**FOR SALE. RARE CHANCE**

The property occupied by J. J. Gay and son situate in the village of Pownal, 7 miles from Charlottetown, is offered for sale. The property has been carried on a large market garden nursery, and seed business for thirty years, and the purchaser will no doubt retain a large share of the local trade. The premises comprise a large dwelling house, a store, warehouse, barn, shed, orchard, and about 15 acres of the most fertile land on the Island. This land has been manured year after year, for so long that as an old man said the other day: "It is all a bed of manure and could be hauled for top dressing." This would be an ideal spot for a country merchant, or it would be admirable for a summer resort. The situation is one of the most beautiful on the Island. Good bathing, fishing, boating, shooting, and within easy distance, churches, post office school telephone and shops all at the door. For terms and further particulars, apply to Von Clure Gay, J. J. Gay & son or to JOHN T. MELLISH, Solicitor, Charlottetown, d&w oct 7

**CURTAIN RAISERS.**  
It is said that the old Frohman success, "The Foundling," will shortly be revived by David Hayman.  
David Warfield will probably star next season in a play depicting the famous ghetto of New York.  
Sadie Martinot declares that no inducement would be strong enough to induce her to try starring again.  
Richard Mansfield appears to have found a really valuable piece of property in Bernard Shaw's play, "The Devil's Disciple."  
The Fox-Russell-De Angelis "three year" operative combination is said to be playing to more money than any other attraction in this country.  
Smith and Herbert's new opera, "The Idol's Eye," in which Frank Daniels is starring, has made a pronounced hit at the Broadway theater, New York.  
E. H. Sothern's latest imported play, "Change Alley," is a failure and is being rewritten by the author of "Captain Lettarblair," Miss Marguerite Merington.  
E. S. Willard's recent engagement in New York has been a distinct disappointment to his admirers and, it is also rumored, to the distinguished English actor himself.  
Hyde & Behman tried the experiment of having a first class stock company at popular prices at the Park theater, Brooklyn, and the result has been their judgment.  
Irene Noyers will be featured by Manager Earl Burgess in the title role of the Elizabethan comedy drama, "The Wife of Sefton." She is one of the most talented children on the American stage.  
The success of "Cumberland '61" at the Fourteenth Street theater, New York, is so great that the production is already made that it will have a longer run at that house than "Blue Jeans," which at present holds the record.  
Joseph Jefferson is reported to have stated recently that he will never study a new role for the stage; that his present very limited repertory will suffice him for the few years he purposes to remain on the stage. He might have said this 20 years ago with equal force.

**GLEANINGS.**  
Most of the people of Santo Domingo do not wear clothing until they are 12 years of age.  
To advertise his business a justice of the peace at Kansas City gives theater tickets to all couples who come to him to be married.  
The full name of the smallest state in the Union is "the State of Rhode Island and Providence Plantations," and the legal title of its chief officer is "governor, captain general and commander in chief."  
The trolley cars in Des Moines are fitted with letter boxes, and they are required to stop whenever a citizen hails them in order to deposit a letter. As the cars pass the postoffice an official removes the mail from the box.  
Hitherto rubber has usually been secured by the wasteful method of cutting down the trees. The recent discovery that the leaves furnish a purer and more copious supply of gum than the trees promises to produce a great change in that industry.  
The consumption per capita in the United States last year was 18.46 pounds of cotton, 4.78 bushels of wheat, 14.73 bushels of corn, 62 pounds of sugar, 8.64 pounds of coffee, 1.31 pounds of tea, 15.16 gallons of beer and one-quarter of a gallon of wine.  
A massage machine that can be applied by the patient himself is in use in London. It consists of 12 pairs of polished hard wood balls arranged in a jointed chain with a handle at each end and is 32 inches long. Its effect is said to be equal to that of massage by hand, as it kneads the muscles evenly.

**WOMEN'S WAYS.**  
It is a woman's idea of being womanly and motherly to talk bad grammar to a baby.—Acheson Globe.  
An Indiana woman was shot near the heart, but was not seriously hurt. Tom's heart nowadays is her least vulnerable spot.—Syracuse Courier.  
In a southern Colorado town a man was fined \$2.49 for a misdemeanor. The official who inflicted the fine must have been a woman.—Denver Post.  
It is only during the first year of married life that a woman tells her husband to be sure to water the plants while she is away.—New York Press.  
Women's lips were made to kiss and to give kisses—to men, but not to dogs. Any one disobeying the laws of nature must suffer the consequences.—Grass Valley Union.  
It is now proposed to enlist women in the Georgia state militia. This would take chewing gum from the delicacy list and throw it into the commissary department.—Denver Post.

**AN OLD AND WELL TRIED REMEDY.**
