Welcome Home

CHARLOTTETOWN Centennials are back to school once again after a trip which the youngsters will remember the rest of their lives.

For the great majority of these young lads, it was their first big trip away from home and they thoroughly enjoyed every minute of it. However, despite the greatness of the whole venture, we are firmly convinced all of the boys were happy to get a taste of Mom's cooking once again.

At any rate, the youngsters turned in an excellent performance in their first trip to Quebec's International Pee Wee tournament. They reached the semi-final bracket in the 'B' division before losing a contest. Their decisions over Drummondville and Gatineau made big news here in Prince Edward Island and the local followers were loud in their praise of the way the boys gave it everything they had.

Folks had surely expected they would suffer losses and when these came, nobody was greatly surprised. The calibre of competition in this tournament is high and we were indeed most happy that our Centennials faced off as well as they did.

IT was fine news to hear that the team coached by Brian Lewis was deemed the most gentlemanly club at the big show. This is indeed a fine advertisement for Prince Edward Island and a real victory in itself. So often after hockey teams make trips you hear about how badly they behaved on the road. Of course, this is not always true but it does occur too often.

However, the Centennials left Quebec City with folks singing their praises. That's a great way to depart. It means you're always welcome to return some time.

And so the Centennials came home as little heroes on Sunday afternoon. They won two hockey games, gave their utmost in the three they lost and showed folks in the Quebec capital that our boys can conduct themselves in fine style in any kind of company.

Centennials, we salute you.

That Special Medal

THE special gold medal awarded to Father David Bauer, coach of Canada's Olympic hockey team, is surely an award that hockey fans will not forget in a hurry.

Father Bauer made a tremendous contribution to these Olympic hockey games. He had complete control of his hockey players and he had them conduct themselves on a high plane throughout.

The Canadian coach didn't issue cheap statements to the press. He weighed his words carefully and when he was quoted, you never heard tell of anyone trying to make him eat his words. His control of himself and players after the Swedish player hit him on the face with a stick brought him more in the limelight than ever before.

This type of award which Father Bauer received was the first of its kind in the history of the Games. But it was surely one that every right thinking hockey fan would thoroughly agree with.

The young priest and his players have been great public relations persons. Canada surely should appreciate the fine roles these folks played at Innsbruck. They will not easily forget the great battles they waged to win a gold medal and particularly that memorable game against he Russians last Saturday afternoon. Two more goals and the Canadians would have ruled as Champions.

However, when the stupid mathematics was concluded by Danny Ahearne and his IIHF buddies, Canada was fourth in the standings. Probably if the IIHF had another few days to concentrate, Finland and Germany might have been placed ahead of the Canadians.

It's Disgusting

WE get more disgusted each day with the idea of playing our national game in somebody else's backyard with silly rules that our hosts decide upon. Refereeing is, a rule, horrible and changed it to suit their needs.

As far as we are concerned, we are all for forgetting about these world hockey tournaments. We don't have to prove to anyone that we have the greatest hockey players in the world. If folks in Europe don't believe that, let them come over and we'll prove it to them.

City Hoop Games Played At SDU

In the City Basketball League last night, St. Dunstan's JV's and the Eagle RCAF were the winners in two high scoring games at the SDU gym. Devana scored 39 points to pace the RCAF to a 94-57 win over the Ch'town "Y". The RCAF outclassed the "Y" boys with a good fast break and a tight zone defence. Roy Scantlebury was the high scorer for the losers with 24 points.

In the other end of the twin bill the Pirates bowed to a well rounded attack and suffered an 87-64 drubbing from SDU. The SDU team effort is evident from a look at the score sheet showing Buotte with 16 point, Desaureault 17, Farrel 19, Tobin 20, Hyndman with 23 and "Funnel" MacLean 17 were the high men for losers.

The lineup for the first game was: RCAF: Devana 39, Rumfeldt 19, Duncan 6, Chequis 7, Szawara 13, Nmuri 4, Armstrong 6, McHarety. YMCA: R. Scantlebury 24, Strang 19, G. Scantlebury 10, Atkinson 4, McDonald, Johnson, and MacDougall.

Second game lineup was: SDU: Buotte 16, Dessureault 17, Farrel 19, Foley 9, Tobin 20, Davis 4, Vantes 2, and Rogers. PIRATES: Hyndman 23, W. MacLean 17, Gallant 4, Holman 6, F. C. Burns and Howatt.

LBJ Urges Medical Care For The Aged

WASHINGTON (AP) — President Johnson, declaring that Americans need, want and can afford "the best of health," urged the U.S. Congress Monday to vote medical insurance for the aged this year.

In a special message to Congress on health problems, Johnson also announced he is creating a Commission on Heart Disease, Cancer and Strokes to find ways to reduce the hazards of these diseases by developing new knowledge and better using existing knowledge.

The first item in the presidential message was hospital insurance for the aged—a controversial program that has been before Congress for at least four years.

The president's recommendations in this field were the same as those advocated by the late president John F. Kennedy.

RAISE TAXES

Spelling out the principal goals of his proposal, Johnson recommended that the insurance program be financed in part by increasing the level of annual earnings subject to Social Security taxes to $5,200 from $4,800. Thus all workers covered by social security and earning between $4,800 and $5,200 would pay more in taxes to finance the system.

Greek Students Are Injured During March

ATHENS (AP) — Thousands of Greek students staged a Cyprus protest march on the U.S. and British Embassies Monday night and collided with police in downtown Athens.

First reports said many students were injured in the fighting.

The riot erupted while U.S. State Undersecretary George Ball conferred with Greek and American officials on a British-American plan to bring peace between the Greek and Turkish communities on the troubled Mediterranean island of Cyprus.

The demonstrating students clamored for Greek union with Cyprus.

THE PROVINCIAL curling championships are underway at Belvedere Golf and Winter Club and some exciting moments were provided the fans yesterday. Chief Justice Thane A. Campbell, chairman of the trustees of The Macdonald Brier Tankard, officially got the play going by throwing the first stone. Before that he chatted with three executive members of The Prince Edward Island Curling Association. Left to right they are: Doug Saunders, chairman of games, Art Love, provincial president and George Bennett, chairman of The Charlottetown Brier committee. Provincial Curling 'Spiel Enters Second Day Of Play

The Prince Edward Island curling championships are into their second day and by midnight some rinks will have fallen by the wayside and will watch the rest of the British Consols play from the sidelines.

Twelve matches were played at Belvedere Golf and Winter Club yesterday as the weeklong competition began its activities. The twelve losers can't afford another loss. If it comes, they've had it as far as representing Prince Edward Island in the Brier at Charlottetown Forum early in March.

Three former Brier representatives won their games in first round play yesterday.

Dr. Wen MacDonald gave Dan O'Rourke a 4-0 lead in the first end but rallied in great fashion to end on top 12-8. The Doctor posted a three in the second to get back in the game and then outcurled the O'Rourke quartet the rest of the distance.

Art Burke, winner of the Island crown in 1962, had no trouble whatever with Myron Bell"s Charlottetown foursome, walloping them 12-4. The defending champion, Doug Cameron, Charlottetown, disposed of RCAF's R. Toar.

Montague, winner of two provincial championships already this year, provided fans with yesterday's biggest excitement. Doug McGowan trailed Wyman Millar, Summerside 10-3 after seven ends and things were all but hopeless. However the boys from King's County took control of things, had matters tied at 10-10 at the end of 12 ends and then garnered the big singleton in the playoff.

Large galleries watched the matches, with the evening crowds filling the spacious Belvedere Club to capacity. As play narrows down, it is expected that even greater throngs will view the proceedings.

One of the highlights of the day was the annual banquet prior to the final draw of the day. It was termed one of the most successful functions in the history of Consols play.

Art Love, president of P.E.I. Curling Association, presided at the banquet. Special guests included Chief Justice Thane A. Campbell, trustee of the Macdonald Brier, Councillor W. R. MacNeil, Dr. Angus MacEachern, Pres. Belvedere Golf and Winter Club, Terry Hea, vice president P.E.I. Curling Association and Gordon Bennett, chairman of the Charlottetown Brier Committee.

Skips and rink members were introduced to the gathering.

Oswald's Mother Gives Testimony To Commission

WASHINGTON (AP) — The mother of Lee Harvey Oswald testified for six hours Monday but said "nothing that would change the picture," Chief Justice Earl Warren told reporters.

The presidential investigation commission which he heads will resume its closed-door hearing of Mrs. Marguerite Oswald, 56-year-old practical nurse, this afternoon, Warren said.

In many interviews, Mrs. Oswald has insisted charges against her son were "trumped up" and she hopes to convince the commission with "new evidence" that her son did not assassinate president John F. Kennedy.

Warren told reporters Mrs. Oswald had no communication with her son, personally or by mail, for about a year preceding his arrest for the assassination of Kennedy Nov. 22 in Dallas.

"We hardly asked her any questions throughout the day," Warren said. "This has been her story to us."
