That Pale Face.

For Nervous Prostration and Anæmia there is no medicine that will so promptly and infallibly restore vigor and strength as Scott's Emulsion.

A Market Street soft-drink cafe displays a sign reading: "Try one of our Columbus egg phosphates and you will discover another world.—Philadelphia Record.

The Children's Enemy. Scrofula often shows itself in early life and is characterized by swellings, abscesses, hip disease, etc. Consumption is scrofula of the lungs. In this class of disease Scott's Emulsion is unquestionably the most reliable medicine.

News Editor—Here's a despatch from Swampton, saying a citizen was murdered and asking if we want particulars. Managing Editor—No; just add that the people are securing the country for the murderer, and if caught they will probably be lynched by the infuriated populace. That's all the particulars there ever are in such cases.—N. Y. Weekly.

USE SKODA'S DISCOVERY, the great blood and nerve remedy. Prison Missionary—Ah, you have a pet. Convict—Yes, this rat. I feeds him every day. I think more of that 'ere rat than any other livin' creature.

Missionary—Ah, in every man there's something of the angel left, if one can only find it. How came you to take such a fancy to that rat? Convict—He bit the keeper. We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney trouble in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers, or by mail on receipt of price, 50 cents per box. Dr. L. A. Smith & Co., Toronto.

Aunt—And so you are glad the schools are open? Little Boy—No, I ain't. "But you just told that gentleman you were." "Of course. He's th' schoolmaster."

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

"Won't you try to love me?" she pleaded. "No, Mr. Adams, I cannot," she answered. "I am not over strong, and my physician has advised me not to do too much."

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

"John," said his mother severely, "I hear you were very naughty in school this morning and disturbed everyone by making a noise." "Yes'm," answered John, "but I didn't know that I made loud enough noise for you to hear."

HAWKER'S LIVER PILLS cure all stomach ills. They assist digestion, regulate the bowels and liver, tone the stomach and purify the blood.

A damsel who becomes betrothed to a blockhead is no better than he. He is a wooden one, and she is a wood an' won.

COD LIVER OIL has long been justly celebrated as a lung healer. Alone it is difficult to take, but combined with the Hypophosphates in Puttner's Emulsion, it is agreeable to the taste, and unequalled by any other medicine for weak lungs.

"To whom are you writing, Grace?" "To Lou Simpson. Shall I send anything from you?" "Lou Simpson! I think that girl is simply horrid. I wish you wouldn't have anything to do with her. Well, send her my love."

How to Get a "Sunlight" Picture.

I don't believe that girl will ever learn to waltz, said a young man. Worse than that, was the reply, she will never learn not to attempt it.

Harry—Does she know you love her? Fred—She can't help knowing it. Why, she told me she had \$20,000 a year.

THE TELEPHONE COMPANY OF P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:

- 1st. Speak with the mouth about four inches from the transmitter. 2nd. Speak in a moderate tone of voice, not too loud, and distinctly. 3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear. It is possible to talk and be heard when standing back two or three feet from the transmitter, if you speak loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
