

MISCELLANEOUS

London Truth does not believe in the early-to-bed system. It says that for a healthy person seven hours of sleep are enough, and that it matters very little when you take them.

A street vender's gasoline lamp exploded in Danielsonville, Conn., Saturday night, seriously burning three children. One of them, nine years old, a son of Oliver Bowen, died Sunday.

A novelty in Paris consists of caricature sketches in sympathetic ink. You buy a comic paper with an ordinary picture, and you are instructed to heat it with your pipe. This brings out the caricature.

Mr. Charles Mathews, a son of the famous actor, is an English lawyer, and while very youthful in appearance—'resembles Portia'—he is very eloquent at the criminal bar, so that he brings tears to the eyes of an English jury.

Cardinal Manning has relaxed his austerity in the matter of concerts. The London World says that concerts are to be given periodically at the Convention of the Assumption, in Kensington Square; five shillings admission.

Miss Mary Aitken, a niece of Thomas Carlyle, the author, and his amanuensis, was married on Thursday last at Dumfries, Scotland, to her cousin, Alexander Carlyle, of Brantford, Ontario. The distinguished author was present at the ceremony.

A popular actress in London, wishing to go off on a little holiday, employed another actress of inferior talent, but personally greatly resembled her, to take her place on the stage. The inferior actress received all the applause that would have been given to her mistress.

A sobbing English lady, who had just lost her husband, asked the clergyman of her parish whether relatives are able to find one another readily in the next world. He said emphatically that they will be reunited at once. 'Then,' said she, 'his first wife has got him by this time.'

Emile Zola, the French novelist is said to be very greatly inflated over his success with 'L'Assommoir,' and in fact to be very blatant and insufferable. George Eliot in 'Janet's Repentance' dealt with the same idea, in her quiet style, that Zola chose for 'L'Assommoir.'

Liverpool papers print the story of one William James Mayor, a respectable citizen, who passed several years in penal servitude for burglary and an attempt to murder, of which he has been proved to be entirely guiltless. It was a case of mistaken identity, and no redress for the injustice has ever been received.

It was M. Paul de Cassagnac who advised the Bonapartists not to celebrate the imperial fete on the 15th of August; for, he said, 'The Emperor is dead, the Prince Imperial is dead, and the Empress mourns. In these circumstances how can any one think of festivities?' Prince Napoleon was not mentioned.

Artemus Ward's portrait hangs conspicuously of the London Savage Club. 'They always speak to him with singular tenderness,' Joaquim Miller says, 'and you see groups of men often looking up at his picture, hung with curious implements of Indian manufacture, which he brought with him from the West, and gave to the club when he died.'

Perhaps the heartiest laugh during the Tichborne trial was produced by the Attorney General, the present Lord Coleridge, who reading a letter from the claimant to his 'dear mamma,' said, 'It finishes with the edifying piece of piety, 'God bless you, and may our Holy Mother protect you,' and although he did not possibly mean it, reads, 'protect you from your affectionate son, R. C. Tichborne.'

REGULATIONS

Respecting the Disposal of Certain Dominion Lands for the Purposes of the Canadian Pacific Railway.

DEPARTMENT OF THE INTERIOR, Ottawa, July 9th, 1879.

'Public notice is hereby given that the following regulations are promulgated as governing the mode of disposing of the Dominion Lands situate within 110 (one hundred and ten) miles on each side of the line of the Canadian Pacific Railway:

1. 'Until further and final survey of the said railway has been made west of the Red River, and for the purposes of these regulations, the line of the said railway shall be assumed to be on the fourth base westerly to the intersection of the said base by the line between ranges 21 and 22 west of the first principal meridian, and thence in a direct line to the confluence of the Shell River with the River Assiniboine.

2. 'The country lying on each side of the line of railway shall be respectively divided into belts, as follows:

'(1) A belt of five miles on either side of the railway, and immediately adjoining the same, to be called belt A;

'(2) A belt of fifteen miles on either side of the railway adjoining belt A, to be called belt B;

'(3) A belt of twenty miles on either side of the railway adjoining belt B, to be called belt C;

'(4) A belt of twenty miles on either side of the railway adjoining belt C, to be called belt D; and

'(5) A belt of fifty miles on either side of the railway adjoining belt D, to be called belt E.

3. 'The Dominion lands in belt A shall be absolutely withdrawn from homestead entry, also from pre-emption, and shall be held exclusively for sale at six dollars per acre.

4. 'The lands in belt B shall be disposed of as follows: The even numbered sections within the belt shall be set apart for homesteads and pre-emptions, and the odd-numbered sections shall be regarded as railway lands proper. The homesteads on the even-numbered sections to the extent of eighty acres each, shall consist of the easterly halves of the easterly halves, also of the westerly halves of the westerly halves of such sections; and the pre-emptions on such even-numbered sections, also to the extent of eighty acres each, adjoining such eighty-acre homesteads, shall consist of the westerly halves of the easterly halves, also of the easterly halves of the westerly halves of such sections, and shall be sold at the rate of \$2.50 (two dollars and fifty cents) per acre. Railway lands proper, being the odd-numbered sections within the belt will be held for sale at five dollars per acre.

5. 'The even-numbered sections in belt C will be set apart for homesteads and pre-emptions of eighty acres each, in manner as above described; the price of pre-emptions similarly to be \$2.50 (two dollars and fifty cents) per acre; the railway lands to consist of the odd-numbered sections, and to be dealt with in the same manner as above provided in respect of lands in belt B except that the price shall be \$3.50 (three dollars and fifty cents) per acre.

6. 'The even numbered sections in belt D shall also be set apart for homesteads and pre-emptions of eighty acres each, as provided for in respect of belts B and C, but the price of pre-emptions shall be at the rate of \$2 (two dollars) per acre; Railway lands to consist, as in belts B and C of the odd numbered sections and the price thereof to be at the uniform rate of \$2 (two dollars) per acre.

7. 'In the belt E the description and area of homesteads and pre-emptions, and railway lands respectively, to be as above and the prices of both pre-emption and railway lands to be at the uniform rate of \$1 (one dollar) per acre.

8. 'The terms of sale of pre-emptions throughout the several belts, B, C, D and E shall be as follows, viz: Four tenths of the purchase money, together with interest on the latter at the rate of 6 per cent. per annum, to be paid at the end of three years from the date of entry; the remainder to be paid in six equal annual instalments from and after the said date, with interest at the rate above mentioned, on such balance of the purchase money as may from time to time remain unpaid, to be paid with each instalment.

9. 'The terms of sale of railway lands to be uniformly as follows, viz: One-tenth in cash at the time of purchase; the balance in nine equal annual instalments, with interest at the rate of six per cent. per annum on the balance of purchase money from time to time remaining unpaid, to be paid with each instalment. All payments, either for pre-emptions or for railway lands proper, shall be in cash, and not in script or bounty warrants.

10. 'All entries of lands shall be subject to the following provisions respecting the right of way of the Canadian Pacific Railway or of any Government colonization railway connected therewith, viz:

a. In the case of the railway crossing land entered as a homestead, the right of way thereon shall be free to the Government.

b. Where the railway crosses pre-emptions of railway lands proper, the owner shall only be entitled to claim payment for the land required for right of way at the same rate per acre as he may have paid the Government for the same.

11. 'The above regulations shall come into force on and after the first day of August next, up to which time the provisions of the Dominion Lands Acts, shall continue to operate over the lands included in the several belts A and B, in both of which, up to the said date, homesteads of 160 acres each, but no other entries will, as at present, be permitted.

12. 'Claims to Dominion lands arising from settlement, after the date thereof, in territory unsurveyed at the time of such settlement, and which may be embraced within the limits affected by the above policy, or by the extension thereof in the future over additional territory, will be ultimately dealt with in accordance with the terms prescribed above for the lands in the particular belt in which such settlement may be found to be situated.

13. 'All entries after the date hereof of unoccupied lands in the Saskatchewan Agency will be considered as provisional until the railway line through that part of the territories has been located, after which the same will be finally disposed of in accordance with the above regulations, as the same may apply to the particular belt in which such lands may be found to be situated.

14. 'The above regulations, it will, of

course be understood will not affect sections 11 and 29, which are public school lands, or section 8 and 26, Hudson's Bay Company lands.

'Any further information necessary may be obtained on application at the Dominion Land's Office, Ottawa, or from the agent of Dominion Land's Office, Winnipeg, or from any of the local agents in Manitoba or the territories, who are in possession of maps showing the limits of the several belts above referred to, a supply of which maps will, as soon as possible, be placed in the hands of said agents for general distribution.'

By order of the Minister of the Interior.

J. S. DENNIS, Deputy of the Minister of the Interior. LINDSAY RUSSELL, Surveyor General. August, 25, 1879.
