PRINCE EDWARD ISLAND,

Information for Tourists and Other Time Tables, etc.

Prince Edward Island has many attractions for tourists, and it is expected that this season the influx of visitors will be very large.

HOW TO GET TO CHARLOTTETOWN

The steamer Halifax leaves Boston for Charlottetown every Saturday at noon and will be due at Charlottetown on Monday night. On the following Tuesday at one she will leave on return to Boston. Halifax and Port Hawkesbury are called at every trip. Passengers may take the steamer at any of the ports mentioned. The Halifax has been supplemented by the Grand Duchess.

The steamer City of Ghent plies between Halifax and Charlottetown each week, calling at several ports en route. She is due here every Thursday.

The steamers Coban, Bonavista, Campana, Tiber and Polino, of Montreal, also make Charlottetown a port of call.

Passengers for this Province coming by way of Picton are brought to Charlottetown by the steamer Princess. Those coming by way of Point Du Chene connect with the steamer Northumberland, and may come through to Charlottetown by the mail special which leaves Summerside each evening immediately after the steamer reaches that port.

HOTEL AND OTHER ACCOMMODATION.

Hotel Davies	Charlottetown
Queen Hotel	"

Paris Green

There's one brand of Paris Green that's always been looked upon as standard—It's "Berger's Pure Paris Green" made by Lewis Berger & Sons, Ltd., London, England.

The reason it has acquired such a reputation is that it has always been kept up to a high uniform quality—a lways deep in shade and strictly pure.

The farmer finds it kills *Sure* and kills *Quick* and kills *Always*. Sold by principal dealers. Better than ever this year. Be sure you get the genuine, made by

LEWIS BERGER & SONS, Ltd.
LONDON, ENGLAND

No More War

Swords will be beaten into plough shares later on; but our armers do not need to wait till the "Peace Conference" is over, before buying their plough shares, as they can do so at once, by calling at the Masonic Temple Store, where any share, or other plough extras can be had for less money, and better than any imported. Prove this at once, by trying hem.

Artificial Teeth on Metal Plates

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.

PROF. MELVILLE B. BUCKLEY, Instructor Boston Dental College, Boston Mass

In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non conductivity of rubber, and as aluminum is now so cheaply produced, and making as it does a rigid, light, clean, unobjectionable plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.

L. P. HASKELL D. D. S. Chicago Ill Dental School

The above quotations are from hundreds by eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.

Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.

We recommend a metal plate either of Gold, Platinum, Aluminum.

It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate.

We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day, fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work. Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.

See our artificial teeth without plates.
