VARIETIES.

WEALTH OF PRINCE ALBERT.—A correspondent of an American paper states that Prince Albert is building a plantation residence at Balmoral, and goes on to speak of his income and expenses as follow:—"He brought no money to England it is true, but recollect that from February 10, 1849, Prince Albert has had an income of £30,000. that as Field Marshall he receives £16 5s. per day extra, that he has the pay and emoluments of two colonelcies that he is a ranger of Windsor Park, and that every appointment has been heaped upon him which he decently can hold, his actual income is over £50,000, a year, out of which his expenditure is not £1,000 a year. In fact his saving already exceeds half a million sterling, a very small portion of which he retains in England. A part is inverted in the public securities of Holland, part is in the French *rentes*, part in the United States securities, and I dare say that the house of the Messrs. Barring in New York, could tell you—but they won't—how much they have invested in real property in New York.

THE LADIES TURNING DOCTORS.—A Cincinnati exchange says:

"The success of Dr. Caroline Brown in the practice of the mdical profession, has already had a sensible effect on the ladies in the country round about Cincinnati. Six young ladies, of good families and superior education, have applied for admission to the Eclectic Medical College at the approaching term."

The "Queen City" is the place to be sick in.

CURIOSITIES OF POLITICS.—It is a curious fact, that a Scotchman has never yet led the British House of Commons. Only two Scotchmen—the Earls of Bute and Aberdeen—have been Prime Ministers of England. Two Irishman—Castlereagh and Canning—have led the Commons; and amongst Prime Ministers Ireland counts three—the first Marquis of Lansdowne, the Duke of Wellington, and Mr. Canning. As successful "leaders," Sir Robert Walpole and the younger Pitt are unrivalled in the duration of their power.—*London Athenæum.*

GALLS FROM THE HARNESS OR SADDLE.—Major Long, in his written and valuable account of his expedition to the Rocky Mountains, says that his party found white lead moistened with milk, to succeed better than anything else in preventing the bad effects of gall on their horses' packs, in their fatiguing march over the plains that border the mountains. Its effect in soothing the irritated and inflamed surface was admirable.—*American Farmer.*

MANY of our greatest men have sprung from the humblest origin, as the lark whose nest is on the ground soars nearest to heaven. Narrow circumstances are the most powerful stimulants to mental expansion, and the early frowns of fortune the best security for her final smiles.

A fellow who had been hooked by an unruly cow, limped in his gait. A lady remarked as he passed that he appeared to be intoxicated. "Yes," said her beau, "he has just been taking a couple of horns."

A lawyer once asked a Dutchman, concerning a pig, in court, "What ear marks had he?" "Vell, ven I first became acquaint mit te hock, he had no ear marks *except that he had a very short tail!*"

SINGULAR.—A letter recently passed through the General Post Office in London, and duly reached its destination, with this singular direction:

"I've oftimes heard about the Cove of Cork;
I knew him not, and never saw his face;
But there's a cove whom I do know full well,
Who's now, or shortly will be in that place:
One Mr. F. G. Wood, at fair renown:
And in those holiday time, to you I tell,
Who daily take the letters round the town,
You'll find him at the Imperial Hotel."

IT PUZZLES THE BACHELORS.—In his excellency's speech at Faneuil Hall, Tuesday, on the occasion of the School Festival, the Earl of Ellesmere, in allusion to the perpetuation of the pleasures of life, quoted from an English poet the following beautiful lines, which every one put into the mouth of a young husband, who addressed his bride, yet in the bloom, and facination of her youthful beauty:—

"And when with envy time transported
Shall think to rob us of our joys,
You'll in your girle again be courted,
And I'll go wooing in my boys."

The bachelors are much puzzled to think how they shall "do it."—*Boston paper.*

DIALOGUE.—"Say friend,—They say the 'Liquor Law' causes more liquor drinking than was ever seen before, and cold ladies' are takeing to it now."

"How so?"

"Why, *Hoher Earth* drank 25 barrels the other day in Massachusetts, and now a little almost every day somewhere in Vermont.

The two neighbours who "fell out" have got in again. Neither of them was injured.

Astonishing efficacy of the Oxygenated Bitters,

IN A CASE OF EIGHTEEN YEARS' STANDING.
From Fitzhenry Homer, Esq., of Boston, Mass.

To Professor Holloway, 244, Strand, London.

DEAR SIR—It is now eighteen years since I was first troubled with the water-brash and derangement of the stomach. I have taken advice of the best Physicians in this city and New York, in London, Paris, Germany, and Italy, followed their prescriptions, and visited the several sulphur and other springs in this country, the waters of Carlsbad, Germany, and elsewhere in Europe, and had found no relief. Since taking the Bitters I have never had a return of the Water-brash, and my health is restored to what it was to a very great degree. My appetite has returned; the extreme flatulence, severe constipation of the bowels, general debility, and sleepless nights under which I suffered, have entirely left me. Having found so great relief from this most discouraging disorder. I have recommended a trial of your medicine to many of my friends, and they are using it to great advantage. And I cannot refrain from writing to you in its favour and praise, for the good you have bestowed upon the community; and trust that what little is in my scope to offer in extending the circulation of your "Oxygenated Bitters," will be done with grateful pleasure at all times.

Yours very respectfully,
FITZHENRY HOMER.

Twelvetrees Brothers' Soap Powder

(an entirely new invention.)

IS the cheapest, safest, best, and most effectual article for all washing purposes, a packet of which is equal to ten Pennyworth of Soap!

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST —no rubbing required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad Washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, CALICOES PRINTS, MUSLIN and LACE. HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erw wen, near Harlech, Merionethshire.

To Professor HOLLOWAY,

SIR,—I avail myself of the first opportunity of informing you, that, for a very long period, I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and general impaired health. I very much had failed to give me any permanent relief, and at length it became so alarming, that I was really afraid of going about without an attendant. In this melancholy condition, I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do. He kindly recommended your Pills; I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of Indi Vale, Tobago, dated April 8th, 1852.

To Professor HOLLOWAY,

DEAR SIR—I deem it a duty I owe to you and the public to send you an account of a miraculous recovery from that dreadful disease, DROPSY, and which, under God, was effected by your invaluable Pills. For more than five years I was under eight eminent and skilfully treated by two medical practioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks. (Signed) EDWARD ROWLEY.

A DANGEROUS LIVER COMPLAINT AND SPASM IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor HOLLOWAY,

DEAR SIR—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood, who had been for a long time afflicted, and suffered for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping posture, to which he was obliged to remain in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the wonderful effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, he was restored to health wonderfully in cleansing the liver and stomach, and strengthening the digestive organs, that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,
(Signed) WILLIAM BOSTOCK.

Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of measles or hooping cough, having effected positive cures of these diseases with no other remedy.
