SPECIAL DISPATCHES TO THE EXAMINER. Notes of the Capital. OTTAWA, March 16. A meeting of Council is to be held today. Collectors of Customs have been notified that hymn books are on the free list, but to see that no false entries are made under this head. The trade returns for February show an improvement. The imports increased \$75,000, and the exports are up to the average. A Narrow Escape. MASON, Que., March 16. A Canadian Pacific Railway express which left Halifax on Thursday morning for Montreal, and which met with an accident at Amherst, had another narrow escape from destruction yesterday. The rear axle of the tender gave way while the train was going at the rate of forty miles an hour, and the wheels left the track. The train was delayed three hours. Wiman's Sentence Reversed. NEW YORK, March 16. The General Term of the Supreme Court has reversed the judgment convicting Ernest Wiman of forgery in the second degree, on which he was sentenced to five years and two months in the State prison.

LATEST SUMMERSIDE NEWS.

Special Correspondence of The Examiner. The delayed trains and bad driving over the country roads, due to the late storm, caused quite a lag in business yesterday. Street Commissioner Reynolds and his staff were kept busy, however, and had three plows at work cleaning the sidewalks. The employees of the Electric Light Co. were also kept busy relieving the wires of their burden, and fixing those which had broken under the weight of snow and ice which they had accumulated. The attention of the police is directed to a number of boys who make a practice of throwing snow-balls at country people who come into town on business, and who tell us they are obliged to run their horses at times to escape dangerous mobs of boys who collect at certain places in the west end of the town. Messrs. E. H. Wright and Wm. Nutt are making arrangements for a shooting expedition. They leave in a few days for the west and will do the shores on that part of the island. We wish them good luck. Two old buildings on Water Street that should be torn down are the remains of the buildings lately occupied by Angus McQueen and Thomas Johnson, which were the site of the "Club-room fire," and one at the east end of town known as "the Sally Robinson house." It can be of little benefit to the owners to let these shells stand, and as they greatly disfigure our principal street, and are dangerous as "fire boxes," should be pulled down. The special train conveying our hockey team, which was billed to play the Victorias last night in Charlottetown, left here yesterday at 5 p. m., but was unable to reach the city on account of the "tie up," and was compelled to return to Summerside, reaching here about 10 o'clock. Another date will doubtless be arranged for the match. A movement is on foot to organize a baseball team here. Not a bit too early, summer will be with us in a few days. The series of lectures delivered by His Honor Judge Hodgson before the law students closed with Thursday night's lecture. Lectures of this kind, given by so capable a Master of the Rolls, will greatly benefit the student of law. The W. C. T. U. lecture in Market Hall on Thursday night, given by Mr. John Gaffney on "The Evolution of Civil Liberty," was well attended considering the bad weather. Mr. John Mollison acted as chairman. At the close of the lecture Principal McIntyre spoke briefly on the subject, and moved a vote of thanks to the lecturer, followed by a few words from Capt. James Walsh. The concert given in St. Eleanor's Hall by the Orontydale Lodge, Wednesday night, was well attended. The programme consisted of songs, recitations, readings and a short drama, concluding with a farce entitled "Dentistry." Mr. J. W. O'Donnell, of Georgetown, has been in town this week attending Judge Hodgson's lectures. Mr. William Mallet is brightening up the exterior of his barber shop on Water Street with paint. New fixtures are also to be added. CHURCH SERVICES. Methodist.—Rev. R. W. Weddall, pastor. Preaching at 11 a. m. and 6.30 p. m. Sunday School at 2.30 p. m. Baptist.—Rev. W. H. Robinson, pastor. Service at 11 a. m. and 6.30 p. m. Sunday School at 2.30 p. m. Presbyterian.—Rev. E. M. Dill, pastor. Preaching at 11 a. m., and 6.30 p. m. Sunday School at 2.30 p. m. St. Mary's, Episcopal.—Rev. Alfred Osborne, D. D., pastor. Sunday School at 2.30 p. m., evening service at 6.30 p. m. Salvation Army.—Capt. Seely in charge. Meetings at 7.30 and 11 a. m., and at 2.30 and 8 p. m.

MOVEMENTS OF THE TRAINS.

Yesterday's mail train from Cape Traverse did not arrive in Charlottetown until one o'clock this morning. The train which left here yesterday morning got to Summerside last night, and reached O'Leary on the way to Tignish about two o'clock this afternoon. The eastern and western trains reached the city on time today.

THE ANNOUNCEMENT IN YESTERDAY'S PAPER OF THE DEATH OF MR. LOUIS A. ANDERSON, OF THIS CITY, WILL BE RECEIVED WITH DEEP REGRET.

The deceased was a young man well and favorably known, manly and upright in his walk in life. He had been for several years in the employ of Messrs. Hazard & Moore, bookbinders, who speak in the highest terms of his ability and integrity in business. We join in sympathy to the bereaved father, mother and sisters.

ST. PATRICK'S DAY.—The celebration at Emerald on Monday evening next (March 18) promises to be most successful.

A special train will leave Charlottetown at 6.45 p. m., returning after the entertainment. St. Dunstan's College Glee Club, Orchestra and Band will be on the train and will render some choice selections. Those going on the special will therefore have a pleasant time, both going and returning, as well as have the privilege of assisting at a good entertainment at Emerald. The fare is cheap, and it is hoped that there will be a good attendance from the city.

HOUSE TO HOUSE VISITATION.—Thursday, 21st inst., has been named by the Executive Committee of the P. E. Island S. S. Association as the day for "house to house" visitation of the city, in order to get a correct census of the Sunday School population and other useful religious information. The city has been divided into 31 districts, and two canvassers, representing different Protestant churches, have been appointed for each district, making 62 canvassers in all. The allotment of districts has been made, and canvassers are requested to attend a meeting of instructions to be held at 8.30 Wednesday evening in the parlour of the Y. M. C. A. It is very necessary to have a full attendance of Canvassers. J. K. Ross, Sec'y.

TEMPERANCE VISIT.—Kingston Star Division was visited last evening by a party of Sons of Temperance from this city.

A very pleasant reunion was enjoyed and excellent addresses, interspersed with songs and readings were given on the success and reverses of the good cause. Many favorable comments were made on the present administration of the Scott Act in Charlottetown. The liquor dealers are beginning to find out that the Scott Act is not a failure after all. We have plenty of law. What we require now is men who have back bone enough to enforce it. Temperance Societies will in future work more along these lines. Before leaving for the city the visitors were most royally entertained by Mr. John McDougall, an earnest and active member of Kingston Star.

PERSONAL.

Professor Robertson, Dominion Dairy Commissioner, is here. He is registered at the Hotel Davies. The Rev. E. M. Dill, of Summerside, will fill the pulpit at Zion Church tomorrow morning and evening. Mr. James McLeod, son of J. J. McLeod, merchant tailor, of Crapaud, returned home last evening from Portland, Oregon, where he has resided for the last four years. Mr. McLeod reports times very dull in the west, and thinks P. E. Island the best place after all.

THE STANLEY AGAIN.

Sir,—This steamer could come in and call at one of the first wharves, using as nearly as possible the same track going out, which would not interfere in the least with farmers bringing produce to market, or those hauling supplies to factories, stores, &c., from the South and West. If the Stanley came in at once there would be a chance to ship our produce, which cannot be done now on account of extra freight to Georgetown. This would benefit the farmers. OBSERVER.
