MISCELLANEOUS.

Messrs. Marsden, of. Sheffield, have excuted an order for a pair of skates for the Queen, which are worthy of the royal feet. In lieu of straps across the instep, each skate is provided with a patent-leather boot. These boots are firmly attached by a strap of plated silver to the clogs, which are of satin-wood highly polished. The skate-irons terminate in front in the appropriate and graceful form of a swan, and both sides are elegantly chased. The cup that forms the receptacle for the heel is silver plated, and chased with the design of the rose, thistle, and shamrock. The same design is embroidered in white silk upon the black patent-leather, to which it forms a pleasing contrast. The size has been regulated by a boot worn by tke Queen. Messrs. Marsden have previously had the honour of making several pairs of skates for Prince Albert and the royal children, but this is the first evidence we have had of the Queen herself setting the example to womankind of acquiring a graceful accomplishment hitherto confined almost exclusively, in this country at least, to the sterner sex.—*Church and State Gazette.*

An Aged Author.—The Rev. Dr. Routh, in the 99th year of his age, the venerable President of Magdalen College, Oxford, has just completed a work consisting of extracts from some of the ancient fathers, with an original introduction. It is intend as an appendix to the large work which he compiled some years ago, entitled "*Reliquiæ Sacræ.*"

A Comfortable Saddle.—Dr. E. T. Russell of Indiana, has invented a saddle, the seat of which rests upon elastic springs, enabling the horseman to ride with as much ease and comfort as if seated upon a sofa. The spring is composed of India rubber, surmounted with a steel spring. It can be made applicable for cars and carriages equally as well as to the saddle.

A Mahogany Bridge.—One of the bridges built by the Nicaragua Transit Company, on the road leading from Lake Nicaragua to San Juan del Sud, is made entirely of mahogany.

Cure for Corns.—A correspondent writes that a pint of alcohol poured in his boats caused all his corns and calluses to peel off, leaving his skin smooth and soft. If this be so, alcohol in the boots must have known many individuals to get tremendously *corned* on much less than a pint of alcohol, largely diluted with water

Crazy People.—Miss Dix, the philanthropist, states that among the hundreds of crazy people with whom her sacred missions have brought her into companionship, she has not found one individual, however fierce and turbulent, that could not be calmed by Scripture and prayer, uttered in low and gentle tones. The power of religious sentiments over them seems miraculous.

Sewing Machines in Demand.—The contract for guano bags, amounting to $350,000, having been given by the agent of the Peruvian Government to Messrs. F. T. Foster of Philadelphia, and J. M. Haight of Baltimore, these gentlemen have ordered forty sewing machines, to enable them to fill the contract in the time specified.

The Italians and their Rulers.—A private letter from Florence of the 6th ult. says:—"Our Government is rendering itself perfectly ridiculous by its persecution of all those who speak in favour of Turkey. Two boys were arrested some days since for having given an Oriental salute by crossing their arms on their breast and bending their head. The word 'Turkish' has been erased from the signboard of the Turkish Coffee house, and the word 'Coffee-house' remains. Crowds assemble frequently before the house and laugh immoderately. Several children amuse themselves with wearing a crescent on their breast to annoy the police." A letter from Milan of the 9th ult. states that—"The police authorities in that city are becoming every day more arbitrary. The inhabitants are forbidden to quit their houses or walk the streets without a pass from the Prefect of Police; otherwise they are imprisoned and fed on bread and water. There is a special carriage attached to every railway train, which is exclusively reserved for the police, that they may examine everybody who travels. The same vigilance is exercised at the theatres."

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP, For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. Curtis & Perkins:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

Yours respectfully,
W. D. Crumbie,
J. Morrill.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy,—and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints.
Henry Hunt.

Stetson, Dec. 2, 1847.

Deacon Hunt, the signer of the foregoing certificate, is a man of undoubted veracity and high standing in the community.

HUNTER'S PULMONARY BALSAM.

Hear what the Daily Mercury of Bangor says of Doct. Pomroy.

Hunter's Balsam. It is not often that we *can* say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, two have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq. we have the testimony of many of our own citizens and those of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. See Dr. Benjamin L. Pomroy's testimony, in agent's hands, or

Hunter's Pulmonary Balsam.—To those afflicted with Coughs, Colds, Consumptions, Asthma, Spitting of Blood, and all affections of the Lungs, we recommend Hunter's Pulmonary Balsam. It is believed to be the best article ever yet invented for these complaints. Price 50 cts. a bottle.

INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side, Lung and Liver Complaints.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrheas, Ague and Fever, Bilious Fever and sick headache, they are an invaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these Pills have their equal in the world.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. Ayer. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Pectoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes, I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. Ayer,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money. and I feel gratified in seeing the benefit it confers.m

Please send me a further supply, and believe
Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. Ayer. Sir; This may certify that I have used your Cherry Pectoral for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

Dr. J. C. Ayer, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
CHAS. STREATER, M. D.
