It cannot fail to please the congregation, who are to be congratulated upon securing such a superior instrument.

TO MAKE GOOD CITIZENS.—A "Good Citizenship Club," the object of which is to enable young men to obtain a knowledge of national and municipal government, which will fit them for the proper discharge of their duties as citizens and lead them to take an active and intelligent interest in public affairs, is about being formed in Halifax. Preliminary arrangements have so far been perfected that a course of fortnightly lectures has been arranged for, beginning on November 16, and ending on April 26.

OPERA HOUSE.—The inclement weather of last evening materially interfered with the attendance at the Opera House on the occasion of the second appearance of the Frankie Carpenter Company. But those who did attend witnessed a splendid presentation of the comedy-drama, "A Barrel of Money." The various characters in the play were well sustained, and the specialties by Miss Carpenter and Jere Grady delighted all present, and were enthusiastically encored. Tonight "Across the Ocean" will be the bill, and the specialties will be new and catching. The company is an excellent one, and deserves good houses.

ZION CHURCH.—The public meeting last evening was well attended notwithstanding the inclemency of the weather. Rev. D. Sutherland, who presided, explained that this was the 25th celebration of the formation of the Westminster standards and the event was receiving general prominence among all Presbyterians. He then called on Rev. G. C. Robertson, of Cavendish, who gave a thoughtful and instructive address on the Westminster Confession of Faith. Rev. R. McLean, of Valleyfield, followed speaking warmly on the same subject. The choirs of St. James' and Zion church combined and rendered some good music, one piece of which was a solo by Mr. George Dixon.

BIG FIRE IN HALIFAX.—The recent holocaust in Windsor occasioned the publication in the Halifax Herald of some reminiscences of the great fires which swept over that city in past years. One writer describes the big fire on Hollis street forty years ago. After referring to the progress of the fire in its early stages, the writer says: "It (the fire) then worked its way along Hollis street as far and including the site now occupied by the Nash building. This building was erected soon after the fire by John D. Nash, the well-known auctioneer, who was one of the notable characters of his day, and was exceedingly popular with the people. There were many pleasant stories told of his quaint humor when disposing of any property from a jackknife to a saw mill." The John D. Nash referred to in the foregoing extract is the father of our esteemed Collector of Inland Revenue, Samuel C. Nash.

Big Syndicate For The Yukon With Several Millions Capital.

TACOMA, Wash., Nov. 1.—A. C. Sickles, of this city, writes that ex-Secretary Daniel Lamont and Senator Edward Marple are interested in the Transportation and Hotel Company, recently organized under North Carolina statutes, with several millions capital, to operate steamers to the Yukon and conduct stores and hotels in the Alaska gold field.

The company is to be incorporated here and telegrams came today announcing that Judge Thomas Carroll of the Superior Court, this city, had been elected President and J. C. McEachen of New York Secretary. Mr. McEachen and several other New York men will come here at once, it is said. Steamers are to be purchased on the Atlantic coast and sent around Cape Horn. The lease of a Tacoma hotel with 400 rooms here has been applied for by wire, the application being referred to the hotel's owner, C. B. Wright, of Philadelphia. The idea is said to be to make this hotel headquarters for tourists on their way to Alaska. Sickles writes that \$500,000 with which to start operations has been paid in and is now in New York banks. At St. Michael, steamers for the Yukon River trade are to be built and large warehouses erected.

[The Mr. McEachen referred to in the above despatch is a native of Charlottetown, and a brother of Mr. A. E. McEachen the Queen Street boot and shoe man.]

A BETTER HEALER.

"Quickcure" takes the place of ill-smelling Iodoform in many cases with much better and quicker results. Physicians are using and recommending it for ulcers, bruises, cuts and burns. It heals the sore properly by subduing inflammation and destroying the microbes that retard healing, besides relieving the pain instantly.

Miss Fry, representing C. B. Knox, the gelatine manufacturer, will be at Beer & Goff's store Thursday, Friday and Saturday of this week, where she will be pleased to meet the ladies of this city and show them the superior qualities of Knox's gelatine.

It is currently reported that Prince Hohenlohe, the German Chancellor, has resigned.
