

Grief makes one hour ten.

There is no virtue like necessity.

ALLIES PREPARED TO BOMB AIR BASES IN MANCHURIA

Report Large-Scale Prison Break In Alabama

Population Increase In Charlottetown Reported

OTTAWA, Sept. 14—(CP)—The Bureau of Statistics today issued the second of a preliminary series of population figures based on the 1951 census. The reports are issued from time to time as full figures for a number of centres become available. Cities in today's list, with 1941 figures bracketed:

Mayoralty Issue Hearing Oct. 3rd

Counsel in the matter of the Charlottetown Mayoralty issue agreed yesterday to have the case set down for hearing by the Supreme Court here on October 3. A stated case by consent was agreed upon by counsel on Thursday, settling forth the facts of Mayor B. Earle MacDonald's successful candidacy in the Provincial general election held April 26 and that notice of his being returned had been published in the Royal Gazette of May 26.

Webster's Orchestra, Admission 50 cents.

Possibly 150 Heavily-Armed Convicts Loose

SPEIGNER, Ala., Sept. 14—(AP)—Warden B. R. Reeves said tonight large number of heavily-armed prisoners escaped in a mass break at Draper Prison. First reports gave the number of escapees as 150, but Reeves said he didn't think it was that number. He said he had not completed a check of the prison population. All guards on duty in the prison were either locked in an office or taken hostage. Reeves said also that the escaping convicts took with them all the guns in the prison gun room. He said they included at least two sub-machine-guns, three or four pistols and some shotguns. Draper Prison is located about 22 miles north of Montgomery. Mostly young first-offenders are confined there.

Miracle Recovery From Wasp Sting

VANCOUVER, Sept. 14—(CP)—A baby boy, stung 477 times Aug. 26 when he fell into a wasp's nest, had made what doctors describe as a "miracle recovery". Mark Bennett, 17 months old, toddled into a wasp's nest in his backyard and remained there paralyzed for 10 minutes. It left his body swollen to about twice normal size, his eyes bulging and his hearing gone. He lost 50 per cent of his blood. The baby was in a coma 48 hours and doctors held little hope he would survive. He was treated with acetic, penicillin and various anti-histamines and today was pronounced "completely recovered."

PART INDIAN

The Indian population of Canada, approximately 140,000, constitutes roughly one per cent of the total.

Movieland Love Affair Erupts In Fisticuffs

HOLLYWOOD, Sept. 14—(AP)—A movieland love triangle erupted in fisticuffs today and the pummeling hands of actor Tom Neal sent Franchot Tone to the hospital with a brain concussion and broken nose. The fight scene was outside the home of blonde Barbara Payton, the object of all the ardor. While Barbara screamed, Neal, approximately 10 years Tone's junior proceeded to lay Tone out. Neal gave this version of the big bust-up: "This thing's been brewing for a long time. First, Barbara was going to marry me. We had already taken our blood tests and were to have had the ceremony performed in San Francisco tomorrow. The first thing I knew of any change in plans was when Barbara went out yesterday afternoon with Tone. Last night she went out with him again and they didn't get back until 1:15 a. m. I was waiting at Barbara's place with my friend Jimmy Cross, and some other people. "Tone ordered me out of the house. He then invited me out on the lawn. I told him I'm a younger man than you, and I don't want to get into a fight with you. Furthermore, you're very foolish to get into trouble when you have your child custody case coming up. "Tone replied, 'Well, that's the way with life. When you get bad publicity you just have to take it.' "Whereupon, he swung on me. I ducked the punch and then hit him very hard, knocking him about 10 feet. Then I hit him three or four more times. He went out cold. "At this point Barbara came screaming at me and I pushed her aside. I saw them carry Tone into the house, all bloody, and still unconscious. Then I left. "Tone recently has been involved in a legal battle with his former wife Jean Wallace over custody of their two sons.

CNR Arrangements Made For New Mail Service Changeover

Mr. A. H. Ball, superintendent of cartage, Canadian National Railways, Montreal, is now in Charlottetown arranging for the changeover from train to truck transportation of mails and express in Prince Edward Island, as announced in The Guardian on Sept. 11. Mr. J. B. Peake, cartage agent, C.N.R., Charlottetown, will supervise the new service when it gets under way. Five new C.N.R. trucks are expected to arrive here by the first of next week. These vehicles, for which arrangements for servicing and storage will require to be made, are 4-ton cartage trucks with 14 ft. bodies. In the meantime the C.N.R. will operate the trucks taken over from Provincial Transport Ltd., a subsidiary of The Guardian Publishing Company, for early morning transport of Guardians to the Montague, Souris and Summerside areas. This service, starting on Monday, will be continued on the same time schedules as are now in effect until the postal service by truck is inaugurated. The tentative date for this latter service for King's County has been set for October 1, but this will depend on whether the Post Office arrangements for the changeover can be completed in that time. Express and less-than-carload transportation by truck will follow at a later date. The new C.N.R. mail service for West Prince County is also subject to changeover arrangements with the Post Office, but it is hoped to start this service also in the near future. The above arrangements are the result of a contract recently made by the Post Office authorities with The Guardian and now taken over on similar conditions of fast morning service by the Canadian National Railway, which has also undertaken to speed up its express and l.c.l. service by truck. The new service will be of particular benefit to the eastern and western sections of the Province, and in mail deliveries will mean a saving of twenty-four hours in many cases over the service which has been in effect in this Province since Confederation.

Clinics To Aid Medical Doctors In Treatment Of Mental Diseases Planned

Establishment of clinics in Charlottetown and Summerside as a forward step in the aid to medical practitioners in the treatment of mental diseases will be one of the features of future plans. Dr. John Theriault, Director of Treatment Service in the Division of Mental Health, outlined the plans before the annual meeting of the P. E. I. Medical Association at the Charlottetown Hospital yesterday morning. Already organized are two electro-convulsive therapy units (better known as shock units), one in the male wing and the other in the female wing. The staff at Falconwood has received special training in this treatment and Dr. Theriault reports that so far results have been satisfactory. As additional staff the services of a psychologist and a social worker have been recently obtained, while an occupational therapist will join the staff on October 1. Besides these Dr. Alec Murchison, Falconwood Director, will shortly return from a year's study and Dr. A. A. MacVicar, who formerly practised here, will return.

P.E.I. Vice-President Of Bar Association

Mr. F. A. Large TORONTO, Sept. 14—(CP)—A Vancouver man, John Arthur Clark, 65, was elected president of the Canadian Bar Association at the annual meeting here today. Andre Tachereau, K.C., of Montreal was named vice-president and W. S. Owen, K.C., of Vancouver, registrar. L. E. Gallipeault, K.C., of Quebec city was elected honorary secretary and D. Park Jamieson, K.C., of Sarnia, Ont., honorary treasurer. Vice-presidents for the provinces: Newfoundland, John G. Higgins, K.C., St. John's; Prince Edward Island, F. A. Large, K.C., Charlottetown; Nova Scotia, H. C. Forrester, K.C., Halifax; New Brunswick, L. McC. Ritchie, K.C., Saint John; Quebec, Paul P. Hutchison, K.C., Montreal; Ontario, J. R. MacLaren, K.C., Brockville; Manitoba, C. V. McArthur, K.C., Winnipeg; Saskatchewan, W. Forbes, K.C., Regina; Alberta, E. J. Chalmers, K.C., Calgary; British Columbia, A. C. DesBrisay, K.C., Vancouver.

Drew Plans Tour Of N.S. And N.B.

OTTAWA, Sept. 14—(CP)—George Drew, Progressive Conservative leader, will leave here Sunday for a week's tour of Nova Scotia and New Brunswick. He will spend Monday in Halifax and Tuesday will address a Rotary Club luncheon there. Tuesday afternoon and evening he will visit Bridgewater, N.S., and Lunenburg, N.S. Wednesday he will attend the Queens County Fair and address a public meeting in the constituency of Annapolis-Kings. The following day he will address a public meeting at Middleton, N.S. He will visit Moncton, N.B., Friday, address a public meeting at Sussex, N.B., that evening and Saturday will address a meeting at Saint John, N.B. Sunday he will return to Ottawa.

Will Act If Enemy Uses Planes In Drive

WASHINGTON, Sept. 14—(AP)—Military men said today United States planes will bomb Manchuria if the Communists hurl air power against United Nations forces. "The U. S. Air Force in Korea has been put on the alert against a sudden attack by Communist air-men. One highly-placed source says the air force will not 'take it sitting down' if the Reds hurl air power against United Nations forces now facing a huge build-up of Communist ground strength. The Reds are known to have assembled a formidable air fleet in their Manchurian sanctuary. It could strike heavy blows against U. N. forces in another offensive. Fear Surprise Attack It is known that top defence chiefs are most fearful of a pearl Harbor-type air attack which could come without warning. This is the situation: It is understood at the top military level that once the Reds use air power in force against U. N. troops—then all bars are down on attacking Manchuria. The Allied retaliation would be aimed at halting the enemy's air attacks by knocking out air bases and destroying Red planes in the air. There is no disposition at this time to carry the war against Red China itself by bombing cities as Gen. Douglas MacArthur has proposed. Nor is it likely the U. S. Air Force will attack the Red bases in Manchuria in a 'preventive' war to knock out the Communist air." (Continued on page 15 col. 3)

U.S. Ambassador To Visit Ch'town

Mr. Stanley Woodward, United States Ambassador to Canada will visit this city Tuesday, September 25 as part of a brief visit to the Maritime Provinces. He will arrive here that date from Halifax and will leave the following day for Saint John. He will travel by Embassy plane and will be accompanied by Mrs. Woodward, Dean Brown, second secretary of the Embassy, and Mrs. Brown, and Mason Wade, attache. It is expected that while here the Ambassador will pay formal calls on His Honor Lieutenant Governor T. W. L. Prowse and Premier J. Walter Jones. Ambassador Woodward is a career member of the United States Diplomatic Service which he entered in 1925. Since then he has served in Geneva, Brussels, Tokyo and Port-au-Prince, Haiti. Prior to coming to Canada as Ambassador Extraordinary and Plenipotentiary in May of last year he had been Chief of the Division of Protocol for the Department of State, Washington.

Fur Prices At Montreal Easier

MONTREAL, Sept. 14—(Special)—Almost all types of furs were easier than at the June sales. Mr. George A. Calbeck, manager of the Fur Marketing Department of the Canadian National Fox Breeders Association, of Summerside, P.E.I., said here today in commenting on the Canadian Fur auction sale. There was a fair demand for good platina and pearl platina but a large percentage of other types were withdrawn. The fox section of the sale was completed today.

Canadian Bar Ass'n In Sharp Debate On Divorce

TORONTO, Sept. 14—(CP)—The Canadian Bar Association today wound up its 33rd annual meeting with a stormy discussion of divorce. A resolution proposing sweeping extension of the grounds for divorce to include desertion, cruelty and incurable insanity was defeated by five votes. The lawyers voted 69 to 64 against broadening Canada's 100-year-old divorce laws, which now admit adultery as the only grounds for severance of marriage ties. Abolition of the death penalty for rape also was advocated today. Submitted by British Columbia delegates, the divorce resolution urged that Provinces be given the power to dissolve marriage on three additional grounds: (1) Desertion without cause for at least three years; (2) cruelty and (3) incurable insanity requiring care and treatment for five years. Earlier this week, the association passed a resolution asking for a crown commission investigation into provincial courts in an attempt to remedy delays and lessen the cost of litigation. It also recommended equal time off for good behavior in penitentiaries and provincial jails. Present laws provide a maximum of about two months more time off for good behavior on two-year penitentiary terms than for two-year-less-a-day sentences to provincial jails.

Communist Armor Shows Up On Western Front

By JOHN RANDOLPH U.S. EIGHTH ARMY HEADQUARTERS, Korea, Sept. 15—(Saturday)—(AP)—Communist armor showed up suddenly on the Western Korean front Friday. Allied forces were driving slowly ahead in the mountainous east. On all fronts, they were alert for a possible Communist onslaught by the light of the week-end's full moon—a favorite enemy time of attack. In the western action, at least two Russian-type T-34s were reported knocked out. They were in a group of six tanks and two self-propelled guns west of Yonchon and some seven miles north of parallel 38. That is near the main highway leading northward from Seoul, Korean republic capital. Allied intelligence reported at least 40 Communist divisions—an estimated 400,000 men—were massed along the front, most of them in the west on the historic invasion route toward Seoul. A spurt in Red troop movements aroused new speculation of a Chinese attack, particularly because of the moon. Gen. James A. Van Fleet, Eighth Army commander, acknowledged the possibility but with tongue-in-cheek. Said he: "Tonight, tomorrow night—and the following night are extremely critical—or so the dopsters tell me. The past-performance boys have the record book on their side, for the enemy has always waited until he had a full moon before launching any major offensive." However, Van Fleet added that he was "skeptical." Sinceordes of shrieking, bugle-blowing Chinese entered the war at the end of last October, three major offensives have pushed off during a full moon—last New Years, in April and in May. The last two cost the Reds staggering losses.

Season's First Sharp Frost Threatens In West

EDMONTON, Sept. 14—(CP)—The season's first sharp frost threatened to strike the Western Prairies tonight. Western farmers, a record grain crop in their fields, anxiously scanned the clear skies. The cold wave quickly replaced incessant rains as the farmers' No. 1 hazard in the harvesting of a wheat crop which the Dominion Bureau of Statistics said in Ottawa today likely will reach a record 579,338,000 bushels. Advance calculations by weather experts were that in most places tonight's frost would not exceed two or three degrees—not enough to hurt crops. But at the colder spots, including the Red Deer area of Alberta, midway between Edmonton and Calgary, it would be as much as seven degrees. "There definitely will be reports of crop damage from some areas," the Weather Office said in Edmonton. Meanwhile, wherever fields were dry enough after the drenching rains of earlier this week, farmers pressed ahead with harvesting. If the Bureau's estimate of a 579,338,000-bushel crop is borne out, the 1951 wheat harvest will total more than 100,000,000 bushels more than last year's. To get the \$1,000,000,000 wheat crop in, farmers now need warm, dry, sunny weather. Already, the prolonged wet spell has resulted in serious sprouting of grain already cut and left in the field when rain halted harvesting.

Local Man Automobile Fed. Director

BANFF, Alta., Sept. 14—(CP)—A Vancouver man today was chosen to head the Canadian Federation of Automobile Dealers Association. Dan McLean of Vancouver was elected president, succeeding George W. Hoban of Toronto. The federation represents 3,000 automobile dealers across Canada. Vice-presidents elected were C.R. Howell, Toronto, Fernand Jarry, Montreal, and W.P. Logan, Saint John. Dave A. Amory of Montreal was named secretary and A.J. Cameron of Moose Jaw, Sask., treasurer. Directors elected include Charles Malken, Halifax; Ivan A. Horne, Charlottetown; S. S. Rafuse, Bridgewater, N.S.; and R. J. Logue, Sydney. Canadians will be buying more cars than ever a few years hence. Rhys M. Sale, president of Ford (Continued on page 15 col. 3)

HALIFAX, Sept. 14—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Saturday, with an outlook for Sunday. Synopsis: A band of showers extending from Quebec southward through Vermont is moving slowly eastward. Although New Brunswick and Eastern Quebec will be affected on Saturday the showers will not reach Nova Scotia and Prince Edward Island until after midnight. Regional forecasts: Prince Edward Island—Variable cloudiness. Fog patches east morning. Very warm. Light winds. Low and high Saturday at Charlottetown 60 and 75. Outlook for Sunday—Cloudy. High tide today at 10:19 A. M. and 11:06 P. M. Sun rises today at 5:50 A. M. and sets at 6:25 P. M. Summerside tide eighteen minutes later than Charlottetown. M.C.A.
