QUEEN CHARLOTTE High School Red Cross members, though not yet old enough to be blood donors, are terrific "boosters". Under the leadership of Brenda Large these teen-agers made up this huge model of a bottle of blood from plywood, painted it and are seen filling in the number of donors obtained today's morning, afternoon and evening Clinics.

Mr. Fremont Archer, Chairman of the Charlottetown Red Cross Blood Donor Committee, remarked last evening at the conclusion of the day's Clinic that he is counting on employees in stores and business houses, to attend the morning and afternoon Clinics due to the wonderful co-operation received from the management when approached by Mrs. James Haslam who is a member of the Charlottetown Committee. Mr. Archer also urged housewives to take advantage of the morning and afternoon hours and so avoid having to wait at the evening Clinic.

Efficient helpers at yesterday's Clinic came from the following organizations:- Ladies Auxiliary of the Charlottetown Branch, of the Canadian Legion, St. Dunstan's Basilica Sub-division of the Catholic Women's League, the P. E. I. Association of Nurses, the Charlottetown B. and P. Club, Queen Charlotte High and Notre Dame High School Red Cross Branches.

Report Charlottetown Needs 534 Blood Donors Today

With a grand total of 966 donors registered during the first three days of Red Cross Blood Donor Clinics, 534 are still required today in order that the province may reach its objective of 1500 by this evening. There was a wonderful turn-out at yesterday's afternoon and evening sessions,155 in the afternoon and 220 in the evening. It is to be hoped that the same "peak" attendance can be maintained at up until 5:30 yesterday afternoon left to right in the picture are Ron MacVicar, Fred Curtis, Gloria Stewart and Jimmie Matheson.

Steady Stream Of Benefit Claimants At Local Office

Officials of the Charlottetown National Employment Office report a steady stream of benefit claimants over the past week-end and continuing during the present week. The office had one of the busiest days in it's history on Monday, when more than 200 claims were filed. On the same day, 175 city claimants were paid over the counter. Totalling the number of people who called at the office for one purpose or another, local officials believe that 500 people were served during the day. There was only a slightly smaller number handled on Tuesday, and although Wednesday is normally a quiet day, the rush to file claims continued.

Changes in the Unemployment Insurance Regulations which permit claimants to draw seasonal benefits a month earlier than usual started the rush. Helping to swell the total were many fishermen who became eligible for benefit for the first time this year. The number of unemployed people in the office area is considerably higher than one year ago, but the comparison is deceptive.

FISHERMEN ELIGIBLE

The fishermen who are filing claims must first register as being unemployed. In other years because they were ineligible, they did not bother to register for employment. It was customary for them to accept the fact that they would be idle until fishing opened in the Spring. Nevertheless, local office figures show that, leaving the fishermen out of consideration, there is some increase in unemployment. But it does not appear to be as pronounced as in other parts of Canada.

Among the fishermen who filed claims on Monday was a brisk moving man from Morell. When asked by the claimstaking official how long he had been employed in his most recent occupation, he confessed to have been a fishermen for 71 consecutive seasons. His age was given as 85.

CASUAL WORKERS

To cope with the greatly increased business, the office has engaged a number of casual workers.

Acadia Alumni Elects Officers

Walter Banker was elected president of the P.E.I. branch of the Acadia Alumni last evening.

Dr. Lumsden of Acadia pointed out the need for funds at this time in order for Acadia to maintain its standing as a Maritime university. He announced that dates for a campaign for funds would be January 27 to run for six weeks.

Miss Joan McGowan, lecturer in biology at Acadia and member of the Alumni executive brought greetings from the Association, and showed slides taken on the campus.

Other officers elected are vice-president Dr. Gerald Barrett treasurer, Miss Doris Anderson, secretary, Mrs. J.E. Burnett.

In the meantime this city firm are loading a boat in Souris and will be loading two boats in Summerside in the next couple of days.

The cargo being loaded in Souris is part of a consignment of a 80,000 one-hundred-and-twelve-pound bags of seed destined for Greece.

Additional steamers will be required to complete the loading of this large overseas order, which will be filled at various Island ports.

Monday the "Ebba Robbert", a 962-ton motor vessel of Danish registry departed from Charlottetown with 24,480 bags of seed destined for American points. This ship was also loaded by Canada Packers.

Auction At Montague Is Huge Success

The tenth annual cripple children's auction was held last night at Yeo's Theatre, Montague, and proved the usual huge success.

Each year St. Andrew's Masonic Lodge realizes approximately $1,000 dollars at this auction and this year topped it by $200.00. Most of the proceeds are donated to the Provincial Red Cross for cripple children and the remainder is used by the local lodge for chippie children in this area. Bidding was keen and good prices were maintained for the many articles generously donated by general merchants in the Southern Kings area as well as the many donations from Charlottetown and mainland firms. Numerous cash donations were received as well.

Mr. R. K. Clements conducted the auction and Messrs Robert Glover, Lorne Wigginton, Phillip Barlow and Gilbert Clements were the capable auctioneers.

Since the inception of this auction Mr. Guy Nelson has been one of the popular auctioneers but due to illness his absence was regretted by all.
