy relief from pain caused by rheumatism, arthritis, neuralgia, lumbago and sciatica. Why suffer needlessly? Keep T-R-C's on hand, and use them promptly. Only 65c, \$1.35 at drug counters. T-842

It fairly melts in the mouth!

Strange But True
By F. H. MacArthur

Remember the old adage "Truth crushed to earth will rise again". On the other hand a lie has more bounce than most folk realize.

The money that has been spent in war would clothe every citizen of the world decently. It would build a schoolhouse in every settlement across the earth. It would crown every hillside with a place of worship consecrated to the gospel of peace.

People do not need recipes for happiness so much as a sense to appreciate what they already possess.

Men of the Burmese Tribe in Africa get a wife only by trading one work horse for her, and in the Kuruba tribe of India a girl is considered officially married to the first guy from whom she accepts a cigarette.

Believe it or not, but some 98,000,000 persons are now of voting age in the U. S. A. Of this number a little over 50,000,000 voters will cast their ballots in the next presidential election.

A brand new drug called efacaine is credited by two doctors of New York State to kill pain for a ten-day period after an operation—long enough so that some patients never experienced pain at all.

It took more than 100,000 gallons of paint to dress up the giant Queen Mary last time she was painted.

Trained dogs on the Korean battleground are reducing battle casualties of the U. N. forces by 60 per cent.

All are German shepherds. Each dog has a trained attendant. They indicate the presence of the enemy by freezing in position. The dog's worst enemy is the Korean tick which embeds itself in the animal's coat and cannot be removed. It paralyzes the victim for a week but after that period the animal is immune to further attacks.

One may be too young to enter college but never too old according to 76-year-old John Breedline who has applied for admittance to Wayne University.

Breedline is a member of the 1952 graduating class at Northern High School, Detroit.

If you think hypnotism is all bunk listen to this: A 12-year-old British girl still suffers the effects of being hypnotized three years ago. The British parliament is preparing a bill to regulate stage hyp-

notism so that the act of hypnotism can only be performed by special government permit.

In an isolated part of Indo-China a white woman, Cliva Ratkin, keeps a harem of 46 men! By reversing the usual set up in Asian homes, Cliva now operates the only male harem in the world.

Not one of her 46 husbands has a drop of European blood in his veins.

All Cliva has to do to command her men is to snap her finger.

The multiple husbands serenade their wife every morning and take turns carrying her about the beautiful grounds.

A lot of women would like to know how she can handle 46 men without an insurrection. So would this writer.

Phoneicians used to do their writing with knotted cords.

The way the cords were knotted conveyed the message they wanted to put across. This custom was also practiced widely in the Orient in early times.

Half a century ago it took less to dress a child than it does today to keep him supplied with comic books.

IN MEMORIAM

In loving memory of a dear wife and Mother, Mrs. Alton J. Bell, Long River, who departed this life on November 19th, 1948.

When we walk amid the shadows, And the skies are overcast, When we linger half bewildered, Twist the future and the past.

We shall always find the Master, At the parting of the way, We shall hear His strong voice saying: I am with you all the way.

In that bright Eternal City, Where no tear ever dims the eye, In the Home of many mansions, We will meet Her, bye and bye.

Fondly and Ever Remembered by Husband and Children.

HISTORIC HILL

Bourn, England — (CP) — Bourn Mill, the oldest post windmill in England, has been scheduled as an ancient monument for preservation. The mill in this Cambridgeshire district dates back to 1620.

IN MEMORIAM

In fond memory of Jean, beloved wife of Ambrose J. MacKinnon, died Nov. 19, 1946.

Today brings sad memories Of one we loved the best God called her to her home on high To everlasting rest.

Ever remembered by her Husband, Mom and daughter Jean.

Card Of Thanks

Mr. George Beer wishes to express his sincere thanks to Dr. Les and Clergy, kind friends and neighbours and those who sent flowers, cards, and fruit during my illness.

would have hunted harder for those who had escaped. One by one the frightened mice who had escaped, crept back to the familiar runways in the grass. In a surprising short time they were busy making new homes, cutting new paths, and had forgotten the great terror. Perhaps they had not really forgotten it, but were not letting themselves think of it.

SALE
STOCK UP NOW!

3 SPECIAL SHOPPING DAYS
