

Dear Santa,

I want the new Backstreet Boys CD, a belly shirt and some body glitter for Christmas! It must be fun travelling around the world every year!

TTYL

Jo Anne

P.S. Just so you know, I will be 8 next month.

From the desk of Santa Claus

Dear Jo Anne,

The Backstreet Boys' comical letters when they were called New Kids on the Block. Little girls should not be dressing like transsexual frequent Myson's and Casey's. It would be more fun traveling around the world every year, if I didn't spend the majority of my time with my ass stuck in a goddamn chimney. And I don't care when your birthday is, you're not getting any extra presents.

Merry Christmas,
Santa

P.S. My birthday is in October, but I never got any presents.

Dear Santa

My Name is Dakota, and I like you very much. I was nice to my brother and I never hit him once, even after the time he told my crush, Chad, that I suffered from gout, and that I was really a man. Please give me gifts, but don't give my brother any because he is bad.

Yours Truly
Dakota

P.S. I want Britney Spears, and Poohie

From the desk of Santa Claus

Dear Dakota,

I'm trying my best to keep track of who's been naughty and who's been nice, but nobody likes a squeaky Dakota. Especially not Santa. I believe you that you never hit your brother, but that's no reason for me to give you a present and not him. From what I can tell, your brother was just trying to protect Chad from an unlikable little girl. He did Chad a favor, and if you truly like Chad, you'll stay away from him. As for as gifts go, I'll get the elves to whip up some cocaine for your gout. I'm giving your brother a trip to Florida, but you can't go with him because you'd probably ruin his trip.

Merry Christmas,
Santa

Dear Santa,

I am six months old, and I cannot celebrate my first Christmas. I have been a very good boy. I would like a dump truck like the ones that drives, some new clothes, and a doll.

Love Albert

From the desk of Santa Claus

Dear Albert,

You're parents cannot feed me. If you're really six months old, how does your mom know how to write? And why would you be concerned about getting presents like a dump truck or clothes? When I was 1 1/2 years old, the only thing I wanted was food, sleep, and a place to vomit. Unless you're some sort of great, sexy lady, I'm going to assume your parents forged your name on the letter. Santa doesn't take fraud lightly. Your parents will hear from my lawyer.

Dear Pepe

That is mighty generous of you to not ask for any toys this year, but who the hell do you think I am? The Filipino black market for babies? I'm sure there are lots of parents who can't have children of their own willing to pay good money for a healthy boy, but I got out of that market years ago after I got my elves from the underground slave trade in Taiwan. My advice to you, kid, is to make connections through the Internet, or place personal ads in newspaper. You're not going to get parents by asking me for help, but if you have a strong back and little hands I could always use an extra person to work in my factory.

Merry Christmas,
Santa

VERY Naughty!

Dear Santa
How are you?
My name is Skyler
I am 1 year old. I like Xmas a lot. Can I have surprises? I was good boy. Can you bring my ferret some insects? I will leave some dead mice for your reindeer and eggs for you.

From the desk of Santa Claus

Dear Skyler,

I am getting ready for another big Christmas this year, and I am very busy preparing the reindeer for the long ride. You'd be surprised how out of shape my deer get between Christmas because that's the only time anyone feeds them. Around spring time they're starving, so the morning reindeer eat their babies. By the time a reindeer reaches you age, they are dead. So technically they don't ever reach you age. I appreciate you offering for my deer, and I love egg nog and all the types of nogs, but the only surprise you will receive this Christmas is the shaking discovery that my reindeer ate your present.
