Beer Bros. for Dress Goods.

The City Court was in session this forenoon.

New Band—A new brass band has been organized at Egmont Bay, with Mr. J. T. Gallant as instructor and leader.

Scott Act—Arthur T. Linn received a Scott Act summons yesterday. It is for a third charge and is returnable on Monday.

Eggs Shipped—About three hundred and fifty cases of eggs were shipped from Summerside yesterday for the Liverpool market.

Storm Warning—A moderate gale is predicted, at first from the north east, shifting to west and north-west, finally, all parts in the Gulf of St. Lawrence.

Advance in Bread—The bakers of Montreal on Saturday advanced the price of bread two cents per loaf, to 16c for the 4lb white loaf and 18c for the 4lb brown loaf.

Potatoes—The wet weather is against potato digging operations. We understand that the crop is somewhat damaged in King's and it is reported short in Prince, while the tubers are small in size.

Cold Storage—It is announced that the Halifax City Council has practically decided either to give tax exemption to the cold storage company with a \$25,000 capital or to give the company a cash subsidy.

An Islander Drowned—In the published list of the ship drowned from the Gloucester fishing fleet during the year we notice the name of Albert McCormack, of Prince Edward Island, who went down with the J. W. Campbell on the 17th of April last.

A Challenge—The owner of Areleigh, Mr. H. J. Fowler of Sussex, N. B., challenges the owner of Clayton to trot his horse a mile race for \$500 a side, on Moosehill Park, St. John. A race between Areleigh and Clayton should prove interesting.

New Vestry—The outside of the new vestry at Indian River is about completed, and Mass was celebrated in the new building last Sunday. The transoms were raised only eight days before Messrs. Schurman, Letourgy & Co. are evidently rushing the work.

Shipping Sheep—The Agricultural reports that on Wednesday and Thursday of this week Mr. S. H. Jones, Sabreville, P. Q., will ship about 1,400 sheep and lambs from Summerside to the Boston market, and he expects to ship about the same quantity every week until the close of navigation.

Then and Now—It is interesting to learn that in 1830 the town of Massachusetts ordered: "Hereafter no person shall make any garment for woman or any of the sex with sleeves more than half an ell wide in the widest place thereof, and so proportionally for larger and smaller persons."

Town Washed Away—It is stated that the mining town of Bisbee, Arizona, containing 2,500 inhabitants, has been almost entirely washed away by a cloudburst. Telegraph wires are down, and the report cannot be verified. Serious disaster is feared, as the town is located in a narrow canyon which offers little chance of escape from the floods.

The Latest Swindle—A man is kidnapping farmers in the neighborhood of Kintawing, Pa., by means of a double end fountain pen, one end of which he uses in drawing up contracts for harvesting machinery and the other he presents for the farmers to use in putting their signatures to the documents. The ink of the contract fades and a promissory note is written in the signature.

Money Stolen—Mr. John Noonan, of Kensington, had some \$40 stolen from him a short time ago. The thief entered his house while the inmates were asleep, went into the bedroom where Mr. and Mrs. Noonan were sleeping and took Mr. Noonan's pants, in the pocket of which was his purse containing the money. In the porch two pocket knives were rifled, and the purse found. In extracting the cash therefrom a five dollar bill was dropped and left behind.—Summerside Farmer.

New Time Table—The full arrangement of trains of the P. E. I. Railway goes into effect on Saturday, the 10th inst. The express train leaving Charlottetown at 6.15 a. m., runs through to Tignish, returning leaves Tignish at 12.50 p. m., and arriving in Charlottetown at 6.30 p. m. An accommodation train will leave Tignish at 5.55 a. m., arriving at Summerside at 11.00 a. m., returning will leave Summerside at 1.40 p. m. An accommodation train will leave Summerside at 6.50 a. m., arriving in Charlottetown at 9.55 a. m., returning will leave Charlottetown at 3.15 p. m. This arrangement of trains will give the people ample time in which to do their business at Summerside, Charlottetown and other principal centers. There has been no change made in the arrangement of trains east of Charlottetown; they will continue the same as during the Summer season.

LOCAL AND OTHER ITEMS.

GRANDS OF HOTEL—Commencing Sunday the 11th the evening meeting held by the Salvation Army will commence at 7 o'clock instead of 8 as in the past.

SALVATION ARMY—There will be a meeting this evening in the Salvation Army called the "Two Tables"—Silver collection at the door. Come and see.

IN PORT—The late northerly wind has driven the fishing fleet into port, and about fifty vessels are anchored in Souris harbor. All report it a success. Mackerel have been taken at the Magdalen Islands this season in greater numbers than anywhere else in the north Bay.

CIVIL SERVICE EXAMS—Civil service entrance examinations will be held at Charlottetown, St. John, Halifax, Quebec, Montreal, Ottawa, Toronto, Kingston, Hamilton, London, Fort Arthur or Sault Ste. Marie (as the necessities of the case may warrant), Winnipeg, Regina, Calgary and Victoria, commencing on the 10th day of November.

WHAT NEXT?—Miss Minnie Blough, of Davis Junction, Ill., has instituted suit for \$5,000 against George M. Bennett, of Rockford, alleging breach of promise to marry, says the Chicago Inter-Ocean. Mr. Bennett is a son of W. W. Bennett, a prominent land owner and capitalist, and has been minding his father's interests at Davis Junction. He says that he has made no proposition of marriage. At one time he boarded at Miss Blough's house. The proposition, it is said, endeavor to prove that Bennett's signing of Dr. Kover's "Oh Promise Me," was equivalent to a proposal.

AT THE BETTS—No. 2 Company G. A., had their annual target practice at Kensington range yesterday. The shooting throughout was very good, notwithstanding the squally weather. In the cup competition Gunner F. W. L. Gill won with 62 points, Captain Moore standing second with 60 points. Gunner Edwin Jones stood third with 59 points, and Lieuts. Peake and Richards each made 57 points. The prizes will be presented at the drill shed on Tuesday evening next at 8 o'clock. The officers and friends of the company who kindly presented prizes have the thanks of all concerned. The company will drill every Tuesday night until further orders, taking up shifting and repository exercises.

DEATH OF DANIEL MORROW. The remains of the late Daniel Morrow were brought home for interment at Bay Fortune Bay on Monday last. Mr. Morrow formerly resided at Souris West. For the last few years he lived in the United States where he was engaged in shipbuilding. His death was caused by falling into the hold of a large, newly-launched vessel at which he was working. A ladder on the inside of the vessel, on which he was standing, suddenly gave way, precipitating him to the bottom of the hold. He lived only a few hours after the accident. He was a quiet, good neighbor, and was respected by all who knew him for his kind and industrious disposition. He leaves behind him a wife and family to mourn an affectionate husband and parent. The burial took place at Bay Fortune cemetery on Tuesday afternoon, the Rev. J. R. McKay officiating. Many of his old friends and acquaintances were present on the occasion.

THE ETHEL TUCKER COMPANY. The splendid manner in which the Ethel Tucker Company presented the military play of "Rosedale" at the Opera House last evening was greatly appreciated by everyone present, as was amply evidenced by the applause which was so general throughout the evening. Every character in the play was well taken, and Miss Tucker, Mr. Mellon and the clever ladies and gentlemen supporting them won a great deal of admiration by their excellent work. A detachment of Engineers took part in the production, with good effect. The specialties between the acts evoked great laughter and applause, and the fine vocal solo of the company were fully appreciated. To-night Robert Buchanan's great English melodrama, "Alone in London," will be presented, and a grand performance may be expected.

OH, MY COUNTRY! Sir,—It is to be hoped that the Patriot of Oct. 5th, instant, will not be read by up-to-date men in the practice of surgery outside of our own little island corner. When we find some of our old graduates puff themselves over a simple operation for appendicitis (but wrongly described by those gentlemen as "an abscess formed in the appendix") it only shows more clearly than ever that Darwin was correct in pointing out that the presence of the appendix veriformis in man was another proof of his relation to more lowly forms of animal life. We are sure the fondle doctor mentioned must have been more mortified than even the "abscess formed in the appendix" when he found himself late for the great, dangerous and rare operation so successfully performed!! MEDICAL STUDENT.

KOOTENAY. HAMILTON, Jan. 21, 1895. MR. RYCKMAN: DEAR SIR—I have been conversing this day with Mrs. E. Clarkson, 138 Hannah street east, this city, who claims to have received great benefit from the use of the Kootenay Cure, which is sold so generally by you at the present time. Her special trouble was Bright's disease, and was of nine years standing. It was so pronounced by two physicians. While she does not claim to be completely cured, having taken only four bottles of the remedy, yet she feels so much better that she does not hesitate to recommend its use to any one who has the same trouble. The pain in her head has entirely ceased, and almost from the back. The complexion wears the glow of health and the puffed appearance is gone from the face. She has increased nine pounds in weight in two months, and is thereby encouraged to believe that what has so improved her physical condition will ultimately accomplish a complete cure. J. VANWYCK, 50 Gore street, Hamilton, Ont.

ST. JOHN VS. PORTLAND. (St. John Sun.)

It was hoped that the government might have seen its way clear at the last moment to put itself right in the matter of the steamship subsidies to Portland. But it appears that the line whose business it will be to turn the traffic from Canadian to New England ports is to have nearly two thirds of all the subsidies granted for the transatlantic trade. On the last day the government has come down with a reduction of subsidies. But the line to suffer is not the one which received the most and which does its whole winter business through a foreign port. The Portland subsidy is not touched. It is the Beaver line that suffers. This is the strongest Canadian competitor to the Portland service. It is the line that gave Canada the first through winter trade it ever got. It is the originator and pioneer in the oceanic export trade through St. John. The company owning the Beaver line took hold of the winter port business last year with an energy and courage which the people of St. John will not forget. Traffic was turned in this direction that would have gone to Portland and Boston, and the way was broken for other lines to come in and share in the trade. Yet this company is the only one whose subsidy is reduced. The Portland service which with \$125,000 a year is not disturbed. The saving of \$5,000 could not be made out of that foreign service without a year and a half notice, but the St. John service, which was as much an annual contract as the Allan's, is reduced twenty per cent. This is done not only without notice, but in the face of a notice our distinct promise that it would not be done. The members for Portland will be home this week from their worse than useless sojourn in Ottawa and the people will probably talk to them about it.
