

### Growers Warned Against Late Blight

Although late blight has not been observed at this date weather conditions have been exceedingly favourable for an outbreak of the disease states a bulletin issued by the Potato Growers' Advisory Service. If present conditions persist, the first infections may be expected sometime this month. Many potatoes were planted late this year and if blight is permitted to defoliate the plants, yields will be below average.

An extra two weeks or so added on to the end of the season when conditions are almost certain to be favourable for blight may mean the difference between normal and low yields. A regularly pursued spray program is strongly recommended.

Potato insects have not been causing much damage so far, the bulletin states. Potato flea beetles have been present on early planted crops where they punctured small holes in the leaves but this could be about over. There should not be any more damage by them until the second brood appears early in August.

Colorado potato beetles and larvae have been causing slight damage in some fields. Where they are present DDT 50 per cent wettable powder at the rate of 2 pounds to 100 gallons of spray should be applied.

### Opening Thursday of Welfare Bureau

Miss Evelyn Hessian, B.A., M.S.W., Charlottetown, will be the speaker at the official opening of the new headquarters of the Catholic Social Welfare Bureau on July 19.

Miss Hessian will speak on "Social Work," and another feature of the afternoon will be a popularity contest among children selected by the Bureau. Nine of these youngsters are ones who have been adopted, and twelve others are infants who are now ready for immediate adoption. These latter are at present in boarding homes in Charlottetown.

The attractive new building is at 129 Pownall Street, and is bright and large. It contains a socialized administration office, consulting rooms and a fully equipped medical unit where the "well baby" clinic is operated.

Invitations for the opening have been forwarded to His Honour Lieutenant Governor T. W. L. Prowse, Premier J. Walter Jones, His Excellency Bishop James Boyle, and Mayor B. Earle MacDonald.

### Says India Will Not Be Aggressor

BANGALORE, India, July 16—(Reuters) — Prime Minister Nehru tonight said India would on no account attack its neighbor Pakistan but "if Pakistan indulges in any aggression against India in any part of her territory, this will be met adequately."

In a speech, he denounced as gross falsehood charges made yesterday by Prime Minister Liaquat Ali Khan of Pakistan that India is massing troops, threatening Pakistan's security. Liaquat said 90 per cent of the Indian army is within striking distance of his country.

Mr. R. C. Parent.

Mr. R. C. Parent, above, Superintendent of the Experimental Farm, was elected President of the Ayrshire Club last night at the annual meeting of the Club held in the Vocational School. The president, Mr. Harold MacLeod presided.

Mr. J. W. Lewis, Free-town was elected vice president and Mr. Arthur McRae, Charlottetown Royal was re-elected secretary. The following were elected directors: Queens County, Mr. George Boswell, Frenchfort; Kings County, Mr. Lloyd MacLeod, Dundas; Prince County, Mr. Keith Boswall, Victoria.

Mr. MacLeod in delivering the president's report stated that a successful year had been concluded. Among the activities he outlined was the bull bonus policy under which 12 bulls were inspected and bonused. He also stated that \$1,000 was raised for the building fund of the parent organization.

He noted that a very successful field day was held at the Experimental Farm last summer. It was decided that a field day will be held at the Experimental Farm this year in August following the arrival of the newly imported bulls from Scotland.

Mr. W. R. Shaw, Deputy Minister of Agriculture explained the bull bonus policy which is to be undertaken by the Provincial Department of Agriculture and explored the fact that many good dairy bulls were being slaughtered due to the high beef prices prevailing.

Mr. Shaw also spoke of the veterinary policy in the province and urged the breeders to take full advantage of this service.

The subject of dehorning Ayrshires was discussed briefly but no decision was reached. The subject of vaccination of calves was held over until the field day. It was decided to continue the bull bonus policy of the Club this year.

### Estimate Loss Of \$100,000,000 In Kansas City

KANSAS CITY, Mo., July 16—(AP) — Flooding Kansas rivers poured their torrents into Missouri and Oklahoma today as water dropped faster than expected in the Kansas River Valley and this metropolitan area of 900,000 persons.

Seventeen persons have died in the flood, costliest in United States history in dollar value. Maj-Gen. Lewis Pick, chief of the Army Engineers has estimated the cost to the entire area as more than \$750,000,000.

Mayor Kenneth Wilke of Topeka, Kas., estimated the loss to his city, alone, as \$100,000,000. There has been no estimate made public for Kansas City, the largest sufferer.

A three-day-old fire that has burned seven blocks in Kansas City still burned fiercely but firemen hoped they could prevent further spread.

As Kansas City and other communities upstream on the Kansas River began the dreary task of cleaning up the mess, Miami, Okla., felt the full force of the torrents from the Neosho River, pouring down from Southeastern Kansas. The city of 12,000 persons was virtually isolated as the Neosho, known as the Grand River in Oklahoma, reached nearly 10 feet higher than ever recorded before.

## High P. E. I. Rating Shown In Advanced Registry For Swine

A mark termed "remarkable" was far ahead of all the rest of Canada. A perfect score of 10 was registered by 63 litters while the nearest competitor, Ontario, had only 10. Another 17 litters of Island tested pigs made scores of 19 with 6 more being marked at 18.

From the housewives point of view one of the more significant tests revealed that Island pigs were far ahead of all others in the score for Area of Lean in Loin. There were 14 litters with a perfect score of 20, another 17 scoring 19, 17 more scoring 18 and 13 scoring 17. This was a truly remarkable record when it is considered that the next highest province, Ontario, had a total of only 9 litters in the four top classifications.

Only in the Slaughter Test did another province come higher than Prince Edward Island. And then it was in one instance only. One litter from the Central Canadian province made a score of 93 and another scored 90. However, in between this province took over with one litter scoring 92, twice scoring 91 and two scoring 90. In the various degrees of classification scaling down to 85 this province had 24 litters while Ontario had only 7. It is of particular interest here to note that of the latter list of Ontario litters two of them were from Prince Edward Island bred sows.

The complete list of swine in the recent Advanced Registry Board release is as follows: Woodstock Duchess 63D, Almon Boswall, 11-167-92. Guernhill Delight 9D, Willard Proud, 13-196-91.

Whiteaway Doll 28D, John Whiteaway, 10-202-86. Brethell Betty 6D, Fred E. Matheson, 10-195-84. Whiteaway Dame 20D, John Whiteaway, 10-199-82. Whiteaway Clair 4C, C. R. Kimberley, 9-191-82. Roper, 8-187-82. Loyalty Esther 5E, F. A. Morri-son, 8-186-82. Payneville Bonnie 5D, Eustace Paynter, 13-189-81.

In the above scores, the first figure indicates the number of pigs saved in the tested litter. The second figure denotes the age in days of the pigs when slaughtered. The last figure gives the average slaughter test score of the four test pigs.

## Large Crowds In Attendance At Big Circus Performances

Billie Bros. Big Top was crowded almost to capacity as visitors of Charlottetown and visitors flocked to see the three ring circus which came to this city for two performances yesterday.

Held at Spring Park, and sponsored by the Charlottetown Kiwanis Club for the benefit of the Sanatorium Radio fund, circus day proved to be a day to remember for all the young folk who were fortunate enough to be able to attend.

Peanuts, popcorn, and cotton wool candy were munched excitedly as young and old watched the breath-taking acts of the trapeze artists, and saw the animals put through their paces by their skilled trainers.

Elephants, lions, monkeys, horses, a grizzly and a polar bear were all featured in acts which amazed the audience. Apart from the more customary acts there were a skillful exhibition of nat juggling.

Two Spanish boys showed unusual skill and strength in a balancing act, and several light rope artists performed. Also in the show was "the only man in the world who is able to climb stairs, while balanced on his head."

The main show was followed by a rodeo act, in which the spirited horses were ridden and put through their paces by riders from South America, Texas, and Calgary's famous stampee. This was followed by a wrestling bout by Max Killer and a young man who gave his address as Moncton, N.B.

### Gives Impressions Of Rotary Assembly

A very interesting account of his impressions of Rotary International Assembly at Lake Placid was given at the Charlottetown Rotary Club luncheon yesterday by District Governor Edwin C. Johnstone (above).

It was, Mr. Johnstone said, a marvelous experience to meet men of so many nationalities, with different dress, customs and languages, but all at one in their devotion to Rotary ideals and conviction that if given a chance, Rotary could bring understanding among the nations and peace to the world.

There was, he added, something very significant in the fact that though the Assembly numbered representatives from eighty-five different countries and regions throughout the world, there was none from behind the Iron Curtain. The reason for this was that Rotary is the antithesis of Communism. The two ideologies can no more exist within the same state than could Rotary and Nazism or Rotary and Fascism.

President Dr. Sterling Giddings presided at yesterday's luncheon. The following guests were present: Rotarian Albert Steinbaugh, Ferndale, Michigan; Art Limerick, Fredericton, and Mr. Jack Caron, Montreal.

### Ayrshire Bulls To Arrive Here In August

The two Ayrshire bulls purchased in Scotland are now in quarantine in Quebec and will be shipped to the Province early in August. It was stated at the annual meeting of the Preferred Ayrshire Bull Club in the Vocational School last night.

It was decided that the older sire would be sent to the Experimental Station and the younger one would be taken by Fred McRae until he is old enough for service.

### Value Of Advertising Strikingly Illustrated At Recent Holman Sales

The undeniable value of advertising was amply proven on Saturday when Holman's dollar dress sale opened at their three stores, Summerside, Charlottetown and New Glasgow. Unfortunately, however, the advertisement in connection with this sale did not state that only a limited number of dresses would be available at the three stores.

In Summerside while the sale was highly successful the large number of eager shoppers were handled without undue difficulty. At Charlottetown the tempo increased and although the sale was scheduled for three o'clock an unusually large crowd of shoppers were on hand to take advantage of the bargain sale and fearing injury to the ladies (or perhaps to some courageous male who might have decided to risk life and limb) the staff decided to open the sale at two thirty and the limited supply of milady's dresses were soon all gone.

At the New Glasgow store, however, the ladies were even more bargain conscious and long before the appointed hour large numbers of women had crowded into the store and many others waited outside for admittance. So serious did the congestion become that those inside were unable to get out and those outside, of course, could not get in. The manager of the store decided on the only alternative and a hurried call was put through to the police department. Taking command of the situation the chief of police ordered the store closed until those within were attended to. It took the best part of an hour to bring order out of chaos but the supply of dresses quickly became exhausted and the successful ladies were able to make an exit, smiling and triumphant.

As one executive of the firm said yesterday "It pays to advertise but you must be careful what and how you advertise."
