ADDRESSES GRADUATES

The graduates were addressed by Dr. Frank MacKinnon who told the future P.W.C. students that the value of education does not lie with the certificate itself but what they do with it.

He also noted that no one comes to the end of education because there is no branch of knowledge that will remain the same in future years.

"There is no more pathetic person than one who has finished his education and then lays down in a rut", the speaker observed.

CLC Banishes SIL Thursday

By JOHN LeBLANC
Canadian Press Staff Writer

OTTAWA (CP) — The hard-muscled Seafarers' International Union got thrown out of the Canadian Labor Congress Thursday for picking on a smaller congress-affiliated union.

Tough Hal C. Banks of Montreal, United States-born boss of the Seafarers, got his walking papers from the executive committee of the CLC, fed up with recent SIU activities.

With his union convicted a couple of times earlier of raiding against another CLC organization Banks refused to come to terms Thursday with the CLC committee at a closed session.

As a result, he and his 12,000-member union were promptly booted out of the 1,000,000-member congress, the main national stream of Canadian labor.

MAY APPEAL VERDICT

The committee's verdict may be appealed to the convention of the CLC, scheduled for next spring.

Meanwhile, the Seafarers stay out of the congress and may be considered fair game for CLC unions inclined to raid its membership.

Specifically, the Seafarers were found guilty of sniping at the National Association of Marine Engineers, with a total membership of around 1,200 on the St. Lawrence River, the Great Lakes and the west coast.

NEW DRUG

SEATTLE (AP)—A new drug with a jaw-breaking name has scored a major breakthrough in the treatment of depressed mental patients. Dr. Nathan Thal, senior psychiatrist at Western State Hospital, says 144 of 180 patients treated with the drug recovered so rapidly they were discharged within six weeks. The drug — beta phenylethylhydrazine sulphate—is described as a psychic engerizer with effects opposite to those of tranquilizers.

FAITH OF OUR FATHERS

"Faith of our fathers! living still
In spite of dungeon, fire and sword:
O how our hearts beat high with joy
When e'er we hear that glorious word.
Faith of our fathers! Holy Faith!
We will be true to Thee 'till death."

The greatest legacy a father can bequeath to his children, is a love and reverence for the Word of God.

On this "Fathers' Day we are reminded of the great fathers of the world. Some are remembered because they achieved great fame and fortune, but countless others live in the lives of their children because they taught them through example and precept the eternal truths of the Bible.

Every child has the need and the right to a spiritual heritage through the home and as "the boy is father to the man" the influence is never-ending. May we as fathers see that our children have this heritage! The founding fathers of the Bible Society were men of the Book, who made it the mission of their lives to see that every man should have the Word of God in his own language. To this date the Scriptures have been translated into almost 1200 languages and the work must go on as there are still a thousand languages in which the Bible has not been printed.

We help as we contribute to the Society and we also share when we make a purchase at The Bible House, the profits of which are used to maintain and extend the work.
