LEADERS BANQUET

Final arrangements are being made for the 4-H Club Leader's Banquet, which will be held at The Charlottetown Hotel on Tuesday evening, December 8th.

Thirteen 4-H Club Leaders will be presented Leadership Certificates from the Canadian Council on 4-H Clubs, for outstanding leadership.

One of the National 4-H Club Week Delegates, Gordon MacMillan, Cornwall, will present a report on the activities at 1959 4-H Club Week.

Tickets have been forwarded to those Leaders requesting extra tickets, but due to the increased number of Clubs, only two tickets per Club can be provided.

NEW GLASGOW DISTRICT:

The Directors of the New Glasgow and District Artificial Breeding Club met on last Friday in the Junior Farmers Recreation Hall to select an inseminator.

Danny Nisbet of Hunter's River was the man selected out of a total of fourteen applicants. He left on Monday to undergo a training period at the New Brunswick Central Artificial Breeding Co-op Limited under the Direction of Dr. D.G. Moore.

RURAL URBAN DAY:

Next Monday the Rotary Club of Charlottetown will be honoring Island Farmers who represented the Province at the Royal Winter Fair.

Markings of hogs increased sharply in the last quarter of 1958 and have been maintained at near-record levels since that time.

The momentum of marketing is expected to be reduced in the first quarter of 1960 with eastern marketings at about the same level as in the last quarter of 1959.

On the basis of available data it appears that western marketings will decline further after the first quarter and will continue at a considerably reduced rate for the remainder of the year.

For the whole of the 1960 marketings are forecast at between 7.0 and 7.5 million hogs. This would be a decrease of 15 to 20 per cent from the exceptionally heavy marketings of 1959 but is still a very large output compared with previous years.

Lower prices of pork relative to beef encouraged a substantial increase in the consumption of pork products. During the first eight months of 1959 domestic disappearance (from carcass gradings) was 26 per cent greater than during the corresponding months of 1958.

In the last four months of 1959 the increase relative to 1958 will probably be less than this. Disappearance during the whole year is expected to total more than 900 million pounds, a gain of 20 per cent over that of 1958.

The Board will establish a national average support price calculated to be equivalent to the support price of \$23.85 per hundred weight of grade A carcasses, warm dressed basis, at Toronto.

Mayor Urges 'Go Slow' Policy On Sewer Plan

Mayor Edwin C. Johnstone has urged a "go slow" approach to the proposed plan to feed additional sewage into North River.

The mayor made this suggestion when it became known that organized opposition to the plan is being pressed in the western residential sections of the city.

Signatures are being sought for a petition circulating in the Brighton and Spring Park School area which its sponsors say will be presented to the next meeting of the city council.

The petition opposes the plan. Mayor Johnstone said his attitude also was influenced by the feeling that the health department report on the plan said, in effect: "You may go ahead with this scheme for the present, but if we find next summer it is not satisfactory, you will have to abandon it."

The Mayor thought it was unwise to expend large sums of money on the proposed project.

if there was a possibility that the system would be condemned later on.

CONSIDERS COST

"If we are faced with the necessity of providing a sewage disposal plant, than I think we should take a good look at the whole picture, including the costs involved," he declared.

Asked whether he thought a special meeting would be called to consider the sewerage problem, the mayor said, he had not given the matter any thought at the moment.

The next regular meeting of Council is scheduled for Monday, December 14.

So far, neither the health department nor city officials have received any notice of the protest, but a spokesman for the citizens' group involved says detailed objections are to be presented soon.

ORGANIZED OPPOSITION

The start at organizing opposition followed announcement by the health department that it had given limited approval to the plan to dispose of raw sewage in the Brighton area.

The proposal is to lay an interceptor pipe from Brighton Road to Kirkwood Drive West and two outfalls would carry the sewage from this interceptor to the channel of the North River.

A package tender including the provision for this disposal system is now in the process of preparation by the Macton engineering consultant firm headed by W.H. Crandall and it has been the plan of city council to give it early consideration.

There have been previous indications of a lack of unanimity between those making the sanitation survey and the health department, as suggested by the department's recommendation that twice-weekly tests be made of harbour waters next summer, to determine if it is necessary to add chemicals.

Department officials have indicated their reluctance to approve the dumping of raw sewage in bodies of water, other than those assigned for that purpose.

The impression has developed that department officials believe a sewage disposal plant will have to be the ultimate solution of the problem when a greater volume of sewage is fed to the interceptor pipe.

On the other hand Mr. Crandall whose firm made the sanitation survey, has stated that the waters of the harbour are capable of handling eight times the present sewage content, with safety.

Edmund Arseneault, Wellington and William Maddix, Wellington, 4th Edson Rayner, Bedouque, Cyril MacFarlane, Fernwood, G. Max Thompson, Crapaud.

At the beginning of the meeting Dr. Grant said that the PC Causeway election bait was "pretty rotten bait" and urged the members to roll up their sleeves and go to work.

During the meeting it was pointed out that Cathie Arseneault of Wellington had been the convener of one poll since 1896.

Mr. Arseneault was thanked for his untiring devotion to duty by Dr. Grant.

Alex Campbell, Aden Mulligan, president of the P.E.I. Liberal Association spoke briefly to the gathering in the legion home, Summerside.

On the executive with Mr. Drummond are Ralph Monkey, vice-president for the 3rd district; William Trainor, vice-president for 4th district and P. C. Martin, vice-president for the fifth district.

Following are the executives for the various districts: 3rd: John MacNutt, Malpeque.

the work in aid of crippled children, dear to the heart of everyone, through the medium of Rotary", Mr. Hartlen said in expressing thanks to all concerned.

SPECIAL PRIZES The following were winners of special prizes: Hams - R. A. MacDonald, 17 Parkview Drive; Edith Curran, Crestwood Drive; Allan Rogers and Mrs. Ford Wilson.

Chocolates - W. A. Beer, 47 York Lane; Mrs. John Gorriell, St. Peters Road; Joseph Gallant, 23 Douglas Street; Mrs. Murphy, 24 Elm Avenue and Mrs. W. B. Mayne, 20 Brighton Road.

TEXTILE SHIPMENTS MONTREAL (CP) - The manufactured fibres textile institute reported domestic fibre shipments of 7,552,000 linear yards during October against 7,990,000 in October last year.

Deceit (Continued from page 1) ization of the department of agriculture by Mr. Shaw.

Mr. Matheson said the PCs expected a full treasury when they took over. "Well, he said, the St. Laurent government left them a full treasury and it was all piddled away in a few months."

Discussing the provincial debt over the years he stated that as of last March, the gross debt was slightly over twenty five million dollars.

He said according to the present government's estimates for the year their revenue will amount to something like eighteen million dollars while their expenditures will be approximately nineteen million, four hundred thousand dollars.

However, Mr. Matheson said he wasn't worried about the financial position of this province "as of when we left office". But I am "worried the way its being handled."

He said that any farmer can go to the Canadian Farm Loan Board and borrow ten thousand dollars at five percent interest and can turn around and invest it in provincial bonds at a rate of six percent interest.

"How long will it go on?" Mr. Matheson asked.

He told the large audience that it was expected to set up central office for the P.E.I. Liberal Association would be set up in Charlottetown.

Those who were called to the platform to speak briefly were P.C. Martin, Frank MacNutt, E. P. Foley, M. M. Bell.

Speaking at greater length were former highways minister George MacKay and J. Watson MacNaught who predicted the PC, won't go to the country before 1962.

Mr. MacNaught also spoke in glowing terms of the excellent work rendered the party by retiring president Dr. Roy Grant. This commendation was reiterated by several speakers.

Sheriff Stewart expects to return in the late afternoon. MacDonald, a Prince Street resident was sentenced to serve two years in the Maritime prison last week by Magistrate K. M. Martin, QC.

An arraignment held earlier in city police court the prisoner had pleaded guilty to possession of goods known to have been stolen.

27th Rotary Radio Auction Declared Very Successful

Bring the voluntary work of many weeks, past to a highly successful conclusion in putting the 27th annual Rotary Radio Auction "on the air" last night, more than 80 Rotarians resided on their laurels shortly after midnight and heard the "well done" and thanks of President Gerry Hartlen and Chairman Lockery MacKay.

More than 600 items, contributed by sympathetic donors and purchased by public spirited citizens, brought together through Rotary as a community endeavor, will result in a cash contribution towards crippled children and rehabilitation work,

"ON THE AIR" at the Rotary Radio Auction conducted from the Clover Club last night, auctioneers Andy Lively (left) and Fulton Pierce check an item with standing left, Neil MacLean chairman at first auction 27 years ago and Lockery MacKay, chairman of this year's auction committee.

which cannot fail to have far reaching results in the lives of those assisted. Promptly at six o'clock last night the workers took up their assigned positions answering telephones and putting the bids on the air.

More than a dozen Rotary Anns, under convener Kay MacKay, conducted the coffee break at an opportune time with gratifying results.

Evangeline Beverages and J. T. Morris, Ltd. also provided frequent appreciated breaks for the workers.

A dozen auctioneers working in relays kept the bids moving and interest sustained throughout the evening.

Prize drawing of hams donated by Canada Packers and boxes of chocolates contributed by Rotary kept the radio audience on tiptoe in hopeful anticipation throughout the evening.

Lockery MacKay, committee chairman, gratefully acknowledged the response of the donors and co-operation of the buyers.

"The sustained interest in the annual Rotary auction for 27 years is a signal mark of approval on the part of donors and purchasers which has made possible a continual contribution to

On the advice of the family physician, Wayne Hamm, 5-year-old son of Mr. and Mrs. Dewey (Bud) Hamm of Mount Herbert, was taken to Halifax, Nova Scotia, where he is scheduled to undergo heart surgery at the Children's Hospital.

Wayne was transported by car accompanied by his parents. The little lad is a grandson of Deputy Chief and Mrs. Sterns Webster, City.

WET MONTH It rained on 18 days of November, amounting to 6.33 inches, according to observations at the Experimental Farm at Charlottetown. This compares with a 50-year average of 5.51 inches for November. The month was slightly warmer than usual, the mean temperature being 39.8 degrees compared with the average of 37.4. Despite several days of high wind the wind velocity for the month was average.

ROPER FUNERAL - The funeral for James T. Roper was held from the MacLean Funeral Home Monday. The service was conducted by Rev. D.A. Campbell, Fall bearings were Fred MacRae, Fred Andrew, Stillman Frazzell, Eugene Cullen, Frank MacKay and Thompson Knox. Interment took place in Sherwood cemetery.

LOADING OPERATIONS HURRIED As Cold Weather Approaches Cold weather was reflected yesterday in a speed up of loading operations on the Charlottetown waterfront.

Longshoremen were busy loading 40,000 bags of seed potatoes on the MV Diala at the Railway Wharf and the MV Miquelon loaded potatoes, turnips, flour and feed and several head of cattle and horses for shipment to the French Islands of St. Pierre and Miquelon. The vessel also carried a full deckload of hay.
