MR. TARTE'S CAMPAIGN.

Violent Article Attacking Sir Charles and Mr. Wallace.

MONTREAL, Oct. 19.—Mr. Tarte's following up his race and religious appeal to the French-Canadians over the Transvaal question, representing the English Conservatives as haters of the French. The Patrie, his personal organ, publishes another violent article tonight, attacking Sir Charles Tupper and Mr. Clarke Wallace. It states that Sir Charles Tupper will be the guest of Mr. Wallace at Woodbridge, and it continues:—

Mr. Clarke Wallace is the chief of the Orangemen of this country. We do not deny him the right to be an Orangeman, or more than an Orangeman, if it seems fit to him. But his declarations as a public man and as chief of the Orange organization are public property. Mr. Wallace loses no opportunity, in Parliament and out of Parliament, to make violent attacks on the Catholics of the Dominion and to deny their undeniable rights, amongst others that of having free communication with the head of the Catholic Church. A few days ago he denounced in the most violent terms at Winnipeg Sir Wilfred Laurier, apropos of the arrival in Canada of the Apostolic delegate. Sir Charles Tupper's presence at Woodbridge at the side of Mr. Wallace is, so to speak, the official installation of this man as chief of the Tory party in the province of Ontario. The Patrie says that the Ontario Conservatives, led by The Mail and Empire, have decided upon the extermination of the French-Canadians. It adds:—

"It is not the first time that fanaticism has threatened us with extermination, but they have remained calm, and they have continued strong."

This shows just what kind of a campaign Mr. Tarte proposes to carry on in Quebec to keep the French-Canadian vote solid for the Government.

The Manchester Guardian prints an interview with F. C. Selous, the famous hunter and authority on all matters pertaining to South Africa. Mr. Selous estimates the duration of the war at more than eighteen months. He discredits the notion that the Boers have deteriorated as marksmen.

School Girls' Nerves

Many a pale, weak school girl, suffering the evil effects of an exhausted nervous system, and thin, watery blood, has been fully restored to the vigor and buoyancy of robust health, by using A. W. Chase's Nerve Food. The beautiful glow on the cheek and the brightness in the eye tell of the building up process which is taken place in the body.

1,500 BOERS BLOWN UP

By the Explosion of a Lyddite Mine at Mafeking.

English Made a Feint and Drew Boers Over Mine. Vryburg Surrenders to Boers. Wounded Boers Arrive at Johannesburg. Fighting at Mafeking Confirmed.

LONDON, October 20.

The Daily News Capetown correspondent says it is rumored here that news has reached Deaar Junction that the Boers attacked Mafeking in force but were repulsed. The defenders seeing the enemy retiring, pursued them for some distance, then feint was made and they commenced to retire on town, allowing themselves to be driven in by Boers, who, eager to retrieve their position, again advanced to the attack and were drawn by the English force over Lyddite mines laid for the defense of the town. It is reported that fifteen hundred Boers were killed by the explosion.

It is reported from Delagoa Bay that the Swazi King is collecting his forces with the object, presumably, of attacking the Boers.

LONDON, Oct. 20.—The War Office issued the following bulletin:—

No news of importance has been received from Natal today. The cavalry attached to the British forces at Ladysmith and Dundee are engaged in observing the enemy's movements.

Steps have been taken to secure Pietermaritzburg and Durban against possible raids by Boers over the western frontier. There is no recent reliable news from Kimberley or Mafeking, both places being cut off from railway and telegraphic communication with the rest of South Africa.

It is believed, however, that a skirmish took place on Sunday, six miles south of Kimberley and that the Boers were beaten off with some loss by an armoured train.

There was some fighting at Mafeking on Friday and Saturday, ending with the repulse of the attacking forces.

LONDON, Oct. 20.—The Cape Town correspondent of the Daily Mail, telegraphing on Thursday night, says that Vryburg, a town on the line of railway, midway between Kimberley and Mafeking, surrendered to the Boers on Sunday.

The inhabitants fled in all directions most of them towards Kuruman, when the police forming the garrison withdrew. The Cape Boers notified the enemy of the withdrawal of the garrison, and invited them to take possession.

The British are wildly indignant over the fact that the Vryburg garrison thus scuttled out of the place without resisting the Boers.

LONDON, October 20.—The London Daily Mail's Cape Town correspondent says that a refugee who has reached Grahamstown from the Rand States that a train arrived at Johannesburg on Monday, from Klerksdorp with 300 wounded burghers. Every available conveyance, the refugee says, was called into requisition to take the wounded men to the hospital.

The Daily Mail suggests that these wounded men were part of the forces that was defeated in the attacks from Mafeking.

Caught on the Way.

PORT SAID, Oct. 20.—The German steamer Kaiser, from Hamburg, is discharging here 4,000 cases of ammunition consigned to the Transvaal, fearing that British cruisers in the Red Sea would capture her if she attempted to carry the contraband to Portuguese East Africa for transhipment to its destination. The British warship Thetis dogged the Kaiser through the Mediterranean. The ammunition will probably be reshipped to Hamburg. It is reported that the Kaiser carries several German officers who are bound for the Transvaal.

Ameer's Subjects in Trouble.

MOSCOW, Oct. 19.—News comes from Cabul that all prominent Afghans who dare leave the court of the Ameer are fleeing to save their lives. The monarch is said to be insane and subject to frequent violent fits. Many high dignitaries have been put to death for no cause save the Ameer's crazy whim. Two have been burned at the stake, and one court functionary is said to have been boiled to death in a kettle, his body being thrown to the Ameer's dogs.

ABBIES BEAT WANDERERS

Island Team Now Maritime Champions --Score 6-5.

1 W. Jones, 2 Art Gaudet, 3 F. McGonnell, 4 J. Murnaghan, 5 J. Donahoe, 6 C. E. McQuillan, 7 W. McLeod, 8 J. Darke, 9 W. McKie, 10 P. B. Foley, 11 F. H. Blake, 12 H. Baskin, 13 L. B. McWilliam, 14 D. A. McKinnon, 15 H. Ritchie. Blake Gaudet and Murnaghan in the above team did not play yesterday—their places being taken by Adolf Gaudet, Jas. McMillan and B. McQuillan.

HALIFAX, Oct. 20.—In one of the fastest games of football ever played here the Abegweits of Prince Edward Island, yesterday defeated the Wanderers of Halifax, thus winning the Maritime championship.

Almost at the start the Abegweits scored a try, but it was disallowed.

Shortly after they again scored a try—3 to 0.

There was no further scoring this half, but the game was greatly in the Abegweits favor.

In the second half the Wanderers started with a rush and succeeded in scoring—3—3. They kicked a goal, making the score 3—5. This woke the Abbies up, and they played with greater determination, time after time carrying the ball over the Wanderers goal line but no try was allowed.

About 15 minutes before time was up the Abbies scored again—6—5.

The game was for the Maritime championship and it was considered by the 4000 spectators who witnessed it the fastest and most furious ever played here.

Not one was seriously injured but time had to be called repeatedly for slight injuries.

The Abbies deserve all the praise that can be bestowed on them. Not only did they face the veterans of a hundred matches but men who had played against and won from the champions of the world.

The Abbies looked like a crowd of school boys compared with their lusty opponents.

The spectators were wild with excitement when the Abbies would make brilliant play.

The Irish team which was defeated here on Monday by a score of 5—0 won from the Montreal team by a score of 20—12.

WAR NOTES.

The Boers seem to have more artillery than was supposed, enabling them to put up a strong fight.

Kimberley has plenty of food, and a supply of water fifteen miles away, but the mine water is unusable, and should the Boers cut off the remote supply the position of the command would be hazardous.

English recruiting officers are travelling in Lunenburg and Lorraine, enlisting for the war in South Africa German non-commissioned officers whose term of service has expired. They are offering a bounty of \$90 marks (\$93).

Cecil Rhodes has a company at Kimberley. Rochfort Maguire, formerly a Parnellite member of Parliament, whose wife and a her sister, Mrs. Coldman—both

daughters of Viscount Peel, a former speaker of the House of commons—are also at Kimberley.

Dr. Leyds, the European representative of the Transvaal, asked whether there was any truth in the report that bonds issued by him or by the Transvaal Government for war material had been dishonored, telegraphed as follows:—"The statements that drafts for war material have been dishonored is a pure invention."

Of the cavalry regiments leaving England the dress is a khaki jacket, Bedford cord breeches, colonial helmet, putties, and a bandolier. The regiments are well up to strength, the numbers being as follows:—10th Hussars, 724; 12th Lancers, 676; 13th Hussars, 697.

Royal Oak soap; it is all right.

Five of the Boer guns were captured by the plucky garrison. The fighting was at the time despatch was forwarded still going on.

The Boers attacked the place with nine thousand men. They posted their guns on a hill commanding the town of Glencoe and opened fire on the British camp, whereupon the engagement became general.

During the fighting that ensued General Symonds on the British side was wounded.

Race Being Sailed in a Stiff Breeze.

[SPECIAL BY TELEPHONE.]

NEW YORK, Oct. 20.—The wind is blowing over the course at the rate of twenty miles an hour and there is every prospect for a fine race.

The Shamrock crossed the line a few seconds ahead of the Columbia and increased her lead.

11.37—The Columbia's spinnaker causing some trouble.

11.43—Shamrock is increasing her lead.
