

Pleasant Grove Notes.

The farmers around here are taking advantage of the few fine days, and are busily engaged in saving their hay most of which is of a good quality.

The bug is not so plentiful as in other years; the potatoes consequently are looking well.

Quite a number of new buildings are being erected in Pleasant Grove this summer, among which the largest is a stow-away which Mr. Benj. Gill is erecting for his farm machinery, etc.

Mr. R. Mahar had a very valuable mare seriously hurt the other day. She cut herself on a stake or stump in the pasture.

Mr. A. Walsh has left Pleasant Grove for Uncle Sam's domains where he intends spending the summer.

Miss McKav, of Charlottetown, and Mrs. Reid of Egmont Bay, are visiting friends in this vicinity.

We are glad to know that Mrs. H. Curran, who has been sick for some time, is able to be around again.

Miss Croake, of Charlottetown has returned to the city after spending a few weeks with her friends.

Miss Maud Duck has returned home after spending the winter in Lynn, Mass.

Quite a number of tourists may be seen every day making their way to the different hotels.

Our teacher, Mr. Daniel Johnstone, has left Pleasant Grove school for a better position. During his stay here Mr. Johnstone proved to be a very efficient teacher, as is shown by the marked improvement in the school during the term. Mr. Johnstone was in charge. Mr. Johnstone leaves with the good-will of all who wish him success in whatever enterprise he may undertake. He is succeeded by a Mr. McDonald of Charlottetown.

Belfast Briefs.

Prof. J. A. Nicholson, M. A., Montreal, formerly Superintendent of Education, P. E. Island, is now spending his holidays at the residence of his father, Hon. James Nicholson, Eldon.

We shall soon have the pleasure of reading the very commendable history written by the Rev. A. M. Sinclair. His work merits and has received highly favorable criticism from all quarters. We congratulate Mr. Sinclair on his success after his hard and tedious labor. We should be delighted if he should favor us again some time from his great fund of Scottish Highland and Lowland love by writing a book on "Scottish Antiquities."

We were very much pleased to hear of the appointment of Hon. H. C. McDonald, B. A., Attorney-General, to the position of Judge of Queen's County court. It is needless to say we are quite confident that Judge McDonald will give good satisfaction in the dispensing of justice in all cases that may come before him. Flat River has the honor of being the birth-place and former home of this young man of ability.

The Rev. A. Nicholson, M. A., who has been visiting his relations in Pictou has resumed his pastoral duties in Pittsburg, Penn.

We understand that our promising young friend from Point Prim, Mr. D. J. McDonald, B. A., who has been doing so admirably in his Theological course, has decided to go out to the golden state of California. He will be leaving some time in September. He intends to remain there some time after the completion of his Theological course in San Anselm Theological Seminary. We wish him every success in the flourishing state of the west.

Miss Annie Young, M. D., will be leaving her home in September to take a short post-graduate course in New York after which she will proceed to Ceylon, India. We hope that the brightest prospects may before her in the philanthropic work which she has chosen in a foreign land wish her god-speed.

Our young lawyer from Flat River, Mr. H. R. McKenzie, who a short time ago completed a post graduate course in law at London, has begun the duties of the profession. We know that this clever young man will uphold his reputation in his profession into which he has so auspiciously entered. We wish him much continued prosperity.

OBITUARY

Deep sympathy is evinced by all friends for Michael and Isabella Quigley, of Mt. Tryon, who have again been bereft of the eldest remaining of their family. Just fifteen months ago their eldest boy Frederick Young Quigley was taken from their home and on August 1st, at about 11 a. m., their eldest and only daughter Alma Robertson Quigley departed this life. Though but nine years old, little Alma had been for years a victim of hip disease, from which suffering she was only released by the hand of death. The funeral service was conducted by Rev. Mr. Robertson, who directed all thoughts from the ghastly side of death to the triumph of eternal life.

Gently doth the Saviour bear them
To his tender bosom still
There in bliss unending shows them
All the mystery of his will

GOOD HEALTH FOR WOMEN

Dr. A. W. Chase's Nerve Food Restores Weak, Sickly Women to Robust Health.

Any irregularities in the monthly uterine action is sufficient cause for women to be alarmed about their health. Whether painful, suppressed or profuse menstruation, the cause can be traced to some derangement of the nerves.

A few boxes of Dr. A. W. Chase's Nerve Food will completely build up the exhausted nerves and restore the regular monthly action which removes from the body the clogged matter that would otherwise cause pain and serious disease.

It is as a restorative for pale, weak women that Dr. A. W. Chase's Nerve Food has been singularly successful. It counteracts the debilitating diseases peculiar to women by feeding the nerves and creating new nerve fluid, the vital force of the human body.

Dr. A. W. Chase's Nerve Food has restored scores of hundreds of weak, sickly women to robust health. See a box at all dealers, or Edmanson, Bates & Co., Toronto.
