C.C.F. Leader Takes Strong Exception To Pearson Speech

OTTAWA, March 12 (CP)—M. J. Coldwell, C. C. F. leader, charged today that External Affairs Minister Pearson had stooped to "deliberate smears" and "slandering" against him and the C. C. F. in a broadcast speech last night. He took exception in the Commons to a free-time political broadcast in which Mr. Pearson accused the C. C. F. of giving comfort to Russia by "irresponsibly" advocating cut-backs in North Atlantic Treaty rearmament targets. Mr. Coldwell said he had been a long opponent of Communism and did not need to "defend himself" against the charge of "Communism." "The Minister's 'inference' was something Mr. Pearson himself 'must know' to be untrue." Later he told Mr. Pearson, seated across the House from him: "I deeply resent the slanders that went over the air last night from the mouth of the Secretary of State for External Affairs." Mr. Pearson did not immediately reply to Mr. Coldwell's charges.

Montreal Police Spur Efforts To Capture Bandit

MONTREAL, March 12 (CP)—Police cruisers travelling in groups and loaded with heavily armed detectives, roamed Montreal streets today with a common object—capture of Edwin Alonzo Boyd. Boyd is the last of the trio of Toronto thugs sought in the great manhunt that has gripped this city since Friday. The two gun-wielders of the crime trinity were brought down by police bullets. They are in different Montreal hospitals. Leonard Jackson battled hopelessly last night against a storm of bullets and tear gas bombs that rained on his basement apartment. Wounded in the stomach and arms and half-blinded by the gas, he staggered from the door and surrendered with his wife. It was much the same story with Suchan last Friday night except for the spectacular firing in the street. Suchan, too, collapsed from police bullets, in an apartment only a few blocks from where Jackson lived.

Steel For Britain

TOKYO, March 12 (Reuters)—The Government has approved export of 109,000 tons of steel to Britain, the Minister of Trade and Industry, Ryugo Takahashi, announced tonight.

Making Haste Slowly On Naval Barracks Project

OTTAWA, March 12 (CP)—Park Jamieson, chairman of the Dominion Drama Festival, tonight announced that Michel St. Denis, director of the Old Vic Theatre School, London, will adjudicate the finals of the Dominion Drama Festival this year. The finals will be held in Saint John, N. B., the week beginning April 28. Mr. St. Denis, an outstanding actor, playwright, director and producer, adjudicated Dominion Drama Festival finals twice before—in 1937 here and in 1950 in Calgary. He began his theatre career in Paris, moving later to London where he acted in and produced numerous plays in famous London theatres. He was closely associated in the past with Pierre Lefevre who has been adjudicating regional drama festivals across Canada. On the basis of Mr. Lefevre's report to the executive committee of the D.D.F., plays will be selected for the Dominion finals in Saint John.

Urges Aid To Fishermen Parallel That Of Farmers

OTTAWA, March 12 (CP)—A. Wesley Stuart (L—Charlotte) today asked the Government in the Commons to give fishermen the same treatment by way of subsidies and assistance that it gives farmers. He stepped into the throne-speech debate to recite a long list of subsidies and other payments granted to agriculture in the war and post-war years. He had, he said, supported those benefits to the farm people and would continue to support them. But, he went on, he could not understand why "every single branch of the agriculture industry requires this assistance while the fishing industry continues to be ignored." "It cannot continue indefinitely that one primary producer is singled out for special consideration while another is ignored." The farm industry has received aid for cheese, lumber, feed shipment, livestock, wool, fruit, apples, berries, petroleum, vegetables, po-

Washington Meeting To Discuss Embargo Bans

By The Canadian Press
Canada-United States bans on movement of livestock and most meats across the international border may be clarified and possibly eased slightly as a result of a confidential meeting which opened in Washington Wednesday. Though no announcement was made of the session, informants in Ottawa disclosed that three Canadian trade and marketing experts were dispatched to the American Capital to meet with American officials on the embargo goes which have caused concern on both sides of the border. Informants said officials at the meeting would explain administrative details of the bans imposed as a result of the outbreak of foot-and-mouth disease in South Saskatchewan. But in explaining and interpreting the regulations, there was good reason to hope, informants said, that some of the rigidity of the bans might be lifted slightly. For example, Canada wanted to know whether the American embargo would permit movement of meats in bond through American territory for consumption in some other country. The Americans questioned whether the Canadian restrictions would affect shipments of American meats to American troops stationed in Newfoundland. "These are the type of details which will be ironed out at the meeting," informants said.

Police Elated

Elated over the capture of these two police turned loose every available man today in the gigantic manhunt for Boyd. Boyd is believed to be the brains of the trio. He is wanted on bank holdup charges in Toronto, where he and Jackson escaped from the Don Jail last November. Jackson and Suchan are wanted on bank holdup charges and for attempted murder of two Toronto detectives, shot down when they approached a car last week, two days after a downtown \$24,000 bank robbery. Police believe all three fled to hideouts in Montreal. Suchan rented a swanky apartment on Cote

Scores Neglect Of Rural Electrification Problem

Strongly critical of the Government's failure to make any reference to rural electrification in the Speech from the Throne, Opposition Leader R. B. Bell, speaking in the House in reply to the Speech, charged in the Legislature yesterday that costs to rural consumers of electric power had risen tremendously since increased rates were granted by the Public Utilities Board. He also severely criticized the Federal Government for its failure to appoint a Senator from this Province and said Ottawa was depriving Prince Edward Island of its rightful representation in the Senate at a time when the Maritimes needed every voice they could raise. He said if necessary the Legislature should take some action. He understood a delegation had gone to Ottawa to discuss an appointment and at the same time had complained about the mail to King's County as they had to do something "to keep themselves busy." Mr. Bell suggested that if Ottawa could not find a satisfactory Senator among the politicians of their own party, the appointment might well be given to such men as Mr. R. E. Mutch or Mr. J. O. Hyndman who had the interests of the Province at heart and understood its transportation problems. Hon. A. W. Matheson interjected a remark from the Government side of the House to the effect that Mr. Bell himself would take the job. Mr. Bell smilingly denied it in saying "I'm looking for another job." Mr. Matheson asked what he thought of appointing a woman and the reply was that would be satisfactory as the women of Canada would like to see a female Senator from every Province.

Legislature Adopts Address To Her Majesty The Queen

The Provincial Legislature yesterday unanimously approved a resolution by Premier J. Walter Jones expressing to Queen Elizabeth Second his heartfelt sympathy to the Legislature and of the people of this Province in the death of her father King George Sixth and their loyalty and devotion to Her Majesty the Queen. It was seconded by Mr. R. B. Bell, Q.C., Leader of the Opposition. Following is the text of the address to be forwarded in accordance with the resolution: "TO THE QUEEN'S MOST EXCELLENT MAJESTY: "MOST GRACIOUS SOVEREIGN "We, Your Majesty's most loyal and dutiful subjects, the Legislative Assembly of the Province of Prince Edward Island, in Parliament assembled, humbly beg leave to approach Your Majesty to express the profound sorrow felt by this House and by the loyal people of this Province with Your Majesty, with our Gracious Queen, Mother Elizabeth and with all the other members of the Royal Family at the irreparable loss sustained by you and them in the death of our Late Beloved Sovereign King George the Sixth. "In common with our fellow subjects in all parts of the Commonwealth we mourn keenly the death of our Reverend King whose deep sense of responsibility, whose devotion to the duties of His High Office, whose exemplary life and whose qualities as a man and a Monarch endeared Him to all His people throughout the world. We earnestly pray that Almighty God

Police Arrest Quebec Bandits

QUEBEC, March 12 (CP)—Three bandits were arrested today 13 minutes after fleeing from a Donnacona, Que., Caisse Populaire (Credit Union) where they had taken \$5,200 at gunpoint. Police identified the suspects as Armand Plouffe, 33, of (83 Ste. Catherine St.), Montreal, Leonard Bourdon, 28, of (771 Desmarais Boulevard) Verdun, a Montreal suburb, and Claude H. Delage, 23, of (63 Manchester) Hamilton, Ont. Provincial Police arrested the trio at Champagn, 10 miles from Quebec after a taxi driver told them he saw the three men enter a restaurant after speeding into the hamlet.

Gaitskell Leads Labor Attack On New Budget

LONDON, March 12 (Reuters)—Hugh Gaitskell, former Socialist Chancellor of the Exchequer, today assailed the Conservative Government's new budget as a plan to soak the poor and give to the rich. He opened Parliamentary debate on the record \$4,150,000,000 budget with the claim that "stripped of all disguise it is a lamentable move to take from poorer people and to give to the wealthier people." Chaired frequently by Labor members, he aimed his main attack on the big cuts in food subsidies. The budget, reduced by some \$150,000,000, the amount the Government will pay to food producers to hold down the price the housewife pays for staple foods. He said the cuts, which will increase food prices by about 20 cents a week per person, would hit hardest the low-income workers. Gaitskell charged the Conservatives with breaking election promises in the budget, presented by Treasurer R. A. Butler. Gaitskell said that at a critical moment in history when the country needs unity "this budget divides and weakens us." He criticized the increased tax on gasoline—7 1/2 pence a gallon—saying it would result in higher public transport fares. Turning to the problem of disappearing gold and dollar reserves and the £100,000,000 cut in imports, Gaitskell complained that the country had never been given details of agreements reached at the recent Commonwealth Finance Ministers' meetings in London. (Australia, New Zealand and Southern Rhodesia have announced import cuts which will make it harder for Britain to find markets for her export drive. These countries need to balance their own import-export levels so as not to throw the sterling bloc out of step.) While M.P.'s debated the budget, its impact was producing a flow of comment from officials who will be affected by it. Hotel and Restaurant Associations warned that higher food costs would mean more expensive meals. Transport organizations predicted a rise in fares following the new gasoline tax. Sports promoters were dismal about the new entertainment tax affecting soccer, athletics and boxing. The London Stock Exchange accepted the budget as a most promising departure for the country and for sterling. But the combination of the increased bank rate and higher taxes on excess profits knocked several hundred million pounds off stock exchange values. Sterling strengthened all over the world. In New York it reached its highest rate for 1952.

Two Escape In Sackville Fire

SACKVILLE, N. B., March 12 (CP)—Fire and explosions today destroyed the Irving Oil Company's loading shed and offices here but winds kept the flames away from nearby storage tanks. L. A. Melanson and Guy Hewatt, both of Amherst, N. S., their clothes flaming, escaped through a window. They were not seriously injured. There was no immediate estimate of the damage. Cause of the blaze has not been determined.

Probe Potato Black Market

PORTLAND, Me., March 12—The Maine office of Price Stabilization today started investigating what it called "an alleged potato 'black market' in Aroostook County." Milton G. Wheeler, enforcement chief, said the situation threatens to disrupt the United States potato market and may have resulted from an increased demand by Canadian buyers willing to pay above-ceiling prices. Aroostook growers are under ceiling prices at the producer level and also are under an export regulation allowing for certain added costs. Wheeler said there are indications that both of these have been exceeded. He said he has reports that carload lots have been sold at \$800 to \$500 above ceiling. Other P.S. officers report that there already are shortages of the Boston, New York and Philadelphia markets. Wheeler said, Buyers and shippers complain that they can't buy potatoes unless they meet Canadian prices.

New Hampshire Primary Results Stir Speculation

By Jack Bell
MANCHESTER, N. H., March 12 (AP)—The prospect of a Republican Convention deadlock and some "new faces" on the Democratic ticket arose tonight out of New Hampshire's Primary. Unofficial returns from the State's 297 precincts showed Democratic Senator Estes Kefauver of Tennessee swamped President Truman by a 20,147-to-16,288 vote. In the Republican "popularity" race—the preferential test—supporters of General Eisenhower scored a 10,677-vote victory over Senator Robert Taft of Ohio. The final count: Eisenhower 46,497; Taft 35,820. To the winners went the national convention delegates—114 presidential nominating votes for Eisenhower; eight for Kefauver. Kefauver rolled up 54 per cent of President Truman's 44 per cent of the record Democratic total of 36,841 ballots. The remainder went to write-in candidates. Faced with two opponents, Taft and former Governor Harold Stassen of Minnesota, Eisenhower got 50 per cent of the 92,225 Republican vote. Taft accounted for 38 per cent of the vote, Stassen seven per cent and write-ins—most of them going to Gen. Douglas MacArthur who said he isn't in the race—look the remainder. All of this added up to some potential changes, indicating on the republican side: (1) That Taft may find Eisenhower with equal or greater strength by convention time, and (2) that some dark horse yet might snatch the nomination. In Democratic ranks, the Kefauver victory might bring: (1) The "new faces, new ideas and aggressive action" he said the party needs, (2) Nudge Truman into re-election race, or (3) Might bring swift concentration of the Administration's forces behind some other candidate—not Kefauver.

Will Direct Proceedings Of Organization As "Speaker"

OTTAWA, March 12 (CP)—External Affairs Minister Pearson tonight announced the appointment of Britain's Lord Ismay as the first Secretary-General of the North Atlantic Treaty Organization. Making the announcement as chairman of the North Atlantic Council, he said the Queen accepted Lord Ismay's resignation from the British Cabinet and that Lord Ismay "has informed me of his willingness to assume the office." LONDON, March 13 (Thursday)—(Reuters)—General Lord Ismay, 64, British Secretary of State for Commonwealth Relations, has accepted the post of Secretary-General of the North Atlantic Treaty Organization, it was announced today. The wartime British Chief of Staff was asked to take the job from the N.A.T.O. deputies meeting in London. His acceptance was announced simultaneously by Council chairman L. B. Pearson, Canadian External Affairs Minister, and the member countries. Lord Ismay will be replaced as Commonwealth Secretary by Lord Salisbury, the Lord Privy Seal. He will hand over the office in about 10 days. Lord Ismay attended the recent Lisbon Council meeting, representing Prime Minister Churchill. As Secretary-General, Ismay will direct proceedings of the organization as "speaker" in much the same way as Trygve Lie works as Secretary-General of the United Nations. It will be a semi-permanent post. Appointment was delayed when the post was turned down by four candidates, including Pearson, Canada's External Affairs Minister, and Sir Oliver Franks, British Ambassador in Washington. Franks is scheduled to replace Pearson in Washington if the latter had accepted the N.A.T.O. post. Indian-born Lord Ismay was British Army Chief-of-Staff for most of the Second World War, also holding the jobs of deputy secretary of the war cabinet and chief-of-staff to Churchill. Although never as much in the public eye as field officers, his influence was great and his word law in British military policy. He

Jets Destroy Four Migs

SEOUL, March 13 (Thursday)—(AP)—Sharp-shooting U. S. jet pilots destroyed four more Communist Migs Wednesday in the third straight day of some of the hottest air combat of the entire Korean war. The Communists so far this week have lost at least 15 of the swift jets in their futile effort to ward off the fierce air blows that are battering the Red supply system.
