Ch'town, Nov. 9, 1886.

Lighthouse Service.

The total number of light stations in the Dominion on the 31st December last was 534, and of lights shown 625; the number of steam fog-whistles and automatic fog-horns 39, and the number of light-keepers, engineers of fog-whistles and other assistants, with crews of light-ships, was 682.

In this Province at the close of navigation there were 47 lights in operation under charge of 35 keepers. The majority of these lights are situated on headlands, and serve the general purposes of navigation; the remainder are harbor lights, and intended principally for the benefit of the fishermen.

Two range lights during the past season were established at Big Mimmingash on the west coast of Prince Edward Island. The outer or front range light is shown from a lantern hoisted upon a mast which stands about 500 feet south of the breakwater. This light, showing fixed red and fixed white, according to the bearings, is elevated 30 feet above high water mark, and should be visible 5 miles. The inner or back range light is located upon Rix's Point, about one mile S. 1/2 W. from the front light, and is fixed white in character, elevated 45 feet above high water and visible about 8 miles.

The East Point light now stands within 250 feet of the extreme eastern point and 200 feet from the south shore of East Point. The character of the light is unchanged, being, as heretofore, revolving white, attaining its greatest brilliancy every 3 minutes. The light is elevated 100 feet above high water level, and should be visible 15 miles in clear weather. The fog-horn, established at this station in October, 1885, is operated by compressed air and sounds a blast of 8 seconds, duration every half minute. The fog-alarm building stands at a distance of 100 feet to the eastward of the lighthouse tower, and these two buildings in one, roughly indicate the range of the outermost end of East Point Reef.

A Horse Shoe Contest.

A horse shoe making contest for the championship of the world and \$500, took place at Buffalo, on Tuesday, between Martin J. Dunn, of Detroit, and John Campbell, of Buffalo. Each contestant had five helpers. The match was for 200 shoes, each to turn the half shoe first and finish the shoe after 200 halves had been completed. One hour and 27 minutes from the start Campbell was six halves ahead. On the work of completing the shoes he retained this advantage, and in 2 hours 33 minutes finished the 200, 15 shoes ahead of his opponent. A large sum of money changed hands on the result.

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumption, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Samples bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

It is semi-officially stated at Calcutta that if the Afghan insurgents succeed in overthrowing the Ameer, the latter's downfall would not lead to complications between England and Russia. That, on the contrary, projects are under consideration to enable the two powers jointly to arrange for the suppression of the tribal war and the subsequent administration of the whole country under a protected ruler.

ALLOW me through your columns to thank the musical people of Charlottetown for their patronage during the past year. The satisfaction my work has given is evidence to me that it pays to be careful and thorough, to attend regularly to my pianos, and to sincerely enjoy myself to my business in all its details. I have testimonials from a leading Boston piano manufacturer, and can refer any in need of my services to nearly one hundred regular customers in Charlottetown. Leave orders on slate at Rocklin House, or address Box 193, Post Office.—Wm. A. Hawley, Piano Tuner. 3i dy—may 3

Queen Kapiolani, of the Hawaiian Kingdom, accompanied by Princess Liliuokalani and a number of high officials of the Hawaiian Government, arrived on San Francisco on Wednesday. The royal party remain in San Francisco about a week, when they go to Washington to pay their respects to President and Mrs. Cleveland.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. mar 17 eod & wky

Canadian Interference.

VIEW OF THE LONDON PRESS ON THE OTTAWA AND HALIFAX ANTI-COERCION RESOLUTIONS.

The Dominion and Nova Scotia resolutions in condemnation of the Irish crimes bill are still but little noticed in London. John Morley, on Thursday night, referred to them in support of his opposition to the bill.

The *St. James Gazette* wonders what the Canadians would say if the Imperial House of Commons passed a resolution in favor of releasing Nova Scotia from the union. Our colonial cousins, says the *Gazette*, would not like it and England would hear plain words indeed, yet the Imperial Parliament has a perfect technical right to interfere in Canadian matters, while the Dominion has none whatever to interfere in British politics. Continuing, the *Gazette* says: "While we are not inclined to take the resolutions too seriously, it would have shown better taste and statesmanship to have let the matter alone. These votes only become mischievous when used as arguments in the House of Commons. When the English party politician tells us he has got the Canadians on his side it is difficult to avoid reminding the colonists that they have nothing to do with domestic politics and that their interference is very much out of place. The *Gazette* objects to this rather foolish piece of Canadian officiousness as a sort of threatening to the Imperial Parliament."

The *Daily Mail Gazette* approves of the resolution, and speaks of the significance of the division, which may be attributed to the Irish vote, which shows its power in passing so important a resolution. Parliamentary majorities may wax and wane, but the Irish vote is a permanent factor in colonial politics.

The *Evening News* says it is very kind of Canadian Liberals and the Irish element to teach us what we ought to do. It pities the Canadian Parliament that it has nothing better to do than pass aimless resolutions of the school debating society order.

The *Daily Chronicle* regards the resolutions as very impertinent. It says if the Imperial House of Commons were to pass a resolution affirming the right of French half-breeds in Canada to cut the throats of Canadians who are loyal, the Dominion—we do not say the Canadians—would ignore it. We fear they would retort with considerable degree of asperity. When the American or Canadian legislatures pass resolutions of this sort they demonstrate their unfitness for the exercise of legislative functions.

The *Globe* regrets that Mr. Blake lent himself to a movement with which Canada has nothing to do. Canadian Liberals have gravely discredited themselves as a party, while the supporters of the government, by voting in opposition, show a want of patriotism or wisdom which ought to tell against them in the eyes of their constituents. It is glad to learn that the Canadian press, which is much more representative of public opinion, condemns the vote.
