

THE DAILY EXAMINER.

APRIL 28, 1893.

"Impossible."

This was the despairing cry of the Department of Public Works when asked for a statement showing its indebtedness on the 31st December, 1892!

Tory vs. Grit.

In Ontario, under the Conservative administration of Hon. John Sandfield Macdonald there were: Receipts \$9,892,161 Expenditures 6,811,196 Net cash surplus \$3,810,965

Another Discrepancy.

By a statement of the Government, the cost of discounting, negotiating and printing is set down at \$7,374 24. It has also been stated that the discounting and negotiating of the debentures, apart from the printing, cost \$6,320.00, showing that the cost of printing the debentures was \$1,054 24.

Notes and Comments.

Hon. Mr. Foster's reference at the Montreal banquet to "the completion of Confederation by the admission of Newfoundland" is a recognition of the growing popular sentiment in favor of that long cherished ideal of Sir John Macdonald—a united British America.

The Chicago Herald tells its readers that Canada will have the finest exhibit of tropical plants at the Columbus exposition. "The people across our northern border," says the journal, "are cordially granted a leading position in horticulture; but it is commonly supposed to be a distinction won with hardy plants, and in the cultivation of plants that can defy the cold."

Gladstone's Activity. The New York Times cable says: Throughout this whole wearying, anxious spring campaign Gladstone has taken a far more active part than anyone dreamed of expecting. His lieutenant began with all sorts of concerted schemes for saving him labor and inducing him to conserve his health and strength.

A terrible accident happened at Rythnow to the American aeronaut Wilson, who had arranged to make an ascent in his balloon Columbus, from Bellevue gardens in Berlin. In the presence of thousands of spectators Wilson stepped lightly into his car and gave the order to "let go."

A. J. Truman, barrister, of St. John, says Hawker's Tolu as a family medicine, and recommends it to all afflicted with colds. Any members of the Y. M. C. A. can receive a ticket for the Mock Parliament dinner by applying to Secretary Raymond before Saturday.

The Big Storm.

THE GENETA WRECKED—NEWS OF THE MISSING BOATS.

The schooner Geneta left Murray Harbor for Pictou, N. S., on the 26th of April and encountered the heavy storm of that day. That evening the vessel came ashore at Arisaig, N. S., dismasted and no sign of the crew was seen.

Three boats and their crews landed at St. Peter's Island yesterday—two from Livingston's factory and one from McLean's. Two others of the missing boats and their crews have turned up at River John, Nova Scotia. One of the boats arrived about 6 o'clock on Wednesday evening, and the other did not reach there until early yesterday morning.

A Farmer Taken In.

HOW A PREACHER AND A YOUNG COUPLE WORKED A GOOD MAN.

According to a recent despatch from Leamington, Ont., Joseph Robinson, a wealthy farmer and local preacher of that vicinity, has lost some of his confidence in human nature.

A Disastrous Cyclone.

The country west and southwest of Moore's, O. T., was swept by a terrific cyclone on April 25th. It is certain that ten persons were killed, many more injured and an immense amount of property destroyed.

One Million Gold for Canada.

BROUGHT BACK TO STRENGTHEN THE BANK'S RESERVES.

The reports from the United States of large shipments of gold coin from New York to Canada during the past few days have caused considerable comment in our local Wall street.

On enquiry at the Bank of Montreal a Star reporter was informed by the manager that they had not brought any gold into Canada nor was there any likelihood of their doing so.

The Emperor William of Germany and the Empress, who are at Rome attending the silver wedding of King Humbert and Queen Margherita, were received by the Pope on Sunday. The Emperor had a private audience with His Holiness, which lasted nearly an hour.

Frightful Railway Accident.

At a way-station on the Bare Rocks Railroad, four miles south of Somerset, Pa., on Tuesday evening, a train became unmanageable and dashed down a steep grade with frightful velocity, plunging into several loaded freight cars.

Terrific Ballooning Accident.

A terrible accident happened at Rythnow to the American aeronaut Wilson, who had arranged to make an ascent in his balloon Columbus, from Bellevue gardens in Berlin.

Written for the Examiner.

Reply to "Flo."

In Wednesday's Patriot a fair critic "Flo" dealt with "Simplex" and his Freedom's Goddess. In response "Simplex" respectfully inscribes these few lines to "Flo":

All hail, fair critic, noble-minded "Flo," Did struggling bard'er meet a gentler foe? But why should I this sleepy verse prolong When to a fair one I would sing a song?

THE TARIFF ENQUIRY.

Minute Details to be Made Known.

OTTAWA, April 28.

Ministers Bowell and Foster returned from Montreal yesterday. Speaking last night, Mr. Bowell said the tariff enquiry thus far had been most searching. Foster said he was most anxious to ascertain how far the existing tariff had developed the different industries of Canada, and to what extent it had given manufacturers control of the home market.
