

# Lions Preparing Hallowe'en Party

GEORGETOWN — The Georgetown Lions Club met in their club room in the old council chambers with Joseph E. "Sonny" Johnson presiding. The club once again decided to sponsor the annual Hallowe'en party for children of school and pre-school age, in the Town Hall on Saturday night.

Last year the Lions Club sponsored their first Hallowe'en party for the children and it was so successful that it will now become an annual event. This year the club is being assisted by cash donations from the Town of Georgetown; the Holy Name Society and the Royal Canadian Legion.

The children will be treated with apples, candy, chips and peanuts. Games will be played and contest held. Music will be provided and it is hoped to hold a dance later in the evening for the older children.

Prizes will be given for those in costume on the following basis: three prizes will be given for children of pre-school age; prizes for children in grades one to four and three prizes for children in grades five to eight. A prize will be given for the most original; the funniest, and the prettiest costume; making a total of 12 prizes.

**JUDGES NAMED**  
Costume judges will be Mrs. Clair Currie, Mrs. Guy Coffin and Mrs. Nelson W. Hanson. The members of the club will meet on Friday night to bag the treats.

At the meeting the secretary, Eric Wood, read the minutes and the correspondence and the treasurer Guy Coffin presented the financial report.

Reports were received on the sale of the 50-50 lottery books and all members are asked to turn their books into Allan MacPhee, before Saturday, so that the winners may be drawn on Saturday night.

The question of the possible sponsorship of Boy Scouts by the Lions Club was discussed and a decision will be made at the next meeting of the club.

It was reported that work is progressing favourably on the rink dance hall and it is hoped to start the weekly dances on Saturday, Nov. 6th, with the new orchestra and a newly decorated hall for the convenience and pleasure of those attending.

A number of names are before the membership committee for consideration as new members.

# Books Dealing With Religion Are Discussed

PETERBOROUGH, Ont. (CP) — Rt. Rev. G. B. Snell, Anglican coadjutor bishop of Toronto, says some paperback books dealing with religion are being written by critics outside the church who hardly know what they are criticizing.

In an address here Tuesday at a three-day Anglican Bishop's Conference for the Toronto Diocese, he said the popularity of the books is a "phenomenon" that demands the attention of churches.

The interest shown by the public is an indication of what persons are thinking. The clergy must sit at the same level as the general public and in humility, present the truth to those who are seeking it.

Bishop Snell said his first reaction to the books was to rush to the defence of the church. In several of the books, Bishop Snell said he found three basic movements which kept recurring as prime areas for concern.

"The first is the ecumenical movement which is so prominent in the 20th century. The second is the liturgical movement, a growing restlessness about the forms of worship used in the Anglican church."

"The third movement is one that most of us thought could never happen, especially from within the church itself. It is a reassessment of the basic foundations of the faith."

He said the church was always faced with the question of how to present the gospel, but the problem recently changed to what from how. "What is the gospel we are trying to communicate? This can no longer be taken for granted."

# French Course Has Graduates

HALIFAX — A unique course in conversational French for Canadian National French dining and parlor car employees graduated its first students in Halifax Wednesday.

The course, the first of its type designed especially for a certain group of CN employees, being conducted for members of the sleeping, dining and parlor car department in the Halifax area who want to learn French. It is part of an extensive program by CN aimed at providing instruction in French and English for employees who desire a better knowledge of both languages to do their jobs more efficiently.

The Halifax students include sleeping car conductors and porters, dining car stewards, waiters and lounge attendants who work on CN's Ocean Limited and Scotian between Halifax and Montreal.

Their eight-day course, called "dans les trains," covers all situations which might be encountered by them from the time the passenger reaches the station to his arrival at his destination.

# Keystone Cop Is Found Dead

VANCOUVER (CP)—One of the last of the legendary Keystone Cops when Mack Sennett's slapstick comedy of the bumbling men in blue was reaching its peak. From that day in 1911 he worked in dozens of the movies, but in 1918 a doctor warned him that the bright studio lights could make him permanently blind because of an eye condition.

He came here in 1921 and kept a bar for many years.

## BIDDING QUIZ

You are South both sides vulnerable. The bidding has been:

West North East South

What would you now bid with each of the following four hands?

- ♠ Q753 ♥ 9 ♦ KQ842 ♣ KJ6
- ♠ 10 ♥ J72 ♦ 984 ♣ AQ853
- ♠ QJ ♠ 964 ♣ KJ75 ♣ KJ82
- ♠ KJ742 ♠ 95 ♣ AJ653 ♣ K8

1. Three spades. In general, an overall in the one level denotes a hand with less than the values required for an opening bid. It is a competitive bid made primarily for the purpose of contesting for a part score. Game is not the intended goal. The takeout double is the weapon generally used over an opening bid when there is a genuine interest in reaching game.

North's spade bid must be dealt with the light of these principles. He will ordinarily have a good spade suit, but his high-card strength may range from 7 to 13 points. His overall will usually be based on trick-taking values instead of high-card values.

The jump raise to three spades requests North to bid four with a better than average overall and to pass with less. No useful purpose can be served by bidding diamonds.

2. Pass. It is clear that the

1. Three spades. It is unusual to raise partner with only two trumps, but there is no better bid available. The Q-J is adequate support opposite an overall, since the odds heavily favor partner's having a six-card suit for his bid. If partner had only five spades, they would have to be headed by the A-K to meet the safety requirements for an overall; if partner lacks the ace or king, he is extremely likely to have a six-card suit.

2. Four spades. It would be wrong to bid three spades in the hope that partner can carry on to four. Our hand figures to make at least ten tricks opposite a spade overall, even if the overall was of the minimum class.

North must have had some reason for bidding a spade, and, while we can't tell whether his overall was based on high cards or distribution, or both, we still must bid game if only for the reason that 10 tricks are likely to be made. To do less would show an utter lack of confidence in partner.
