Claim Economic Report Urges Vigorous Moves

TORONTO (CP) — The Star quotes the trade department's report on the economic outlook for 1958 as saying "new and more vigorous measures" are needed if the budget is to have much effect on the recession.

The newspaper carries an Ottawa dispatch containing what it says are the sections of the 30-page report dealing with the economic forecasts for the year.

Last week the newspaper published what it described as excerpts from the report. A Commons debate sparked by the story ended Tuesday night with the government still refusing to make the report public.

The Star quotes the report as saying: "Although national security expenditures will be a moderate sustaining influence in the current year, the overall effect of the current federal budget on the economy is not likely to be a significant expansionary influence unless new and more vigorous measures are introduced."

"No EARLY UPTURN
"Even if the recovery should begin in the later months of this year, it is probable that for the economy as a whole both manpower and capital facilities will be used at a relatively lower level of utilization than was the case in the fourth quarter of last year."

"Counter-recessionary measures will help to moderate the extent of the overall decline. But certain key factors underlying the present contraction, namely weakness in international commodity markets and declining investment

Comes 4,000 Miles, Texan Girl Chats With Princess

By CHRISTINE STEWART
Canadian Press Staff Writer
MONTREAL (CP) — Cherry Stoyan, 14, who travelled 4,000 miles to see Princess Margaret, is carrying home memories of a royal smile and a personal royal chat.

The pretty little teen-ager from Austin, Tex. said she thought at first nothing could outdo her impressions when Margaret arrived at Montreal's Windsor Station.

"The princess smiled right at me and I just stood there with my mouth open," she drawled in an interview.

But when Montreal Mayor Sarto Fournier presented Cherry to the princess Wednesday and Margaret stopped to chat—"that was

the biggest thrill I've ever had," Cherry, a devoted fan of British royalty, travelled by plane to Montreal Monday with her parents and brother, John, 16.

ADVANCE NOTICE
Before she arrived, 26 school chums, feeling her devotion should be rewarded, wrote the Montreal mayor telling him to Cherry's 59 scrip-book on royalty and her long journey to see the princess.

"Could you please make it possible for Cherry to stand a little closer to Princess Margaret and perhaps talk to her?" the letter asked.

Wednesday the princess arrived at Lafontaine Park, acknowledged the cheers of 25,000 Montrea-

moppets, then moved with Mayor Fournier along a row of children, speaking to some.

When they came to Cherry, Mayor Fournier said:

"Ma'am, I would like you to meet Cherry Stoyan, who travelled a long way to see you."

"So you're the girl from Texas whom the position was about?" said the princess.

"Yes," said Cherry, "But I didn't know anything about it until I got to Montreal."

The princess wished her a happy journey and moved back to her car, leaving a happy Texas girl behind her.

"She was just like I thought she'd be," said Cherry. "Beautiful."

Couple Injured In Accident Near Morell Last Evening

Mr. and Mrs. Harry McEwen are both under treatment at the Prince Edward Island Hospital for injuries received in a highway accident that occurred near Morell Village last evening.

Mrs. MacEwen, 71, fractured an arm and a leg, while her husband, 68, is reported to be suffering from several rib fractures.

The elderly couple normally reside at 159 Prince Street, but for the past few weeks had been staying at their summer home near Bristol, Lot 40.

The accident occurred at approximately 5:15 on the main highway about 500 yards west of Geldert's Garage.

The MacEwen car which was proceeding East was apparently turning off into the St. Peter's Harbor Road when it came into collision with a half-ton truck owned by Douglas Bros. and James Limited of Charlottetown. The truck was being driven towards the City at the time the mishap took place.

The occupants of the truck, Michael Doyle, 20, and Blois Mac-

Phail, 24, were not injured so seriously as to require hospitalization.

MacPhail suffered a deep gash on the head, while his companion suffered only minor cuts and abrasions.

Both vehicles appeared to be severely damaged.

The Souris detachment of the RCMP are in charge of the police investigation.

THE GIRLS' BANDS

Colorful and nerve-tingling were the three all-girl pipe bands from Nova Scotia who filled the air on the day with the music of the Scots. Individually or when they massed to pipe Hon. Mr. MacLean to the dais they were a delight to all present and the subject of countless compliments and photographs.

The girls were all first class pipers or drummers and judge Pipe Major Donald MacLeod, Murray River, had a difficult time distinguishing between their degrees of excellence. The bands were the MacDougall Girls Pipe Band, New Glasgow Girls Pipe Band and the Stellarton Girls Pipe Band.

A bright hot sun shone all day to create a beautiful scene over the water and red shores of Oran Bay as even the weather appeared to be offering the traditional Gaelic greeting of Ciad Mille Failte (A Hundred Thousand Welcomes).

The spectators were frequently as colorful as the performers with their costumes ranging from Bermuda shorts to short shorts, from violent plaid shirts to no shirts at all.
