Arson Case Against Borden Man Dismissed

A charge of arson against Wallace Palmer, Borden, was dismissed yesterday by Magistrate R. S. Hinton, Q. C., at the conclusion of a preliminary hearing that continued for five days during which a total of 32 witnesses were called.

The charge was laid as a result of a fire on April 14th at Borden Theatre, owned and operated by Mr. Palmer.

Mr. James D. MacKinnon, Coleman, the first of seven witnesses called yesterday, told of a mortgage he held on property owned by Mr. Palmer in Summerside.

Mr. T. L. Linkletter, manager of the P.E.I. Mutual Fire Insurance Company, gave information concerning a policy held by Mr. Palmer with the insurance company.

Corporal Allen M. Johnston, of the Charlottetown detachment of the R.C.M.P., identified several photographs which he had taken inside and outside the theatre after the fire, and plans of the theatre which he had drawn to scale.

T. Arthur Campbell, Fire Marshall for Prince Edward Island, agreed with evidence of a previous witness who had investigated the fire for the insurance companies, and he described electrical wiring in the building and gave information concerning the area where the fire apparently started.

J. Hubert Hall, sheriff of Prince, County, told of having in his possession a document of execution against the accused at the suit of the Income Tax Department.

Constable John E. Nightingale, of the Borden detachment of the R.-C.M.P. told of conversation with the accused following the fire, and of an examination he made of the building, and the grounds.

Corporal A. W. King, in charge of the Borden detachment of the R.-C.M.P., identified the bottle he had picked up under the stairs in the theatre at 3 P.M. on May 20th., while making an inspection of the building in company with two previous witnesses, Mr. Plant and Mr. Campbell. He told of meeting the accused near Bedeque about two minutes after he had learned of the fire by police radio from Borden. He had met Mr. Palmer on a sharp corner at Bedeque, and not expecting to see him, did not have a chance to stop him, however he called Summerside R.C.M.P. by radio and asked them to try and stop Mr. Palmer and advise him of the fire.

From the times and associated distances Corporal King was able to give, the court was able to get information to fix the positions of Mr. Palmer in relation to evidence given by previous witnesses, and statements he himself had made.

At the conclusion of the hearing of the evidence from the witnesses, Mr. Somerled Trainor, counsel for the accused, moved that the case against the accused be dismissed for lack of evidence.

He said most of the evidence had dealt with the financial status of the accused. He said the only evidence which might possibly be directly associated with the fire was the ¼ full bottle of kerosene found in the unlocked theatre five weeks after the fire occurred, and he said it was about a month after the fire that any investigation was started. He said there was no evidence of any kind that the accused had in any way been responsible for the fire that occurred.

Mr. J.O.C. Campbell, Deputy Attorney General, who conducted the case for the crown, said in his summary, that while there was lack of direct evidence, the case bristled with suspicious circumstances, many of which he reviewed. He gave praise and credit to the police, and fire investigators for their very thorough examination of the case, and he said that if the magistrate should find insufficient evidence to commit for trial, that he trusted the magistrate would express hope that this thorough investigation would be an example to anyone who would contemplate hoping to get away with collecting fire insurance by setting a fire. He said no one on P.E.I. could get away with such an act without having the fire thoroughly investigated.

Magistrate Hinton, in reviewing the evidence, said all the circumstances did bristle with suspicion, and that there had been no explanation of how or why the fire started.

He said while there was lots of circumstantial evidence, it would require more than that. He pointed out several important factors in the evidence which were in favor of the accused. He said there was no direct evidence so strong as to convince him the accused should be committed, and he therefore was obliged to dismiss the charge.

Clark - Cobb Wedding

—A pretty wedding was solemnized by Rev. L. M. Murray, B.D., at the United Church Manse, Kensington, at 3 o'clock on Thursday afternoon, September 4, when Eva Eileen, daughter of Mr. and Mrs. Frank Cobb, and Don Lea Clark, son of Mr. and Mrs. Keir Clark, exchanged marriage vows.

The bride chose for her wedding a street length dress over blue net over taffeta and wore a corsage of burnt-orange gladioli with miniature snapdragon. She was attended by Miss Doris Agnew who was attired in pink net over taffeta and wore a corsage of Yanzi yellow gladioli with mauve miniature snapdragon.

Following the ceremony the bridal party motored to Sandy's Restaurant, in Marshfield, after which Mr. and Mrs. Clark left on a honeymoon tour of Nova Scotia. They will reside in Halifax, N. S.

Prior to her marriage the bride was tendered a miscellaneous shower at the home of her parents, when she received many lovely gifts.

The September meeting of the W. A. of Hampton Church was held at the home of Mrs. Windsor Bell. Following the devotional period, led by the president, arrangements were made for the holding of a pantry sale. A very delightful luncheon was served at the close of this meeting.

Messrs. Carter and son have returned to their place of residence and occupation across the border, and will return to complete the interior of their fine new dwelling house next spring. On the broad stretch of land recently purchased by Carter and son, facing the Trans-Canada Highway, these enterprising gentlemen purpose erecting modern cabins for the accommodation of a percentage of the tourists becoming greater each season.

The Women's Institute of Hampton entertained the W. I. of DeSable at the home of Mr. and Mrs. Gordon Villett, on August 8. Notwithstanding an unusually busy season, a very fine attendance of both Institutes were present, and from a social and business viewpoint this large meeting was an outstanding success. To Mr. and Mrs. Villett, for opening their residence for the purposes of this meeting, the thanks of the Institutes were suitably conveyed.

Steadfastly maintaining their interest in the Calf Club organized here about a year ago through the Dept. of Agriculture, the boys and girls of the Club showed their interest in a practical way by the showing of a variety of young animals at the farm of Mr. G.R Ferguson during the afternoon of September 9th. The animals exhibited showed particular care in the feeding, but also in the clean appearance, and colored decorations, even to the leading ropes attached. The judging, study, and written tests provide these young students with valuable information concerning young animals which can be of valuable use to them as time progresses.

Stage Glamour Mark Of Aussie Theatre

TORONTO—(CP)—In Australia, says Carolyn Adair, the theatre has the same glamor it had in Canada decades ago.

The pert miss who comes from Lakewood, Ohio, spent two years in Australia, playing the role of Laurie in Oklahoma.

Stage-door Johnnies showered her with flowers, sweets and notes saying that they were watching from such and such a seat in such and such a row.

Then after an evening's performance there were big parties given for the cast.

"It was wonderful," said Carolyn. "Here, only the really big names are treated like that."

This is Carolyn's second year in Toronto with Melody Fair, which during the summer season has been producing musical comedies in a big circus-tent in West Toronto.

"CALLAWAY WENT THATAWAY"

—One of the year's gayest and most original comedies, M-G-M's "Callaway Went Thataway," has Fred MacMurray, Dorothy McGuire and Howard Keel as its stars, and they'll all have you THATAWAY ABOUT CALLAWAY.

It's a story of love and laughs in movieland's Wild West and a rollicking comedy about two guys who look exactly alike, although one is a Hollywood hombre with a roving heart and the other is a slim-hipped, straight-shooting cowhand. Set against the colorful background of Hollywood itself, the plot takes the spectator on a tour of the city's most famous spots—the studios, cafes, ranches, climaxed by an outdoor show in the Los Angeles colliseum, a ridin', ropin, rambunctious rodeo guaranteed to delight the heart of every boy, girl, man, woman, grandma and grandad in town.

At M-G-M for the first time since "Above Suspicion," Fred MacMurray sets the comedy pace of "Callaway Went Thataway" as the soft-spoken, quick-thinking ad executive who provides stiff competition for Howard Keel in the romance department. The girl in the case is Dorothy McGuire. In contrast to her scatterbrain "Claudia" roles, Miss McGuire is now seen as a young sophisticate who rules an ad agency and her heart with her head.

Only a doubleheader could follow Howard Keel's smash hit as the dashing Ravenal of "Show Boat." So M-G-M provided it—a dual role. Keel plays a celluloid hero as "Smoky," and a bonafide heartthrob as "Stretch," the kind of cowboy who rides the range, ropes a steer, gets his girl and corrals the heart of America.

S'side Board Of Trade Holds First Fall Meeting

With the president, Mr. A. S. Hopkins presiding, the first meeting of the Summerside Board of Trade, after the summer recess was held last night in the Town Hall with a large number of the members present.

Reporting for the Tourist and Publicity committee Mr. Dan Chan the chairman, said that this year had been one of the busiest ever. There had been no complaints regarding the operation of the Tourist Bureau and his committee had received a grant from the town of Summerside for $500 and that the Tourist Bureau building is now fully paid for.

There was considerable discussion regarding the location of the Tourist Bureau at Borden, and, working with a map outlining the Trans Canada highway at that point, Mr. Vaughan Groom of the tourist and publicity committee stated that the committee had gone out and studied the situation He pointed out that the road to Summerside should be given the same priority as the one to Charlottetown.

Mr. Groom stated that he had been informed that according to Premier Jones the bureau would be located in Borden but felt that the proper location would be at the intersection on the Trans Canada highway where the road will in future lead to Summerside.

He contended further that in this bureau there should be workers who will represent Summerside and Prince County.

It was moved and seconded that the Tourist and Publicity committee go out and make a study of the situation and report back at the next meeting. If it was found that immediate action should be taken, the committee is to report to the Council of the Board.

Further, that two members of the Summerside Town Council be invited to work with the committee.

The president announced that the annual meeting of the Maritime Board of Trade will he held in Charlottetown this year on October 7th and 8th at The Charlottetown Hotel. Mr. Hopkins, the president, was appointed as delegate from this board to attend, with Mr. William Hayward as alternate delegate. Mr. Harold Bodd, the secretary, was authorized to attend the secretarial convention which will take place on day before the Maritime Board convention opens.

The board gave consideration to a suggestion made by Mr. George Hogg that many old buildings in Summerside are fire hazards and that something should be done to remove this menace.

Such buildings as the old rink, old station, the Dominion Hotel were cited as examples. It was suggested by several members that the town did not have the authority to forcibly remove these, and Mr. Morley M. Bell moved that representations be made to the town to have such hazards removed, and if such authority did not exist, action should be taken to have a by-law passed to give them that authority.

Reporting for the Air and Mail service, Mr. Herb Stright said that he had been informed by the federal representative that the sidewalk on the south side of Church Street would be paved from Central to join the strip leading out from the night lobby door.

Mr. Alan Holman moved a vote of thanks to Mr. Ross MacKenzie for the splendid work he had done while chairman of the Retail Merchants committee.

Mr. Fred Bingham stated that last season the C. N. R. had cooperated splendidly and acceeded to the boards request to have the freight shed remain open every Saturday afternoon for the convenience of the shippers and had also provided an adequate shunter service during the shipping season. The secretary was instructed to write to the superintendant Mr. C. T. Montgomery and request that the same service be provided this year.

Mr. William Hayward reported that the town improvement committee had investigated the possibility of having the telephone pole north of the post office on Church Street removed.

Mr. Hayward said that a report from the telephone authorities that the removal of this pole would cost $3.000.

Mr. Morley M. Bell spoke of the portion of the highway at the western approach to the town at the intersection of Water and Notre Dame Streets which has not been filled in with cement.

Cars are suject to skidding at this point he said, and on motion by Mr. Bell it was decided to investigate that matter and ascertain if this strip could not be filled in.

Mr. Edgar Cannon took up the matter of the west-end C. N. R. crossing which he said was in very bad shape, and after discussion it was decided to request the C. N. R. to have a permanent repair job done at this point as had been done at the east end of the town.

The matter of suitable parking facilities in Summerside was given considerable discussion last night.

Mr. Alan Holman pointed out that there are three private parking spaces in town and that they are, especially on Saturday nights, filled to capacity, and that motorists are forced to park several blocks back of the business section

Mr. Morely Bell contended that it was the duty of the town to provide parking space and although temporary relief was suggested by Edgar Cannon, that the armoury lot be used, it was pointed out that this would take care of only a small number of vehicles.

Parking space for four or five hundred cars would be the solution of the problem, was the opinion of the members.

Mr. Bell suggested that an area on the water front be reclaimed by filling in, and while agreeing that this would entail considerable expense he contended that the time has arrived when definite action along this line must be taken.

The matter was turned over to the town improvement committee for study and when findings were complete to make proper representations to the Town Council to have this project completed. —S

Sportsmen At S'side Y's Men

The Summerside Y's Men had as their guests last evening Jim Hogan, Director of Physical Fitness in Summerside; Johnny Carroll, baseball coach; and the ten member of the Y's Men's Little League baseball team. Also present as their guest was Hall Brooks of the R. C. M. P.

Jock Hopkirk and Ralph Emery left the meeting early to show the weekly film to the patients of the Prince County Hospital.

The committee in charge of the operation of the Summerside town clock were commended for having the clock started and it is hoped that the striking mechanism will be improved.

Arch Hopkins, Eric Sheen and Parker Crockett volunteered to help as scout leaders.

Dr. Henry Moyse was introduced as a new member of the club.

Each member of the ball team was presented with a picture of their ball team, as were the two other baseball guests.

A special film ended the very interesting meeting which was under the chairmanship of Murray Willet.
