## THE INFANT'S FUNERAL.

The crowd of a city's busy street
Passed carelessly along,
As they bore thee, pure and sinless one,
Through the swiftly changing throng:
The step of the mourners halted not
For the gay, the proud, the vain;
But a chariot's rapid course was stayed
By the Infant's Funeral train.

The worldling shrank, when her bright glance fell
On the small and humble bier;
And she turned to shun the Father's grief,
And the Mother's silent tear.
"They weep—and weep for thee!" she sighed,
As she closed her gushing eyes,
"Yet they give thee back, thou sinless one?
As an angel to the skies!

"They know of thy guiltless soul's abode—
And they know where thou art gone—
And they lay thee down in bliss and peace,
Yet they follow thee and moan!"
Forth burst the words, as some bitter pang
Cross'd the worldling's lip and brow;
"O God! O God! what would I give
To be where thou art now?"

## A MORMON STORY.

Two years ago, along the flowery banks of a little rivulet that ran laughingly through one of the valleys of Old Wales, a maiden and her lover walked. Both were young, and one was beautiful, and both were sad. It was a farewell meeting. The lovers had met to exchange their vows anew and then part—he to embark as a sailor upon a vessel bound to America, she to remain at home, patiently counting the long months that would elapse before they could meet again. These lovers were rude, ignorant and superstitious peasants. They knew but little, but their love was great. Fondly they pledged each other in a last embrace—slowly, and with bleeding hearts and swimming eyes they parted.

Three months afterwards a letter reached the home of the young girl from the captain of the ship in which her lover sailed. He had been drowned, and in his chest were some papers that enabled his captain to inform her of the fate that had befallen him who alone made earth happy to her.

Not long after this there came to that country the apostle of a new faith. He was a man of strange and fervid eloquence. He drew a picture of a new home and a new world. He peopled that home with saints—he filled it with the glories and lights of Heaven brought to earth. He proclaimed himself the Moses, sent by God, to lead his chosen children to this promised land.

The parents of the young girl of whom we have spoken took her to listen to that strange and enterprising discourse. For many weeks a deep and profound stupor had settled upon her, and she lived like one in a dream. She listened to the wild enthusiasm of the Mormon propagandist with a stolid apathy, until he pronounced the word "America." That word, the name of the loved land for which her dead lover had sailed, acted on her like a spell. She listened henceforth, as one entranced, and at the close of the discourse sought out the preacher, and conversed with him.

What lies he told her—what cunning arts he used to draw her on—what spell he threw around her in the name of religion—will be never known. In a few days the missionary, hoary-headed and the husband of a harem of wives in the city of the Great Salt Lake, was sealed as the husband of this poor and beautiful young girl, and with his colony of converts, and his young wife, embarked for the land of the New Jerusalem. They reached this place. In the peaceful twilight of the day the poor deluded Mormon wife, separating herself from her companions, walked down to the river's brink. She stood upon its brink and watched the angry and turbulent flood hurrying on toward the sea. She heard a footstep behind her—she turned her head, and beheld her lover, he whom she had believed to be in the ocean, and to be re-united to whom in the spirit land she had sold herself on earth.

A wild shriek pierced through the evening air. She threw her arms toward heaven, gazed up toward the eternal sky, and turning, leaped madly into the running stream. Without a word he followed her; for a moment they were both lost to sight—they rose again, clasped in each other's arms, and then sank to rise no more.

A crowd of agitated and weeping women soon gathered on the bank, from whom our informant gathered the incidents of this strange story. One of them, who had known this ill-starred couple in Wales, had met the lover a few moments before. The story of his death was false. He had been picked up by a whaling vessel, carried to the coast of Oregon, and thence he was making his way eastward.—She told him that his betrothed was on the river bank—he hastened to meet her—and died with her.—*St. Joseph (Missouri) Journal.*

THE AGE OF OUR EARTH.—Among the astounding discoveries of modern science is that of the immense periods that have passed in the gradual formation of the earth. So vast were the cycles of the time preceding even the apperance of man on the surface of our globe, that our own period seems as yesterday when compared with the epochs that have gone before it. Had we only the evidence of the deposits of rocks heaped above each other in regular strata by the slow accumulation of materials, they alone could convince us of the long and slow maturing of God's work on earth; but when we add to these the successive populations of whose life this world has been the theatre, and whose remains are hidden in the rocks into which the mud or sand or soil or whatever kind on which they lived has hardened in the course of time—or the enormous chains of mountains whose upheaval divided this period of quiet accumulation by great convulsions—or the changes of a different nature in the configuration of our globe, as the sinking of lands beneath the ocean, or the gradual rising of continents and islands above; or the slow growth of the coral reefs, those wonderful sea-walks, raised by the little ocean architects whose own bodies furnish both the building stones and cement that binds them together, and who have worked so busily during the long centuries, that there are extensive countries, mountain chains, islands, and long lines of coast, consisting solely of their remains—or the countless forests that have grown up, flourished, died, and decayed to fill the storehouses of coal that feed the fires of the human race—if we consider all these records of the past, the intellect fails to grasp a chronology for which our experience furnishes no data, and time that lies behind us seems as much an eternity to our conception as the future stretches indefinitely before us.—*Agassiz.*

THE NEWSPAPER.—One never knows how to value his daily or weekly paper till caught in some out-of-the way place in the country, he suddenly discovers to his horror that the almanack, and one dingy, deplorable novelette constitute the household library. Even in these circumstances one can get along for a time, in fair weather. One is a long time getting weary of the delicious fragrance of the woods, or the glimpses of the sky through the big trees, or the luxurious feel of velvety moss to city trained feet, or the sweet song of birds. But on a rainy day—when the solemn old cows stand and take it as if their hides were made of cast iron and their tails of hickory wood; when the hens poise themselves on one leg for hours in the same spot under the fence; and even the belligerent roosters are as meek as chickens—when the rain drops--drips—drips—from the low eaves into that big bellied barrel at the corner of the house, till every drop seems to bore a hole in your head, wouldn't you give all your hopes of being married, or being President, for your favorite paper; wouldn't you read it inside and out, upside and down, and over and across? Wouldn't you post yourself up in its advertisements? Would you leave even a comma unexplored? Would not you, as you folded it reverently in the proper creases and patted it affectionately, sigh as you said—after all, one might as well be buried as live without newspapers?—*Aroostook Pioneer.*

Charlottetown, Feb. 10. tf

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."

## The Ready and Reliable Remedy.

## HOLLOWAY'S OINTMENT.
**Circular to the Sick.**

The first hospital surgeons and medical authors of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country, and throughout the world, repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralizes the fiery elements which feed and exasperate the malady.

**Rheumatism, Scrofula, Erysipelas.**

These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation.

**King's Evil, Fever Sores, Siff Joints.**

In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopœia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

**Discharging Ulcers.**

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer is radically cured.

**A Word to Mothers.**

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for burns, sprains, and bruises, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

**Heated Blood, Scorbutic Eruptions.**

This Ointment is universally resorted to with the happiest effects by seafarers for easing and curing the skin diseases resulting from the continued use of salted provisions. It is largely and successfully employed by sailors of all nations for curing the scurvy and the annoying eruptions which spring from overheated blood. Its fine cooling properties are invaluable in inflammation, ulcers, or sores, of the legs or feet, and it gives greater ease than any other application to the aches and darting pains, produced by varicose veins or neuralgia, resulting from exposure to cold or wet.

**Wounds, Bruises, Burns, and Scalds.**

The extent to which mechanical and manufacturing industry in this country has reached, is greater than in any other, therefore the liability to bodily accident has increased in the same ratio. Accidents are lamentably frequent, and often when seemingly trivial in themselves, are made to end fatally from want of due attention and proper remedies. The most powerful curative ever applied to wounds, bruises, burns, or sores of any sort, is Holloway's Ointment. Every tradesman, in fact, every man to whom an accident may happen — and who is there exempt?—should be provided with it against the physical dangers which, though never foreseen, are of hourly occurrence.

**Bad Legs, Piles, and Fistulas.**

The cures which this Ointment effects in healing Ulcers of long standing, and which have resisted all other applications, as well as in curing bad legs, Piles and Fistulas, have been so countless and so notorious throughout the world, that any effort to give an adequately detailed statement of their number or character would be vain. It is sufficient to say that the Ointment has never proved inefficacious.

*Both the Ointment and Pills should be used in the following cases:*

| | | |
|---|---|---|
| Bad Legs | Corns (Softs) | Rheumatism |
| Bad Breasts | Cancers | Scalds |
| Burns | Contracted and Stiff Joints | Sore Nipples |
| Bunions | | Sore-throats |
| Bite of Moschetoes and Sand Flies | Elephantiasis | Skin-diseases |
| | Fistulas | Scurvy |
| | Gout | Sore-heads |
| Coco-bay | Glandular Swellings | Tumours |
| Chiego-foot | | Ulcers |
| Chilblains | Lumbago | Wounds |
| Chapped Hands | Piles | Yaws |

## Dr. La'mert on Self-preservation.

**Price, with Engravings and Cases, 25 cents; by post, 30 cents.**

SELF-PRESERVATION; a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh;
Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally qualified practitioner whose name stands on the 'Medical Register' (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

## Ayer's SARSAPARILLA,
THE WORLD'S GREAT REMEDY FOR
**Scrofula and Scrofulous Diseases.**

*From Emery Edes, a well-known merchant of Oxford, Maine.*

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

**Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.**

*From Rev. Robt. Stratton, Bristol, England.*

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

*From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.*

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

*From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.*

"I had for several years a very troublesome *humor* in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

**Erysipelas—General Debility—Purify the Blood.**

*From Dr. Robt. Sawin, Houston St., New York.*

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

*From J. E. Johnston, Esq., Wakeman, Ohio.*

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

*From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.*

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

**St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.**

*From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.*

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

**Syphilis and Mercurial Disease.**

*From Dr. Hiram Sloat, of St. Louis, Missouri.*

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

*From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.*

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

*Mr. Chas. S. Van Liew, of New Brunswick, N. J.,* had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

**Leucorrhœa, Whites, Female Weakness,**
are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

*From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.*

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

*A lady, unwilling to allow the publication of her name, writes:*

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

**Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,**
when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

## AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

**IS THERE any VIRTUE in Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?**

**Convincing Testimony.**

REV. C. A. BUCKBEE, *Assistant Treasurer American Bible Union, N. Y. City*, writes: "I very cheerfully add my testimony to that of numerous friends to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum."

REV. WM. CUTTER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot."

REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being grey to its natural and beautiful color."

REV. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color."

REV. A. WEBSTER, Boston, Mass.: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

REV. H. V. DEGEN, Boston, Mass.: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

## MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to porsens suffering under nearly every kind of disease to which the human frame is liable.

**IN MANY THOUSANDS**

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibably proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and indulging them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury* nor *Antimony* nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or sudden Diarrhœa with its imminen dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour,* and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

*Dropsies* of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel.*

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

*Asthma* and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

*Scurvy, Ulcers* and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

*Scorbutic Eruptions* and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

**FEVER AND AGUE.**

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

**Bilious Fevers and Liver Complaints.**

*General Debility*, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

**MERCURIAL DISEASES.**

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

**BE CAREFUL OF COUNTERFEITS.**

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

## THE NEW FRENCH REMEDY.

*By Royal Letters Patent, under the special sanction of Her Majesty's Government, and the Chiefs of the Faculte de France.*

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste, odour,* and *appearance of* medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion. Each package contains full instructions for every case.

**THERAPION, No 1,** in three days only removes gonorrhœa, gleet and all discharges, effectually superseding injections, the use of which *does* irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

**THERAPION, No. 2,** for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears; and the skin assumes the pleasing softness of infancy.

**THERAPION, No. 3,** for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s. are saved: and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the Government stamp bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND, Thomas & Co, 7, Upper St. Martin's-lane, London; Raimes & Co., Liverpool; Apothecaries Comp., Glasgow; Ferris & Co., Bristol; Cornish & Co., Plymouth; Rowe, Devenport; Randall & Co., Southampton; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.

## PREMATURE DECAY OF THE SYSTEM,

and its perfect restoration, whether arising from youthful imprudence or the excesses of adult life, infection, climate, &c. Observations on marriage, the prevention and removal of certain disqualifications. Rules and numerous prescriptions for self-treatment. Sufferers who are prevented from matrimony by the consequences of imprudence should read this work, as pointing out the sure way to restoration of health. Sent post free in an envelope on receipt of 3s, by Mr. Lawes, Medical Publisher, 14, Hand Court, London.

## The Cause and Cure of Premature Decline.

*Sold by all the Agents for Dr. De Roos' Medicines, or sent post free, secure from observations direct from the Author, for 2s 6d.*

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr. W. DE ROOS, M. D., M. R. C. S., L. S. A., &c., *of the Ecole de Medicine, Paris, Graduate in Medicine, Surgery and Midwifery; Licentiate of the Royal Society of Apothecaries, &c.*

**REVIEWS AND NOTICES.**

"To be your own counsel or your own doctor, entails risks that have become proverbial to a degree that prevents much good resolution from taking any benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow. Medical books are a field for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or taste not the Pierian spring,' is good advice where the uninformed mind, listening to its own apprehensions is oftener ready to imagine than use its cool judgment. There is one class of medical lore, however, that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a perusal of the 'Medical Adviser' of Walter De Roos, M. D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Paris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics, as qualifies him to be a safe and competent adviser.—*County Chronicle, May 7th, 1861.*

"The MEDICAL ADVISER, by WALTER DE ROOS, M. D., for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—*Derby Telegraph, June 29th, 1861.*

To those who contemplate marriage its perusal is especially recommended.—The knowledge it imparts must come *some* time, and happy they who do not possess it too late.—Cure is certain in every curable case, and few indeed are they which are not so.—It is calculated to effect a complete revolution in the treatment of these complaints.—Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

## DR. DE ROOS' GUTTÆ VITÆ OR LIFE DROPS;

*Protected by Royal Letters Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c.*, have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, anger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become chronic or incurable, sufferers will do well before they waste valuable time in seeking aid from instruments, and other absurdities professing to supersede medicines, to make fair trial of a remedy, which concocted on unerring scientific principles, cannot fail, and may be carried about the person, or left upon the toilet table, without exciting a suspicion of its nature. Price, 11s, and four times the quantity at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, will be sent from 25, Bedford Place, only on receipt of the amount per draft on a London house or otherwise.

Extracts from letters which can be seen by any one. "I am happy to say that I am now quite well, thanks to you and your medicine of medicines."—*D. P. St. Asaph.* "I am happy to say that I shall not require more, thank God, and I hope He will reward you for what you have done for me."—*A. C., Hartlepool.* "If my tongue could speak, or my pen could write to express my gratitude to you I should feel happy, but neither tongue nor pen of mine can do so."—*H. A. Birmingham.* "Without you I should have been in my grave, but now I am a happy man again."—*D. F. F., Inverness.* "I can never thank you sufficiently; had I never read of the Guttæ Vitæ, where or what I might have been now, I cannot tell."—*W. G., West Pelton.*

## PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c.

DR. DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints. Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs &c., have utterly failed. 2s 9d., 4s. 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

"I have taken your Pills and always derive great benefit from them."—*W. W. H., Queen's College Cambridge.* "I have taken your Pills with the most happy result."—*B. H., Cork.* "Your Pills do me great good, I feel better this last twelve months than for years before."—*F. G., Wareham, Ashford.* "Your Pills did me more good than anything I have taken."—*M. J. Dursley.* "I have tried your Pills and derived the greatest benefit therefrom."—*V. G., Navy Hotel, St. Helier's.*

*CAUTION.—There being highly injurious imitations of the above, sufferers should guard against the recommendation of other medicines by dishonest vendors, who thus obtain a larger profit.* To PROTECT THE PUBLIC AGAINST FRAUD, HER MAJESTY'S HON. COMMISSIONERS *have directed that the words* "WALTER DE ROOS, LONDON," *be printed in white letters on the Stamp affixed to the above, to imitate which is felony.*
