THE SARNIA.—According to latest reports the steamship Sarnia has not yet reached Halifax, and the Newfield has gone out in search of her. Mr. Hedley V. Palmer, Clerk of the City Court, is a passenger on the Sarnia.

LECTURE AT CLIFTON.—Mr. W. S. Stewart, barrister, will deliver a lecture in the Court House at Clifton, on Tuesday evening next. His subject will be "A Winter in Florida." With a popular lecturer and a good subject there should be a full house

Y. W. C. T. U.—The meeting of the "Y's" at the residence of Mrs. L. M. Poole last evening was most enjoyable. A very good programme of vocal and instrumental music, readings, etc., was disposed of, and a collection amounting to $6 75 was taken up.

THE LYCEUM.—Don't forget the concert in the Lyceum this evening. The programme prepared is an excellent one. As the audience will probably be very large, those desirous of obtaining the best seats would do well to attend early. General admission 25 cents; reserved seats, 35 cents.

ANOTHER FREAK.—It is stated that Mrs. John Smith of Renfrew Ont. ninety years of age, is cutting a new set of teeth, they are already five in number and sound and beautifully white. She had never lost her own teeth, though they are now brown with age and are dropping out to give place to the new.

CURLING.—A good game of curling was played in the rink yesterday notwithstanding the rough condition of the ice. Following is score:

SUCCESS.—Mr. J. C. Clark, of Bay View, has succeeded in getting his building out of the river after a great amount of hard work. The credit of inventing a plan of getting it out we believe belongs to Mr. John Dickieson his neighbor. The plan was driving piles on each side of the building and raising it with jack-screws on them, then by laying stringers on the piles and rollers under the runners the building was taken to the shore.

WILLING WORKERS.—The Young People's Society of Willing Workers held a social on Thursday evening, the 9th inst., at the residence of W. J. Simpson, Bay View. Between forty and fifty young people were present and enjoyed themselves as only young people can. The entertainment consisted of vocal and instrumental music, games, &c. A sumptuous repast was provided by the young ladies, which, it is needless to say, was done ample justice to by all.

A SAD STORY.—According to a recent despatch from Janesville, Wis., within five miles of prosperous village and in a thickly settled part of the country Mrs. Ira Ames starved and froze to death. The case was reported to the authorities a few days ago. Her husband had spent his time fishing, while his wife and seven children were in a shanty without fuel or food. The youngest child died a week ago, and was buried by the father in a soap box.

THE STANLEY IN THE ICE.—We were shown to-day by Mr. Milton Walsh, of the Marine Department, two photographs of the winter steamer Stanley, taken a short time ago. One of the pictures shows the steamer going through the ice at half-speed with her forward tank empty, and the other shows her well down in the water, having a hard fight with the ice during a fourteen hours trip. The time of the trip during which the first picture was taken was four hours. The photographs are well taken and reflect the greatest credit upon Mr. Walsh's skill. We understand that they will be forwarded to the World's Fair with the rest of the exhibit sent by the Marine Department.

SKATING AT GEORGETOWN.—The races at Georgetown rink last evening between Messrs. McCormick and Breen were pretty well attended. The competitors appeared on the ice about 8 30 o'clock and were greeted with cheers of welcome. On account of the limited space the time was not fast. Seventy-five laps—a distance of about two and a quarter miles—was covered in 8 minutes and 8½ seconds. McCormick had a slight lead during part of the race, but on the last few laps Breen spurted and won by a few feet. The ice was in good condition. Mr. McKinnon officiated as starter, Dr. Barnes and G. W. Hibbett as timers, and Dr. Stewart and Mr. W. W. Jenkins as scorers. Georgetown was pleased at the visit of two such world-renowned skaters, and the men expressed themselves as pleased with the reception given them.

DOMINION PARLIAMENT.

HOUSE OF COMMONS.

KENNY SCORES A POINT.

O'Brien's Motion Defeated—Majority 52.

OTTAWA, March 17.

After routine yesterday, Mr. Davin asked a question in reference to the remarks made by the Comptroller of Customs at the Orange banquet.

Hon. Mr. Foster replied that the Government had no information on the subject.

Then followed a long discussion of the hitch over the French treaty, after which the debate on the McCarthy Tariff Resolution was resumed.

Hon. Mr. Ives opened the debate which was continued by Davin, Coatsworth, Cartwright, Stevenson, Kenny and others. Kenny scored a good point on the grits when he showed that Ontario farmers were protected by among other things, a duty of 75 cents a barrel on flour. Mr. Lister, of West Lambton, interrupted him with an incredulous laugh.

"Does the hon. gentleman deny that statement," asked the senior member for Halifax.

"It's not the one hundredth part of a cent of protection," replied Mr. Lister.

Then retorted Mr. Kenny, "The hon. gentleman does not agree with his Leader, who at Abbottsford, in 1890, charged that the corrupt Tory Government had increased the duty on flour in order to enrich the Ontario farmer.

This blow from the shoulder was received with deafening cheers.

The vote was taken at 1 40 when the resolution was rejected. Yeas, 64; nays, 116 Hodgins and O'Brien were the only Conservatives who voted with Mr. McCarthy.

A Sugar Combine Prevented.

OTTAWA, March 17.

Mr. Stairs' bill, authorizing the sugar refineries of the Maritime Provinces to combine, was defeated in the Banking and Commerce Committee, Five Conservatives—Boyle, McKay, Hazen, McDougall (Pictou) and White, of Cardwell, united with the Liberals in defeating the most important clause. The vote stood 24 to 17. Mr. Stairs then said that he would withdraw the bill. Opposition to the bill was led by Mr. Lister, who said its whole purpose was to destroy competition in the sugar business.

ST. PATRICK'S DAY.

How it is being Celebrated in the City.

A Splendid Procession—Services in the Cathedral.

Proceedings Close with a Concert in the Lyceum.

ST. PATRICK'S DAY!

The Irishmen have splendid weather for the celebration of the Festival of their Patron Saint.

And the celebration is in the highest degree creditable.

At nine o'clock this morning the members of the Benevolent Irish Society and the Ancient Order of Hibernians began assembling at their respective meeting rooms. Three quarters of an hour later the last-named organization formed up in procession in front of their Hall, and headed by Galbraith's Band, marched to the Lyceum by way of Grafton and Prince Streets. At the Lyceum they were met by the Benevolent Irish Society, and the two forming in line together, with the Ancient Order in the lead, marched to St. Dunstan's Cathedral. The line of march was down Richmond to Queen, along Queen to Dorchester, and up Dorchester to the Cathedral, where High Mass was celebrated by Rev. Father Hogan, and an able sermon appropriate to the occasion was preached by Rev. J. P. McGrath.

At the conclusion of the service in the Cathedral the procession was re-formed and marched through some of the principal streets of the city. The line of march was down Great George Street to Water, along Water to Pownal, up Pownal to Kent, along Kent to Hillsborough, down Hillsborough to Water, along Water to Queen, up Queen to Richmond, and along Richmond to the Lyceum where the two societies separated, and the Ancient Order left for their Division Room.

The procession was one of the largest and best seen here for many years, and the splendid appearance of the men on parade occasioned many favorable comments. Several of the older members of the Benevolent Irish Society occupied seats in a barouche provided for the occasion.

There was a good display of bunting, and some of the stores were appropriately decorated. One of the show windows of James Paton & Co's. dry goods establishment was very nicely decorated in honor of the occasion, and in front of their store was a profuse display of bunting. One of the windows in E. W. Taylor's jewelry store was also very nicely decorated.

The celebration in this city will close with a concert in the Lyceum this evening. The concert will be under the direction of Mr. S. N. Earle, and the programme prepared for the occasion is an excellent one.

The students of St. Dunstan's College had their annual celebration at that institution last evening. The programme included vocal and instrumental music, recitations, etc., and the various performers acquitted themselves in a highly creditable manner. There was a large attendance.

The day is also being celebrated in an appropriate manner at Summerside, Emerald, Alberton and other sections of the province.
