- 'Duraglas'

## 100% NYLON

... Plus  
Natural Rubber —  
AVAILABLE ONLY AT  
CANADIAN TIRE

SUPER-LASTIC 130-LEVEL TIRES—Built of famous Dupont Nylon Yarn and Natural Tree Rubber Treads. 100,000-mile Nylon Cord resists heat and moisture—the major causes of premature tire failure in every other type of tire construction.

SUPER-LASTIC 130-LEVEL TIRES are actually stronger than the rim—only 100,000-mile Nylon Cord practically eliminates fractures and blowouts caused from smashing the tires against stones, holes or curbs—even at high speeds.

NATURAL TREE RUBBER TREADS give greater road-hugging, anti-skid control on wet or slippery pavements—more "stop-ability" for emergency braking and more "grip-ability" for sure-footed traction in any emergency. SUPER-LASTIC 130-LEVEL—The Safest Tire on Earth, actually costs you LESS than "new car" rayon tires. SAVE SAFELY!

ROAD HAZARD
