History of the Tomato.

A good many years ago a man who had recently arrived from the Bermuda Islands was sent to York county (Pa.) jail for some offence committed against the laws of the Commonwealth. He had with him a few seeds which he planted in the rich soil of the jail yard. Before the plants which sprang from the seeds reached maturity, he was discharged, and no one knew the name or nature of them. They grew luxuriantly, bearing fruit of a large size and unusual appearence. As this strange fruit ripened, its color changed from green to a brillant red and became an object of wonder and admiration to all the inmates of the jail. Mrs. Klinefelter, the lady keeper, cautioned all the prisoners against eating any of the fruit, as she was sure it was poisonous, and besides wanted the seed, as she would endeavor to preserve the specimens of it for him should he return in time.

Just when the fruit was fully matured the Bermuda prisoner revisited the jail and asked to see the plant. This request was granted, he next called for pepper, salt and vinegar, and to the horror of the good lady commenced to eat of the supposed poisonous fruit with a relish that astonished the beholders. After enjoying the strange repast, he informed Mrs. K. that the fruit or vegetable was the tomato, or love apple, and it would be found wholesome and nutritious. The seeds of the remaining tomatoes were carefully preserved and distributed among the friends and neighbors of the lady, and thus this new popular esculent was introduced into the ancient and goodly borough of York.

A Wise Plan

Every man should mind his own business, and only that. It is hard to tell him so in plain words, yet it is one of the simplest rules of conduct and the most useful that mankind can adopt in their intercourse with each other. There is a great deal of Paul Pry in the human heart, or wonderful inquisitiveness in regard to the personal and private affairs of friends and neighbors. This spirit makes more mishief in the community than almost any other cause, and creates more malice, envy and jealousy than can be overcome in a century. Let every man mind his own business and there will not be half the trouble in the world that their is at present.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of the head, nervous prostration, low spirits, etc. Its sales now reach every town on the Western Continent, and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you.
