His Excellency the Lieutenant Governor has been pleased to accept the resignation of the Honourable George Birnie as a Member of the Legislative Council.

The House of Assembly adjourned to-day for want of a quorum.

A NEWS ROOM FOR THE MILLION.—Amongst the many news rooms that of late years have sprung up in the metropolis, there is one which, though open free to all respectable applicants, far surpasses any other, and has the most complete collection of newspapers ever got together; we allude of Professor Holloway's, in the Strand, near Temple Bar. It will there be seen that it is not an impossibility weekly to arrange upwards of 2,000 newspapers, published in all languages, in such a manner that the reader may readily get at the paper he requires. It is really astonishing to see with what skill so many newspapers are arranged in portfolios by clerks engaged for that purpose, and the facility with which they place before the visitor the particular journal he desires to perse. From the excellent system of arrangement pursued, it is not surprising that capitalists, mercantile gentlemen and even statesmen, often visit this museum of newspapers, being certain of here acquiring information not to be found elsewhere. Pity that some of the Government officials had not served an apprenticeship in the leviathan Pill and Ointment depot, they would have acquired such business-like and methodical habits as would have saved many thousands of our brave fellows who have fallen victims to incapacity and gross mismanagement in the Crimea.—*London Peodl's Paper.*

Holloway's Ointment and Pills certain Remedies for Rheumatism.—Henry Foot, aged 52, of York Fort. Hudson's Bay, was a severe sufferer from this complaint, and tried a number of reputed remedies, hoping they would benefit him, but he became so bad at last, as to be entirely confined to his bed, and he was unable to move either hand or foot. While he was in this horrible condition, a friend brought him a quantity of Holloway's Ointment and Pills, which he immediately commenced to use, he soon found himself gradually improved by them, and by persevering with them for eleven weeks he was entirely cured and has since enjoyed the best of health.

Patent Lacteal or Artificial Breast.

THIS article is intended to take the place of the common Nursing Bottle, to which there are many objections, as mothers and nurses are well aware. With most children, there is usually great difficulty in teaching them the use of the bottle, and with such it is altogether impracticable. The Lacteal, by its peculiar form and adaptation, enables the child to feel in the natural position, thus inducing it to think that it derives its nourishment from the mother. Besides being far preferable as to form and convenience of application, it combines the utility of all kinds of nurse bottles now in use, for the mouth of the Lacteal can be fitted with a cork, and the common ivory or silver tube.

Elkington & Co's. Patent Electroplate.

HAS now been before the public since 1841, and after the most severe test of wear, in the vessels of the Royal Mail Steam Packet Company, the Peninsular and Oriental Company, the General Screw Steam Ship Company, the Pacific Steam Navigation Company, and numerous Club Houses, Hotels, and Private Houses, in every part of the world, continues to give the most unqualified satisfaction, supplying as it does all the advantages of silver in utility and beauty of effect; and it will be found that the interest of money upon the cost of silver Goods for a period of seven years, is alone sufficient to purchase Electro Plate, and this, with the now established fact of its extreme durability, makes it a matter of great importance to all purchasers of such articles. It must be evident that the wear of all articles depends on the thickness of the deposit, and the Patentees refer with great satisfaction to the award made by the Royal Commission of the Great Exhibition 1851, OF THE FIRST CLASS OR COUNCIL MEDAL FOR these productions.

A large assortment of the above Goods has just arrived per Clyde, direct from the manufacturers, and is now ready for sale.
